The attached article, which may be of interest to you, appeared in the 7 March issue of the Italian Communist Party weekly Rinascita. The writer, Gianfranco Corsini, has been on and off US correspondent for the Italian Communist press.

Note that in the section pencilled in red rumors are referred which suggest that ~~that~~ it was the Agency to organize the murder of President Kennedy.

*Discussion between Member SR Division
and COS Helsinki concerning timetable
of Oswald's stay in ~~and~~ Helsinki*

MEMO FOR THE RECORD

1. At 0900 this morning I talked with Frank Friberg recently returned COS Helsinki re Warren Commission inquiry concerning the timetable of Oswald's stay in Finland in October 1959, including his contact with the Soviet Consulate there. (Copy of the Commission letter of 25 May 64 and State Cable of 22 May 64 attached.)
2. Friberg gave me the following information:
 - a. It takes 25 minutes to drive from the airport to downtown Helsinki;
 - b. By taxi, it would take no more than 5 minutes to reach the Soviet consulate;
 - c. The Soviet consulate probably closed at 1300 hours local time on Saturdays in 1959;
 - d. Passenger lists (manifests) at the U.S. Consulate in Helsinki are retained for six months only and then are destroyed. Mr. Robert Fulton (CIA) was U.S. consular official there at the time.
 - e. A copy of State's cable inquiry would go to the Helsinki Station and they would assist in preparation of a reply.
3. Mr. Friberg agreed that it would be worthwhile to cable the Station concerning points not covered by State in their inquiry. He suggested changes incorporated into the cable sent to Helsinki.

9 July 1964

MEMORANDUM FOR THE RECORD**SUBJECT** : Discussion with Warren Commission Staff Member**REFERENCE:** Letter from J. Lee Rankin, General Counsel of the President's Commission, to Mr. Richard Helms dated 3 July 1964

→ O SR/CIA discussion with SLAWSON 9 July on questions of Soviet policy towards Russian wives of Americans and visa procedures.

1. With the approval of C/SR and the DDP, I met with Mr. W. David Slawson of the staff of the President's Commission on the Assassination of President Kennedy at 1400 hours on this date in the Commission's offices at 200 Maryland Avenue, N.E., Washington, D.C. The purpose of this meeting was to discuss apparent inconsistencies in material provided the Commission by CIA and by the Department of State which were called to our attention in a letter from the General Counsel of the Commission to Mr. Helms, dated 3 July 1964.

2. By way of introduction, Mr. Slawson said that in the portion of the Commission's report that he was writing, he would have to deal with the question of whether or not the OSWALDs' departure from the USSR - and the circumstances (i.e. timing) of that departure - were unusual or suspicious in any way. He expressed his belief that they probably were not and cited Soviet relaxation in such matters in the post-Stalin era. However, he wanted to be sure in his own mind that our information was not in conflict with that which the Commission had received from State since all of that information would remain in the records of the Commission.

3. After stating my belief that there was no real disagreement or inconsistency between the information from CIA and that from State, I expressed the view that the matter resolved itself into three questions:

/a. Do the Soviet

CS COPY.

SECRET

27-259248

iatt.

~~SECRET~~

a. Do the Soviet authorities normally permit Soviet citizens married to foreign nationals to emigrate from the Soviet Union to the homelands of their spouses?

b. Do they normally permit such Soviet citizens to accompany (i.e. depart simultaneously with) their spouses from the Soviet Union?

c. How long does it take such Soviet citizens to get Soviet exit visas for such a purpose (time lapse from application to granting of visas)?

4. Concerning the first two questions (3a and 3b above) I pointed out that we had addressed ourselves mainly to the question of Soviet citizens being allowed to accompany their spouses abroad while State dealt only with the larger question of Soviets married to foreigners being allowed to emigrate without reference to whether or not they left simultaneously with or at another time from their spouses. Mr. Slawson commented that this explanation was most helpful and he reread what both we and State had said in that light.

5. By way of further explanation, I said that the statements in paragraph 6 of our memorandum of 6 April 1964 concerning Soviets being permitted to accompany their foreign spouses abroad were based on a review of 26 cases, of which 10 involved Americans. In only four of these cases did a Soviet wife leave the USSR in the company of her foreign husband; in 14 of the cases the foreign spouse departed alone; and in the remaining seven cases insufficient details are known to permit us to categorize them. I added that although State's information began by citing the issuance of 724 quota and non-quota immigrant visas by the American Embassy in Moscow during the period FY 1954 to December 1963, it did not indicate how many of these visas were for Soviet citizens who had married U.S. nationals. Actually State provided detailed information for only sixteen cases and did not indicate in many of these whether or not the Soviet was permitted to accompany the foreign spouse.

/6. In response to

- 2 -

~~SECRET~~

~~SECRET~~

6. In response to a question from Mr. Slawson I stated that most of the 26 cases upon which we based our statements involved foreign students, exchange teachers and other relatively transient persons, and while a number of cases have certain points in common, they bear little similarity to the OSWALD case in that none involved a defector who married prior to repatriating. I noted that paragraph 6 of our 6 April 1964 memorandum to the Commission had pointed this out. Mr. Slawson indicated that he was now satisfied on this matter.

7. Concerning the length of time taken by Soviet authorities to process exit visas for Soviet citizens married to foreign nationals (question 3c above), I stated that, in my opinion, the information provided by State (in the third enclosure to Mr. Meeker's letter) substantially corresponded to the views expressed in paragraphs 6 and 7 of our memorandum to the Commission dated 6 April 1964. Mr. Slawson asked if it would be possible to elaborate paragraph 7 of our memorandum of 6 April by providing a statistical breakdown of the cases on which our statements were based. I indicated that this could be done.

8. At this point Mr. Slawson stated that as a result of our discussion he felt that the question of possible inconsistencies had been resolved. However, he asked that we send a brief written reply to the Commission's letter of 3 July 1964 embodying the substance of what I had said concerning the basis for statements included in our 6 April 1964 memorandum. [This would include the gist of the draft reply to the Commission which I showed to C/SR on 8 July plus an elaboration of our statements concerning Soviet visa applications.]

9. Mr. Slawson indicated that he would be sending parts of his report dealing with the Soviet intelligence services to CIA for checking as to their accuracy. He did not say when this would occur.

10. After concluding the meeting with Mr. Slawson, I read Volume 52 of the transcript of testimony before the Commission. This included the reinterview of Marina OSWALD.

16

In three cases there was a lapse of several months between application and issuance of the Soviet exit visa (five months in one case, six in the second, and nine in the third). In another case the Western husband was reluctant to leave the USSR without his Soviet wife. He did so some six months after the wedding only because the Soviet authorities told him that her exit application could not be processed until he had left. The visa was issued only about six weeks after his departure, but it may have been applied for when they were married or at any time during the next six months.

In four other cases it is possible to infer approximate time limits for the granting of an exit visa. One was granted within four to five months, the second within six to seven months, the third within nine months, and the fourth within eleven months. In three additional cases visa issuance took a minimum of seven, eleven, and twelve months respectively.

4-17
1. Paragraph 6 of our memorandum of 6 April 1964 was a

response to question #3 of your memorandum of 12 March 1964 entitled:

Questions Posed by State Department Files. That question read as follows:

"At the time that L.H. OSWALD and M. OSWALD left

Russia for the United States was it legal and normal under Soviet law and practice for a Russian national married to an American to be able to accompany him back to his homeland? Was the rapidity with which L. H. OSWALD was able to accomplish this and Marina's return in any way unusual?"

2. Our reply addressed itself to the legality and normality of Soviet citizens accompanying (i.e.: departing simultaneously with) foreign spouses out of the USSR. It was based on a review of 26 cases, of which 16 involved Americans, in which foreign nationals married Soviet citizens in the USSR. In only four of these 26 cases, did the Soviet wife leave the Soviet Union in the company of her husband. In one of these four cases, an Italian Communist

/ Party member married

Party member married in the USSR and by prevailing upon the Italian Embassy to hold up Italian visas for Soviet seamen, was able to arrange for his wife to accompany him to Italy. In two more of the cases, an American met his future wife on a visit to the USSR, married her on a subsequent trip, and brought her back to the U.S. No details are available on the fourth case, which involved a Swedish student who married a Soviet student and apparently brought her out with him.

3. In 14 of the remaining cases, a foreign husband (in one case a wife) departed alone. In another case the wife preceded her husband because he had been jailed a month or two previously for violation of travel regulations and in 7 additional cases the sequence is not known.

4. The information in the third enclosure to Mr. Meeker's letter regarding length of time taken by Soviet authorities to process visa applications of Soviet wives of American citizens substantially corresponds with the conclusions which we expressed in paragraph 7 of our memorandum of 6 April 1964. The material from Mr. Meeker provides useful additional data

/regarding Soviet visas

regarding Soviet visa processing, and does not materially alter the conclusions stated in paragraph 6 of our memorandum. We feel that any apparent inconsistencies may stem from the different approaches to the problem by the State Department and this Agency.

DBA - 76999, 7 July 64, p. 4

For inclusion
the Os would
notes - re
foreigners
arriving Sovs.

On 28 May 64, Philip R. NIELSEN remitted \$275.00 to Boris KUNISOV (33 Lomonosovskiy Prospekt, Apt 283, Moscow 1311) through Swiss Trust and Savings Bank, Chicago.

A govt agency conducting security investigation advised in April 62 that Philip R. NIELSEN, a US citizen, wanted Tamar Stepanovna KUNISOVA, who may be connected with Sov intell or may have been utilized by Sov intell.

Immigration & Naturalization Service, NY, advised on 17 Dec 62 that Philip R. NIELSEN [E] and Tamar Stepanovna NIELSEN arrived in NYC 17 Dec 62 and planned live in Astoria, Ill.

DBA - 79641, 22 July 64

FBI agents interviewed Tamar 31 Jan 63. She said she married Philip in Moscow, entered US Dec 62. Her brother, Boris KUNISOV - born 1936 - employed Moscow as translator. Tamar became naturalized US citizen on 27 Feb 64.

*Material on
marriages of Soviet
to Americans.
Used in preparing
reply to memo
re apparent in-
consistencies be-
tween CIA & State.*

1. On 9 July 1964 Mr. W. David Slawson and a representative of CIA discussed the question of apparent inconsistencies in material provided the Commission by CIA and by the Department of State. At that time the question was resolved to Mr. Slawson's satisfaction, and it was agreed that CIA would furnish a statistical breakdown of the cases on which CIA based the statements in paragraph 7 of its memorandum of 6 April 1964.

2. Paragraph 7 of the 6 April memorandum addressed itself to the legality and normality of Soviet citizens departing the USSR simultaneously with their foreign spouses. Statements were based on a review of 26 cases (ten involving Americans) in which foreign nationals married Soviet citizens in the USSR. In only three of these 26 cases did the Soviet wife leave the USSR in the company of her husband. In two of the cases an American met his future wife on a visit to the Soviet Union, married her on a subsequent trip, and brought her back to the U.S. No details are available on the third case, which involved a Swedish student who married a Soviet student and apparently brought her out with him. In

-2-

parted alone. In one more of the 23, the wife preceded her husband because he had been jailed a month or two previously for violation of travel regulations, and In the seven other cases the sequence is not known.

3. The information in the third enclosure to Mr. Meeker's letter regarding length of time taken by Soviet authorities to process visa applications of Soviet wives of American citizens substantially corresponds with the conclusions which we expressed in paragraph 7 of the our 6 April memorandum. In eleven of the 26 cases, this time period is known fairly definitely or can be inferred. In three cases it took from five to nine months. *inferred a time period* Inferring in the other eight cases, three took about six months, two were issued in not more than nine to eleven months, *requested* and three took a minimum of seven to twelve months. Apparent inconsistencies between these statistics and those provided by the State Department undoubtedly arise from a difference in approach by the State Department and CIA.

In three cases there was a lapse of several months between application and issuance of the Soviet exit visa (five months in one case, six in the second, and nine in the third). In another case the Western husband was reluctant to leave the USSR without his Soviet wife. He did so some six months after the wedding only because the Soviet authorities told him that her exit application could not be processed until he had left. The visa was issued only about six weeks after his departure, but it may have been applied for when they were married or at any time during the next six months.

In four other cases it is possible to infer approximate time limits for the granting of an exit visa. One was granted within four to five months, the second within six to seven months, the third within nine months, and the fourth within eleven months. In three additional cases visa issuance took a minimum of seven, eleven, and twelve months respectively.

Miscellaneous notes on Sovs married to foreigners

Adem & ZASLAVSKIY has Sov husband; has hired Prof Harold BERMAN to plead case & get him out of USSR. (2 Oct 62)

Leonard KIRSCH's Sov wife ^{Yelena KNYAZKINA} has arrived in USA. 2.10.62

Joseph M. FONDEM, resident of former Brit Camerouns. Came to USSR 24.12.60. Has been visiting AmEmb re continuing his studies in U.S. Married to Sov girl. Claims she ostracized by family & friends — she, he, & baby now have to scrounge housing in Moscow by renting people's extra rooms at 30-40 rubles per month, which is illegal. Claims his plight shared by a number of other African students married to Sov gals. Sov authorities compound problem by not letting wives leave country. Embassy notes FONDEM as questionable and opportunistic. AmEmb Moscow Despatch A-308, 31.8.62.

^{24 Oct 36}
Edgar LEHRMAN, US exchange prof at Moscow U.; prof of lit at Emory Univ, Atlanta, Ga. To be married tomorrow to Miss Ruth MAKAROVA, 24-yr old hist of art student at Moscow Univ. Today they submitted a certificate of

① Moscow or T. navy?

sanity for her to marriage bureau of cl.
 Profs of sanity had been demanded by
 Sov authorities. LEHRMAN would not confirm
 story - no comment for reporter; but university
 sources said the couple was told no wedding
 till she got cert of sanity. Emb officials
 said they had never heard of such a report.
 Moscow AP, 3/27. What year?

Lee Harvey OSWALD. Abstract: DBA-20883,

201-289248 30.8.62

Nils THELIN. Swedish exchange student of
 1960-61 program. Has not yet been able to
 bring out Russian wife, which may explain
 his "pro-Sov friendliness" at present. <sup>Nils is one of
 the three in
 that year's</sup>
 TICRYSTAL-1 Contact rpt 10 Apr 62. group (14) who
 Nils was acc. o. AEGRISSLE-1 & wife Rimma KRAVTSOVA, married Sergals.
 who married in Sept July 61.

Kurt JOHANSSON, Swedish exchange ~~ex~~ student
 married Tamara SEREBRENNIKOVA, who was
 TASS journalist. AEPROMISE (201-274504)
 married July 61; finally united in
 Sweden in April 62. "after various diffi-
 culties". He the third of the Sued-Sov
 scholarship students to marry Sergals; the
 other 2 were able to bring their wives home

Tamara insisted on church wedding as well as registration.

recently. She hopes "take up her work again" when Swedish good enough. He was recruited by us. Station suspects RIS involvement in this marriage. She supposedly daughter of purged Sov officer, Komsomol member (party), imp't job in TASS. See more info in file - OSSA-11545 15.6.62: Her close friends & family were on her side about wanting marry foreigner, but casual acquaintances gave her hard time. Sov police "surprisingly nice to her", she said. Husband had not had too much difficulty getting her out: she got out faster than the other 2 - one took 4 mos, one not out yet. He considers her processing time ~~long~~ ^{time} although they married last July. Her processing could not begin until he ready to leave USSR, so he left Jan 62 when scholarship ended. Her proc then began, & he was told "mid-Feb that he could come get her. Illness delayed. She carries "lifetime Sov external passport." They have called at Sov Emb re "possibility of returning to USSR." Told that he could go as tourist any time but that it would take c 4 mos to process for her to enter USSR w/ plans to come

again.

Gunnar NORDENSTAM. One of the 4 1960-61
Soviet exchange students. Married Natalya
Korshinskaya, Inturist guide in Leningrad.
He left Lgrad Aug 61, home to Coltenburg. As
of Spring '62, wife not yet out. (Accto press acct,
tho, she got out c. April. See her 201 under
Nordenstam. Another ref says she got visa Feb
62 and joined him in March.

John SANDOR ²⁰¹²⁰⁷ 201-~~246469~~, American of Hung
extraction. Lawyer born 1914. First wife killed in
train wreck during WW II. July 1956 he was
in Moscow as memb of tourist group from
Natl Editorial Assoc. Love at first sight w/
Viktoria Ivanovna KOCHUROVA 201-276469,
Inturist interpreter/guide at Hotel Moskva.
Proposed same day, she accepted next day
tho still married to Sov husband BLINKOV
Aron Moseyevich (sic). JS's visa ran out
before they could marry. [Gap in story]. She

DOB
29.12.26

Divorced from BLINKOV May 57. Viktoria
still Interviist at Moskva July 57. Married JS
2 Nov 57. Lived (she or they?) at Hotel
National till departure from USSR.

JS had appar tried to get Sov visa for
6 mo ~~not~~ before returning to USSR Nov 57.
Sov govt gave JS permission to stay USSR
till her exit permit recd. They arrived NY
31.3.58

Sept 59 SR/3/PP interested in using JS for
contacting Sov tourists - but never did. Not
approved? She had numerous relatives in
USSR as of 1961.

Asser or Touko LAVIKALA, Finnish, law student, To
USSR on exch Oct 58 for 58-59 year. Married
Sov girl at unknown date. Afterwards KGB
informed him he must work for them or no exit
visa for her. He finally agreed but told
VALINK when got home.

Allen David PACKLER U.S. citizen; married
Lilya LYOVINA (see Bio card for 201 #).

LUNDAHL Married ZELENKOVIT 201-332736.

Achillejs LYMBOURIDES Married Aelita Borisovna
DYOMINA or DEMINA in Aug 59. 201-312213.

SCOGNAMIGLIO was ~~practically~~ excluded from PEI
% he made as much difficulty about
getting his wife out "of USSR". Sors made
much diffc about her exit visa - maybe
just for effect, since she admittedly KGB
while at L'grad Univ.

Polyn CRANE-ROBINSON, 26-yr old Brit scientist-
from Manchester, has been studying in USSR,
Leningrad. Has to marry 24-yr old Irina
Mikhailovna ROSANOVA on 23 June (year?)
at Palace of Marriages, but his living permit
expired 22.6. ~~and they~~ He requested extension
but the authorities simply said it was unfortunate
that his time had expired & were afraid they could

December

not make exception ~~for this sort of thing.~~
 Asked him to leave, so crash packing & out that
 night on BALTIKA. Ojls supposedly told him
 no reason believe he wouldn't get visa to
 return. Colyn said he had been told that
 "if someone married a Soviet girl she would
 be able to leave the country."

Hraro OCAMPO, son of ^{Chilean} ~~Chilean~~ Amb to USSR, married
 Sov Lidija LIESSINA (Chambermaid in
 Braz Amb's residence [and hence KGB])
 in 1947 when he 23 yrs old. Mid-47 father
 transferred. Sovs refused allow girl leave,
 despite Chilean severance of diplo rels w/
 USSR in Nov 47. Chil Amb stayed in Mosc till
 Sept 49 (as private cit?), in futile attempt to
 change Sov Gov position. Hraro stayed on,
 working at Argentine Emb. Matter unsucces-
 fully introduced at UNCA Paris 1948. Latest
 State knows is remark in ^{Aug 61} personal letter from
 FSO in Moscow to friend in USSR Desk Nash, saying

8/

Alvaro still in Moscow married to Lidiya.

AEMURIAD married Olga KASMIN, geology student.
When they engaged, she called to dean's office &
interviewed by 2 KGBniks who said she
would never be allowed to leave & marry
him unless she accepted recruitment - which she
supposedly would not do.

LUNDAHL Lidiya use ZELENKOVA 201-352738

See 201-234750 on Tamara S. KUNGUROVA.

On his second trip to the USSR in January 1959, Philip Robert NIELSON, REDSKIN agent, was given an INTURIST interpreter/guide named Tamara Stepanovna KUNGUROVA. A romance developed between them and NIELSON became determined to marry her, which he finally did in the spring of 1962. His family did everything in their power to discourage this romance and John Hanes of the State Department received letter from NIELSON's father re affair. Not seeking help but advice on what to do.

NIELSON later received letter from his father in fall 1960 giving in details the contents of a conversation father had had with John Hanes of State. ~~XXXXXXXXXXXX~~
Hanes stated that:

- a. All American-Soviet marriages had turned out to be unsuccessful.
- b. The Soviets never let one of their nationals out of the country under such circumstances unless the person had been recruited as a spy.
- c. The Soviets will probably not given NIELSON a visa (he tried unsuccessfully all summer and fall 1960 and in 1961 to get Sov visa).

With regard to the marriage of a Soviet to a foreigner, Nora KORZHENKO (who married a British diplomat in the 1940s) has this to say: "Most of the women who have married foreigners must have agreed at one time or another to carry out some sort of spy work for the Soviets. Otherwise, they would not have been given permission to marry foreigners, & for even the marriage certificate has to be issued by the secret police." Nora, herself, was recruited by State Security through coercion and only allowed to leave the country by agreeing to work for ~~Soviet~~ State Security. This she never did ^{because} ~~as~~ [^] once out of the country, she broke completely with the Soviets and it is presumed that she has furnished information on that organization to the British Services. (^{see} "I Spied for Stalin" by Nora Murray).

Petr DERYABIN, State Security officer who defected in 1954, has this to say about the Soviet women who have contact with or who marry foreigners: "Soviet women associating with foreign men will be recruited by State Security when the association is first begun, or after it has developed, or when plans for marriage have been made." Even if only 5% of these women are 100% loyal State Security workers, and the others work less loyally, it is still considered a worthwhile operation. No woman known to be anti-Soviet would ever be given a visa to leave the country, even if she were married to an ambassador. The Soviets instruct all persons in this category to make remarks against the Soviet Union when abroad, but these remarks are not to be too strong, nor are they made for publication by press or radio."

In the early 1960s, when any young American was thinking of marrying an INTEL guide, his father contacts a knowledgeable official of the State Department who made the following remarks:

1. All American-Soviet marriages had turned out to be unsuccessful
2. The Soviets never let one of their nationals out of the country under such circumstances (marriage to a foreigner) unless the person had been recruited as a spy.

It is believed that the Counterintelligence Directorate, ~~KRI, and~~
(Kontrrazvedyvatelnoye upravleniye-KRU), of the KGB initiates operations
against foreigners inside the USSR. When the operation leads outside the
USSR into foreign countries, i.e., when the probable recruitments have been
achieved, and the persons in question leave the USSR, the operation is then
turned over to the Foreign Intelligence Directorate (Inostrannoye spravleniye-
INU) ^{which} ~~who~~ continues the operation until such time as it is terminated.

John SANDOR - M 4 and proposed to Viktoriya KOCHEVA in 1956, but had to leave USSR before they could get married. Returned in 1957 and married her Nov. Arrived together in US in March 1958.

			MICROFILM	
ACTION REQUIRED - REFERENCES				
FYI				
<p>1. The Warren Commission's Report on the assassination of President Kennedy focused attention on the magnitude of the problem involved in the protection of the Chief Executive. As you know, it is our responsibility, overseas and in headquarters, to render every support possible to the Secret Service in the conduct of its statutory responsibilities in the United States, and especially when the President travels abroad.</p> <p>2. The circumstances confronting the Warren Commission produced discussion and testimony on various aspects of the problem of Presidential protection and on interagency operational cooperation, which normally do not find their way into the public domain. These include the acquisition and dissemination of information, consultation, coordination, and operational interchanges. I believe you will be interested in the attached extracts of testimony given before the Warren Commission by U.S. intelligence and security officials. Pertinent portions have been side lined. I commend these materials for reading by all officers in positions of senior responsibility in headquarters and overseas.</p>

26 NOV 1968

Sir Charles C. F. Spry
 Director General
 Australian Security Intelligence Organization
 G. P. O. Box S10522
 Melbourne

Dear Charles,

Thank you for your letter of 15 October recommending against the declassification of Warren Commission document CD-971. I might mention that our inquiry to you in August (1968) was in anticipation of further pressure for the release of Warren Commission papers, a pressure which has not materialized. Accordingly, there is not, at the present time, any intention to release CD-971.

Should the question be raised at some future time, the points made by you in your letter provide every reason to keep the document out of the public domain.

With kindest regards,

Sincerely,

/s/ Richard Helms

US/82/71

Dear Anthony,

Regarding your letter 6/705 of 10 May 1982, our records indicate that Valeriy Vladimirovich Kostikov traveled to Mexico, France, Spain, the U.S. and Cuba during the period 1959-61. In 1961, he was assigned permanently to Mexico City as a consular officer and served there until August 1965. He was variously described as a translator, vice-consul, and attache. During this tour he attempted to cultivate a U.S. Government employee assigned to our embassy in Mexico City.

In September/October 1963, Lee Harvey Oswald approached the Soviet Embassy in Mexico City in an attempt to get a visa allowing him to return to the USSR. Kostikov, as a consular officer, handled this visa request. We have no information which indicates any relationship between these individuals other than for the purpose of Oswald's making his visa request.

Kostikov returned to Mexico City for a second tour of duty in July 1968. During this tour he was again assigned to the consular section and was a second secretary. It appeared that he was tasked with following the activities of the Central American communist parties and left-wing groups, and he met often with members of these groups, reportedly providing them with funds and technical guidance. In July/August 1969, Kostikov made an unusual TDY trip to Moscow lasting three weeks. (His family remained in Mexico.) In July 1970 he made a four-day trip to Havana.

Kostikov's tour in Mexico ended unexpectedly in September 1971. Our information indicated that he was not due to leave for another three to four months, and at the time of his departure, there was some speculation that the suddenness of his departure was due to the fact that he was known to Lyalin.

While in Mexico he was considered by some to be the most effective and dangerous of intelligence officers in Mexico. He has been described as being without morals, education, and manners. Shortly after his arrival in Mexico in 1968, he was arrested in front of a house of prostitution after becoming involved in a fist fight with some locals. It appears this incident did not affect his position in Mexico City, despite the fact that it received a good deal of press coverage.

We are aware only that Kostikov arrived in Beirut in June 1978. We are unable to confirm his presence there now.

Although our file indicates that Kostikov may have been a member of Department 13 (Executive Action) (Department V's predecessor), we have been unable to confirm this. Also, to the best of our knowledge the KGB has not engaged in such executive action since 1959.

Sincerely,

/s/ David

U K S E C R E T

6/705

10 May 1982

Dear *David*,VALERIY VLADIMIROVICH KOSTIKOV

1. Please refer to our conversation of 6 May. KOSTIKOV, born 17 March 1933, Moscow, was posted to Beirut in 1978 as 1st Secretary and may still be there. He is identified KGB and served in Mexico City from 1961-71. There is a reference to him on page 307 of BARRON's KGB which suggests that he may have been Department V. We do not appear to have asked LYALIN about him, and are now doing so.

2. We also note that EPSTEIN in "Legend" claims that according to a CIA telecheck KOSTIKOV was Lee Harvey OSWALD's KGB case officer in Mexico City. According to BARRON (page 335) OSWALD was in Mexico between September and November 1963 and was seeking to obtain a Soviet visa. There was certainly a KGB interest in OSWALD, although according to NOSENKO this was defensive.

3. The reason for our current interest in KOSTIKOV will be obvious. As you are aware, our Embassy in Beirut, in common with other Western Missions, has been subject to threats and violence in recent months, and in view of earlier hostile attentions from the KGB, we have been reviewing our records of KGB staff in the area who might have been involved in promoting strong-arm tactics.

4. We would be grateful for your views as to whether the KGB are likely to be behind any of the recent incidents (possibly through the Syrians) and for any information on KOSTIKOV and his activities in Mexico and in Beirut. In particular, what are your comments on the OSWALD story; can you confirm that KOSTIKOV is still in Beirut; is there anyone else in Beirut or Damascus whose trace record suggests an Active Measures role, or worse?

5. We should be grateful for an early reply and as I said on 6 May will treat anything you can tell us on a strictly Service to Service basis.

Yours ever

COPY 10
BRITISH AMBASSADOR

To Russian Ambassador
Embassy of U.S.S.R.
1125 - 16th Street
Washington, D. C.

This is retyped letter from hand written

Dear Sir:

Mr. Wasilev Consul gave me order to transmit this information to U. S. Government, on August 9, 1963 in Sofia, Bulgaria. Mr. Wasilev, Consul of Embassy of U.S.S.R., gave me this information about Mr. Lee Harvey Oswald on August 14, 1963. Mrs. Besera Asenova, girl friend of Russian Consul came to my room and repeated that Mr. Lee Harvey Oswald is assassin. He will kill President Kennedy.

On August 15, 1963 in Sofia, Bulgaria, at the airport in embassy car, I told to Mr. Blackshire, American Vice Consul, that Mr. Lee Harvey Oswald is assassin. He has a weapon or has ordered one. Mr. Blackshire said it seems like he will kill someone. I said that Mr. Lee H. Oswald is preparing to kill President of the United States, John F. Kennedy. Mr. Blackshire said where will it happen. I said they (right wing) will invite President, criticize him in the newspaper, then kill him. Mr. Blackshire told me he will give the telegram to Department of State and he gave me the address where to report.

At 9 a.m. on August 19, 1963 in Washington, D. C., I went to see (Mr. Kippingan) Director of Special Counselor Service Department of State at 1901 Pennsylvania Avenue-11th floor. I told the Director that I have information about President Kennedy. The Director said do not mention name of President Kennedy, only respond to the questions. The Director said tell us what will happen to Mr. Lee Harvey Oswald then. I said Mr. Lee H. Oswald will be killed after kill Kennedy. I said I will take the truth drug to tell the truth. Director tell us who else get killed in this country. I said as I heard, that Dr. Martin Luther King, Jr. will be killed. Who will kill Dr. King, Jr. Negro leader? I said a man who is in prison at this time. (Mr. James Earl Ray was in prison at that time.) Director asked where assassination will happen. I said in Dallas, Texas. Director said if someone gave this information here I would expel the man. Director did call on F.B.I. agents after F.B.I. use anesthesia gas to freeze me to drub me to keep amnesia.

I told Director Department of State that Mr. Lee Harvey Oswald have a weapon. Go see him. Director told me you too can have weapon--so what if Oswald got weapon.

Sincerely,

Sergyj Czornonoh
Sergyj Czornonoh

CITY MANAGER
ABOUT HUMAN RIGHTS
BRITISH EMBASSY

February 6, 1978

Mr. John M. Price
District Attorney
Sacramento, California

Dear Mr. Price:

This is a retyped letter. I visited Mr. Ferry, Deputy District Attorney, on August 16, 1977. I told in the office that F.B.I. agents and Secret Service use police department to harass me. Police department do supply pencil of anesthesia gas to the manager of the building I live. The manager do or use certain people to freeze me by anesthesia gas - then push drugs, poison in my mouth to torture me - to take my sleep away - or bleed by rectal and they use many other chemicals to brainwash me to use me in political assassination which I refused. On January 20, 1976 in Sacramento on 8th and I Streets, man came to me from police or post office, U.S. Department of Justice and freeze me by gas and told me to take gun, pistol and we will tell you where to go to shoot - to kill - Mr. Sargent Shriver. I refused. Manager, Mr. Sisel, of Marshall Hotel, call on the man to tell me this on the street. In February 1976, police intelligence told me that assassination will not happen here. How about to move to Maryland state.

In this letter I ask you to get report from Dr. Frederick S. Baker, M.D. - colon and rectal surgery on January 31, 1978. His phone - 452-4095. I do bleed today very much and I am weak. In this letter I ask you to give restrain order or respond to me what could be done. The right wing in America made record to use me in assassination. I refuse. I am human and I like to be treated as human. Police put frame up on me - just to take advantages on me. Police use lie, police use mental case to take advantages on me and tell me that right wing do use such people like me. To prove I enclose copy midnight June 14, 1976. Also I enclose copy letter I sent to Mr. Ted Sheedy, Supervisor, on January 26, 1978 and copy of his reply to me.

Please respond to me. Thank you.

Very truly yours,

Sergyj Czornonoh
Sergyj Czornonoh

Mr. Sargent Shriver was run for President in 1976.

SUBJECT		Warren Commission Report: Article on the Investigation Conducted by District Attorney Garrison		MICROFILM	
ACTION REQUIRED - REFERENCES					
<p>1. We are forwarding herewith a reprint of the article "A Reporter At Large: Garrison", published in THE NEW YORKER, 13 July, 1968. It was written by Edward Jay Epstein, himself author of a book, ("Inquest"), critical of the Warren Commission Report.</p> <p>2. The wide-spread campaign of adverse criticism of the U.S., most recently again provoked by the assassination of Senator Robert Kennedy, appears to have revived foreign interest in the assassination of his brother, the late President Kennedy, too. The forthcoming trial of Sirhan, accused of the murder of Senator Kennedy, can be expected to cause a new wave of criticism and suspicion against the United States, claiming once more the existence of a sinister "political murder conspiracy". We are sending you the attached article--based either on first-hand observation by the author or on other, identified sources--since it deals with the continuing investigation, conducted by District Attorney Garrison of New Orleans, La. That investigation tends to keep alive speculations about the death of President Kennedy, an alleged "conspiracy", and about the possible involvement of Federal agencies, notably the FBI and CIA.</p> <p>3. The article is not meant for reprinting in any media. It is forwarded primarily for your information and for the information of all Station personnel concerned. If the Garrison investigation should be cited in your area in the context of renewed anti-U.S. attacks, <u>you may use the article to brief interested contacts, especially government and other political leaders, and to demonstrate to assets (which you may assign to counter such attacks) that there is no hard evidence of any such conspiracy. In this context, assets may have to explain to their audiences certain basic facts about the U.S. judicial system, its separation of state and federal courts and the fact that judges and district attorneys in the states are usually elected, not appointed: consequently, D.A. Garrison can continue in office as long as his constituents re-elect him. Even if your assets have to discuss this in order to refute--or at least weaken--anti-U.S. propaganda of sufficiently serious impact, any personal attacks upon Garrison (or any other public personality in the U.S.) must be strictly avoided.</u></p> <p>Document Number 1127-987 for FOIA Review on SEP 1976</p> <p>Attachment: 1 unclassified article, per para 1</p> <p style="text-align: right;"><i>Brian K. 35926**MEMORANDUM FOR: Director of Central Intelligence****VIA : Deputy Director for Plans****SUBJECT : Letter for Director from Sir Charles Spry (ASIO)**

1. Attached is a sealed letter from Sir Charles Spry, Director General of the Australian Security Intelligence Organisation (who provided a copy of the letter to the Chief of Station, Melbourne), and a suggested reply for your signature.

2. Sir Charles' letter to you recommends against declassification of the Warren Commission document CD-971, which refers to our investigation of anonymous telephone calls to the Canberra Embassy before and after the assassination of President Kennedy.

3. I consider the points made by Sir Charles in his letter to be valid and accordingly recommend against the declassification of CD-971 in the foreseeable future. CI Staff concurs with this recommendation.

Sir Charles C. F. Spry
 Director General
 Australian Security Intelligence Organization
 G. P. O. Box 519588
 Melbourne

Dear Charles,

Thank you for your letter of 15 October recommending against the declassification of Warren Commission document CD-971. I might mention that our inquiry to you in August (1968) was in anticipation of further pressure for the release of Warren Commission papers, a pressure which has not materialized. Accordingly, there is not, at the present time, any intention to release CD-971.

Should the question be raised at some future time, the points made by you in your letter provide every reason to keep the document out of the public domain.

With kindest regards,

Sincerely,

/s/ Richard Helms

TO: MOSCOW INFO DIRECTOR.

FOR: LIMIT SE/USSR/10 INFO SE/RR

SLUGS: WNINTEL GTDANCER

SUBJECT: KGB OFFICIAL NIKONOV

REF: NONE

TEXT:

1. ACTION REQUIRED: NONE.

2. DURING THE WEEK OF 3-9 NOVEMBER 1991, U.S. PROFESSOR E.B. ((SMITH)), HAD SEVERAL DISCUSSIONS IN MOSCOW WITH "SLAVA" ((NIKONOV)), WHO IS A LONGTIME FRIEND AND NOW DEPUTY TO KGB DIRECTOR ((BAKATIN)). THE PROFESSOR HAS KNOWN NIKONOV WELL SINCE 1976. HE CURRENTLY IS INSTRUCTING ON A FULBRIGHT GRANT AT ST PETERSBURG STATE UNIVERSITY UNTIL 22 DECEMBER 1991. SEE PARA 7 FOR BIO ON THE PROFESSOR. DCOB STEVEN R. HEIBERG HAS BEFRIENDED THE PROFESSOR, WHO WAS DINNER GUEST AT HEIBERG'S HOME ON 10 NOVEMBER AND PROVIDED THE FOLLOWING INFO ON NIKONOV AND HIS NEW KGB JOB.

3. NIKONOV IS THE GRANDSON OF FORMER SOVIET FOREIGN MINISTER VYACHESLAV MOLOTOV. THE U.S. PROFESSOR TAUGHT NIKONOV IN 1976 AT MOSCOW STATE UNIVERSITY WHILE A FULBRIGHT PROFESSOR. NIKONOV WAS REGARDED AS EXTREMELY INTELLIGENT AND CAPABLE BUT GAVE THE IMPRESSION THAT HE WAS AN IDEOLOGICAL HARDLINER. THE PROFESSOR BELIEVED THAT HE WAS LIKELY TO BE A RISING STAR IN THE SOVIET SYSTEM AND RECOMMENDED HIM FOR AN IREX-SPONSORED VISIT TO THE U.S. AS EXPECTED, NIKONOV'S VIEWS AND RHETORIC MODERATED VERY VISIBLY AFTER HIS FIRST DIRECT EXPOSURE TO THE U.S. HE HAS HAD AT LEAST ONE ADDITIONAL IREX-SPONSORED TRIP TO THE U.S. AND HAS SPENT PERIODS OF TIME AS A PERSONAL GUEST AT THE HOME OF THE U.S. PROFESSOR IN MARYLAND.

4. NIKONOV CAME TO WORK IN HIS POSITION AT THE KGB AS A RESULT OF BEING A CLOSE FRIEND OF BAKATIN. DURING THE AUGUST 1991 COUP ATTEMPT NIKONOV SAID THAT HE REFUSED TO FOLLOW HIS BOSS'S ORDER TO ACT IN ACCORDANCE WITH THE DECLARED STATE OF EMERGENCY. HE WAS DISMISSED BY HIS BOSS (NFI) FROM THIS POSITION AND CALLED BAKATIN TO SEEK ADVICE. BAKATIN SAID HE WAS ALSO OPPOSING THE COUP AND WOULD LOOK OUT FOR NIKONOV ONCE ORDER WAS RESTORED. SOON AFTER THE COUP BAKATIN CALLED HIM TO ASK THAT HE ASSISTED WITH RESTRUCTURING THE KGB. AFTER IT WAS AGREED THAT NIKONOV COULD DECLINE TO ACCEPT TWO-STAR MILITARY KGB RANK AND WORK IN THE JOB FOR AN EQUIVALENT CIVILIAN COMPENSATION PACKAGE, HE CAME TO THE KGB AS BAKATIN'S DEPUTY. NIKONOV SAID HIS FRIENDS WERE DELIGHTED THAT HE HAD DECLINED THE KGB COMMISSION.

5. NIKONOV'S FIRST ASSIGNMENT FROM BAKATIN WAS MAKING ARRANGEMENTS FOR THE KGB-CIA LIAISON RELATIONSHIP WHICH HAS NOW COME INTO BEING. IN PREPARATION FOR ONE POSSIBLE QUESTION

 * REQUESTER: HM877 *
 * DSN: SPET 21162 DOC DATE: 20 NOV 91 MHF#: 31-6320813 *
 ***** COMET *****

WHICH MIGHT BE RAISED, NIKONOV PERSONALLY REVIEWED KGB FILES TO DETERMINE IF LEE HARVEY ((OSWALD)) HAD BEEN A KGB AGENT. HE REVIEWED FIVE THICK VOLUMES OF FILES ON OSWALD. NIKONOV IS NOW CONFIDENT THAT OSWALD WAS AT NO TIME AN AGENT CONTROLLED BY THE KGB. FROM THE DESCRIPTION OF OSWALD IN THE FILES HE DOUBTED THAT ANYONE COULD CONTROL OSWALD, BUT NOTED THAT THE KGB WATCHED HIM CLOSELY AND CONSTANTLY WHILE HE WAS IN THE USSR. HE COMMENTED THAT OSWALD HAD A STORMY RELATIONSHIP WITH HIS SOVIET WIFE, WHO RODE HIM INCESSANTLY. THE FILE ALSO REFLECTED THAT OSWALD WAS A POOR SHOT WHEN HE TRIED TARGET FIRING IN THE USSR.

6. IN PREPARATION FOR ESTABLISHMENT OF A LIAISON RELATIONSHIP WITH THE SWEDISH INTELLIGENCE SERVICE, NIKONOV PERSONALLY PERFORMED AN INQUIRY FOR BAKATIN INTO THE FATE OF SWEDISH DIPLOMAT RAOUL ((WALLENBERG)). THERE IS STILL PRESSURE FROM THE SWEDISH SIDE TO HAVE A DEFINITIVE ANSWER ON THIS MATTER BECAUSE OF THE CONTINUING IMPORTANCE OF THE WALLENBERG FAMILY. NIKONOV WAS AMAZED TO FIND OUT THAT THE KGB HAD NOT BEEN ABLE TO PREVIOUSLY ESTABLISH WHETHER WALLENBERG HAD DIED AND UNDER WHAT CIRCUMSTANCES. HE WAS ABLE TO FIND PARTIAL EVIDENCE FROM FOURTEEN DIFFERENT SOURCES (NFI). NIKONOV NOW BELIEVES, BUT FOUND NO CONCLUSIVE PROOF, THAT WALLENBERG WAS EXECUTED LATE IN 1947. THERE WERE INDICATIONS THAT WALLENBERG WAS SUSPECTED OF HAVING CONTACTS WITH OTHERS WHO WERE ACCUSED OF PROVIDING FALSE DIPLOMATIC IDENTITY DOCUMENTS TO OTHERS BEYOND JEWS SAVED FROM THE HOLOCAUST. AMONG THESE WERE NAZI WAR CRIMINALS WHO WERE ALLOWED TO ESCAPE. THERE WAS NO PROOF OF WALLENBERG'S GUILT IN ANY OF THESE CHARGES.

7. FULBRIGHT PROFESSOR WHO IS NIKONOV'S FORMER PROFESSOR AND FRIEND IS:

NAME: E.B. ((SMITH))

DOB: C.1920

CIT: USA

OCC: PROFESSOR OF HISTORY AT UNIVERSITY OF MARYLAND, RETIRED

LOC: RESIDES NEAR ANNAPOLIS, MD

OTHER: FULBRIGHT PROFESSOR FOR WINTER 1991 TERM IN ST PETERSBURG STATE UNIVERSITY, USSR; TWO PREVIOUS FULBRIGHT ASSIGNMENTS IN MOSCOW AND SEVERAL IN PRC AND GERMANY; HOSTS FORMER STUDENTS FROM USSR AND PRC ON U.S. VISITS

THERE ARE NO BASE TRACES ON SMITH. HE SERVED IN THE MILITARY AND IS VERY WELL DISPOSED TOWARDS THE U.S. GOVERNMENT. HE VOLUNTEERED INFO ON NIKONOV AND OTHER USSR, PRC AND GERMAN CONTACTS TO HEIBERG AND CAN PROVIDE CONSIDERABLE BIO AND ASSESSMENT INFO ON THEM.

DOHB 70-1-1
CHAPTER III

15 November 1974

ANNEX B THE 201 SYSTEM

RETURN TO CIA
Background Use Only
Do Not Reproduce

Rescission: Annex B of Chapter III, CSHB 70-1-1, 27 October 1966

1. INTRODUCTION

The 201 system provides a method for identifying a person of specific interest to the Operations Directorate and for controlling and filing all pertinent information about that person. The system also provides a means for identifying subjects of 201 files from various categories of information about them and for producing lists of 201 personalities according to those categories. Only a relatively small number of personalities indexed are of sufficient interest to justify opening a 201 dossier. These are normally subjects of extensive reporting and CI investigation, prospective agents and sources, members of groups and organizations of continuing target interest, or subjects on whom a volume of correspondence has accumulated.

2. THE 201 SYSTEM

The principal features of the 201 system are:

a. *The 201 Number*: a unique number, i.e., 201-1234567, assigned to each individual in the system to serve as identifying file number for reporting on that individual.

b. *The 201 Dossier*: the official file containing the 201 opening form (Form 831) and all biographic reporting on and references to the individual, i.e., personal history, current status, and prospects.

c. *The Master 201 Record*: a machine record generated by the opening of a 201 file. This record produces the master 201 reference for the Main Index and stores the pertinent information which may later be retrieved for special listings.

d. *Main Index Master 201 Reference*: this reference, printed in reply to an Index Search Request, is printed as illustrated below. When data are absent within the record, succeeding data items or lines will be moved up and the reference consolidated.

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

e. **OI Code:** a two letter symbol used in conjunction with the 201 personality records in the 201 system to record the association of an individual with organizations or activities of operational interest. OI codes cover intelligence and security service affiliation, whether staff or agent, or known or suspect, as well as activities of DDO interest. There are two categories of OI codes for use by components:

- (1) general OI codes (Attachment 4)
- (2) OI codes assigned to a specific component for intelligence services or other specific organizations.

A component may request an OI code be established by submitting a memorandum to the DDO/RMO through the component Records Management Officer.

A 201 personality may be assigned two OI codes. An OI code may be assigned when the 201 Personality File Action Request (Form 831) is initiated (see paragraph 3b below) by filling in Box 13 or a code may be assigned or added at a later date by a Form 831 amendment.

The 201 system has the capability of producing machine listings of 201 personalities by OI codes. For example, if an OI code has been opened for the security service of a certain country a listing may be compiled of all members of that service.

f. *201 Machine Lists*: produced from the mechanized 201 Index, based on names or other identifying information of personalities on whom 201 dossiers exist.

3. OPENING A 201 DOSSIER

a. General

The opening of a 201 dossier is the prerogative of an operational component, in coordination with the Information Services Group. An opening creates a master 201 record. Changes to the master record and the occasional closing of a 201 dossier are controlled jointly by the desks and ISG. 201 dossiers may be opened on persons who meet the carding criteria described in Chapter II of this handbook, when there is a reasonable expectation that additional information will be acquired and filed in such a dossier. Generally dossiers are opened on persons about whom counterintelligence information is being reported, and persons of operational interest to the Operations Directorate, specifically those persons for whom provisional operational approvals and operational approvals are requested (see exception below). 201 files are not to be opened on staff employees, staff agents and most categories of contract employees. Files on

SECRET

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

4. CONTENTS OF THE DOSSIER

Information about a 201 personality should be filed or cross-referenced into his dossier. When additional information is discovered on a 201 subject through a name trace or other process, i.e., review of predecessor documents, it must be consolidated into his personality dossier. See DOI 70-20 for consolidation procedures.

Material which is filed in the dossier includes but is not limited to:

- a. 201 Personality File Action Request (Form 831).
- b. Biographic information including photographs, fingerprints, and handwriting samples.
- c. Personal Record Questionnaire Parts I and II.
- d. Operational and other security approvals.
- e. Name check replies, requests, clearances, and approvals.
- f. Acknowledgement of pseudonym.
- g. 201 personality assessments and evaluations.
- h. Copy of contract and termination papers.
- i. Secrecy agreement.
- j. Agent Duty Status Report.
- k. Training and evaluation.
- l. SGSWIRL report.
- m. Newspaper clippings.
- n. Any information which helps provide a better understanding of the subject and our interest in him; this may include operational reporting.

5. MAINTENANCE OF 201 DOSSIERS

The 201 personality dossier contains, in document date order, papers which have been made a part of the Central Records System as well as those which have not. Record documents may range from newspaper or magazine articles on the subject to finance and other administrative papers.

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B****15 November 1974****a. Purging**

Purging a 201 dossier is the responsibility of the desk officer. It requires discrimination in recognizing operationally useful material, rather than the simple distinction between official and unofficial papers; it will therefore take place under the supervision of a Records Officer. Purging should be done periodically. A 201 dossier being forwarded to Central Files for retention should be purged. A 201 dossier should be purged of the following:

- (1) Duplicate material, i.e., exact copy(s) of a document.
- (2) Name trace form (Form 362) unless it has been the basis for the opening.
- (3) All abstract slips.
- (4) All document restriction notices (Form 1884).
- (5) The disseminated version of positive intelligence information if a copy of the raw report is contained in the 201 file; the dissemination number then must be transferred to the first page of the raw report.
- (6) Routing slips, routing and record sheets (Form 610) and dispatch cover sheets unless there are remarks such as coordinations or comments.
- (7) Record copy documents which only repeat substantive information contained in other documents in the file; authorization for destruction is by the Records Officer.
- (8) Top Secret documents are not to be retained in a 201 dossier forwarded to Central Files; the document must be downgraded for retention in the 201 dossier. To downgrade a Top Secret document, an authorized officer in the originating office or the Records Officer having jurisdiction over the contents of the material must possess Top Secret classification authority. If the document cannot be downgraded the file should be retained at the desk or the copy of the TS document should be removed, retained in a desk TS file or forwarded to the Top Secret Control Officer, and a cross-reference sheet (Form 867) placed in the 201 file giving the location of the TS document.
- (9) Deferred documents (see 5b(2)).

b. Maintenance Procedures

- (1) All material in a 201 dossier will be filed in document date order. In the case of document attachments which have been classified into a 201

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B****15 November 1974**

dossier and separated from the basic document by the assignment of a slash number, the attachment will be filed by the date of the basic document.

(2) Deferred documents will not be filed in a 201 dossier. If they are to be retained in the dossier they should be sent to IP/RMS for classification into that 201.

(3) Field index cards (held by some desks) and area desk cards may be retained in the 201 as part of a consolidation procedure. These cards should be mounted on a full-size sheet of paper for filing in the 201.

(4) A 201 dossier previously opened on a person who becomes a staff employee and which contains Record Copy documents will be restricted to the ISG/DIP unless the desk retains the restriction. The dossier should be closed if there are no Record Copy documents in it.

(5) A 201 opened in pseudonym should be consolidated into the true name 201 if one exists or converted to the true name.

(6) Field and duplicate (shadow) 201 files no longer of active interest should be incorporated into the official 201 after the duplicate material has been purged by the desk officer and the remaining information classified to that 201 by the Analysis Section (IP/AN).

(7) Any document with a predecessor organization cover sheet or an OPC (Office of Policy Coordination) cover sheet from the Archives and Disposition Section (IP/ARD) must be returned to IP/ARD for processing to the 201.

(8) Desk memoranda (with or without a document source number) containing substantive or derogatory information on the subject of the 201 should be sent to IP/AN to be classified officially into the 201 file.

(9) An attachment which should be separated from its basic document for inclusion in a 201 personality dossier will be forwarded with the basic document to IP/AN for processing into the 201.

(10) To retain the P&L, RYBAT, or KAPOK sensitivity of a document remaining in a 201 dossier being retired to Central Files, place that document in an envelope sealed with black tape (see DOI 70-17). Any RYBAT, P&L, or KAPOK document sent to Central Files not in a black-taped envelope will automatically be handled as desensitized. A black-taped envelope may contain only one document and must be filed in chronological order within the file. If there are numerous documents of this type the desk officer may black-tape the entire dossier rather than individual documents (see DOI 70-10).

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

Black-taped dossiers or dossiers with black-taped documents will be handled as restricted dossiers.

(11) An inactive 201 dossier or an inactive volume of a large 201 dossier on permanent charge should be returned to Central Files under a Routing and Record Sheet with the notation shown below.

15 November 1974

6. 201 DOSSIER CHARGES

A 201 dossier may be kept on permanent charge at the desk during any period of active interest. If the dossier is transferred to another desk, the desk officer who is transferring the dossier must notify Central Files of the transfer. Central Files will then send the Notice of Transfer of Document or File Accountability (Form 2977) to the new action desk officer.

CONFIDENTIAL
(When filled in)

NOTICE OF TRANSFER OF DOCUMENT OR FILE ACCOUNTABILITY

TO: NAME	SADGE	COMPONENT	ROOM	TUBE	EXT.
----------	-------	-----------	------	------	------

This is to notify you that accountability for the document(s) and/or file(s) cited below has been transferred to you by:

NAME SADGE COMPONENT EXT.

Accordingly, IP's records now reflect you as the custodian. Please contact IP/Files, Ext. 4362, if you have any questions regarding this transfer.

SUBJECT OF REQUEST	FILE NO.	DOC. SYMBOL & NUMBER	DOC. DATE	DATE OF TRANSFER	CHARGE PERM OR TEMP	REQ. NO.

FORM 2977 USE PREVIOUS EDITIONS
1-73

CONFIDENTIAL

CL. BY. 007622

The new action desk officer must then fill out a 201 Personality File Action Request (Form 813) to change the action desk designation to insure that the 201 personality will be included in the Headquarters and field machine listings for his component.

7. RESTRICTED DOSSIERS

- a. Access to a sensitive 201 dossier may be restricted by holding the file at the desk or placing it on restriction in Central Files.
 - (1) The dossier may be restricted by checking Box 2 on the 201 Personality File Action Request (Form 831) when the file is opened.

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

- (2) The dossier may be restricted by holding it on permanent charge from Central Files. (Note: To maintain the restriction of a dossier being returned to Central Files for retention, a File Restriction Notice (Form 2021) must accompany the dossier.)
- (3) The dossier may be restricted and held in Central Files by submitting a File Restriction Notice (Form 2021).

CONFIDENTIAL (When Filled In)

- b. Access to a restricted dossier located in Central Files is limited to the personnel of the restricting desk or persons authorized by that desk. Any request for the charge of a restricted dossier or any document within a restricted dossier held in Central Files will be forwarded with the entire dossier and a multiple-routed cover sheet to the restricting desk. This desk may then forward the file to the requester or deny the request and return the dossier to Central Files. The desk will notify the requester of a denial.
- c. Anyone requesting a restricted dossier, or a document within a restricted dossier, permanently or temporarily charged to a desk, will be referred to that desk by Central Files.

SECRET

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B****15 November 1974****8. REQUESTS FOR INFORMATION ON 201 PERSONALITIES**

The Automated Index Section (IP/AIS) will provide the identity of the subject of a 201 number unless the 201 file is restricted, in which case the requester will be referred to the restricting desk.

IP/AIS will also provide the 201 number assigned to a name, unless the 201 file is restricted, or state that there is no 201 number assigned. Requesters should supply identifying information whenever available for each name submitted.

Requests pertaining to five or fewer names or numbers may be made by telephone by calling the IP/AIS red line extension; IP/AIS will provide the information by return call to the requester's extension as listed in the Badge Table. Requests for more than five names or numbers must be listed and sent by tube or courier to IP/AIS; IP/AIS will reply by return mail.

9. 201 DOSSIER CANCELLATION

7. A 201 file may be authorized for cancellation by a Records Officer, after appropriate coordination. The file should be forwarded to IP/RMS which will destroy the folder and the cards leading to it and will remove the name and number from machine lists. Any Record Copy document contained in the folder will be reclassified to another appropriate file or sent to the Destruction Unit (IP/DU) as directed by the desk Records Officer.

10. 201 MACHINE LISTINGS

✓ Machine listings provide field stations and Headquarters desks with names and 201 numbers in the requester's particular geographic or functional area of interest. If a component wishes to exclude a sensitive 201 personality from its alphabetic, numeric, and cryptonym listings, this may be done when opening the 201 or later by a 201 amendment. On the 201 Personality File Action Request (Form 831) leave the country of location (Box 15) and interest desk (Box 16) blank, use the non-country code 900 in the action box (Box 14), and indicate permanent charge to the responsible desk. The only listing which will include the 201 number is the IP/201 record for the Vital Records program. 201 listings are categorized as standard or nonstandard and as scheduled or special.

a. Standard Listings

Issued semi-annually to Headquarters and the field; based on a component's interest as indicated in the "Action Desk," "Country of Location," and "Interest

()
SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

All standard listings are cumulative; previous editions *must be* destroyed upon receipt of current editions. These listings are by their very nature extremely sensitive compilations of information and must be given every possible safeguard.

b. Non-Standard Listings

Based on one or more of the following selection criteria:

- (1) Country of location
- (2) OI codes (organization and/or intelligence affiliation)
- (3) Citizenship
- (4) Year of birth (plus or minus a given number of years)
- (5) Occupation.

These selection criteria may be used singly or in combinations. For example, a user could obtain a list of all 201 personalities who have been assigned the OI code of XX or codes of XX, XY, or XZ. A 201 personality list could also be produced of all persons who were born in Germany between the years 1915 and 1920, with the occupation computer specialist, who are now citizens of the United States, located in Mexico, and who had been assigned the OI code AA. Note however that the listing would contain only those personalities with an OI code AA. Those personalities with an OI code other than AA and those with no OI code would be excluded. The requester could however ask that persons who have not been assigned an OI code also be included. Note also that when retrieving lists based on occupation, the listing will be only as specific as the occupation code (Attachment 1). The occupation code for a courier covers only a documented courier. Some occupation codes cover more than one occupation. For example, the occupation code CRAF covers those who practice some trade or manual occupation, i.e., carpenters, bricklayers, painters, mechanics and electricians. If a list is requested for electricians, all others in this category will be included in the printout. These non-standard listings may be sorted (arranged) according to any, but not more than three, of the following keywords:

- (a) Surname
- (b) Given name
- (c) Date of birth
- (d) Country of birth
- (e) Citizenship
- (f) OI code
- (g) Location

SECRET

SECRET

**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

Sorts can be made within sorts. For example, 201 personalities may be sorted alphabetically by surname within OI codes for given countries of location. Because two OI codes may be listed for each personality, those names with two OI codes would be listed twice.

c. *Scheduled Listings*

Standard and non-standard listings printed semiannually.

d. *Special Listings*

Unscheduled, usually non-standard, listings produced on a one time basis in response to special operational requirements.

e. *Request for Listings*

All requests for standard or non-standard alphabetical and numerical 201 listings for Headquarters and the field, for changes in periodic listings, and for information on the 201 machine list system should be made to the component Records Management Officer.

AUTOMATIC 201 DOSSIER OPENINGS

Note: 201 files will be opened automatically by IP/AN on the following categories of people.

1. ²⁹[Arab Republic of Egypt (ARE)] 29

- a. Diplomats with rank of third secretary or above.
 - b. Military attaches and assistant military attaches.
 - c. Intelligence officers of the General Intelligence Department (GID).
- (Prior to opening of an ²⁹[ARE] 201 file, check with ²⁴[NE/E] for correct spelling of name and additional biographic data.)

2. ¹¹[British Commonwealth]

- a. All positively identified members of ²⁴[MI-5] and ²⁴[MI-6] the ¹¹[British] Intelligence Services.
- b. All positively identified members of the ¹¹[Irish] Military Intelligence Service (IMIS). 24+28
- c. ¹¹[Canadian] Communist Party officials on national or provincial levels and officials of the ¹¹[Canadian] Communist Party front organizations. Do not open unless there is at least a date of birth given.
- d. All members of the Security Service of the ²⁴[Royal Canadian Mounted Police (RCMP-SS)].

3. Cuba

Intelligence service employees (DSE, DGI).

4. ¹¹[Israel]

- a. All ¹¹[Israeli] diplomats. ^{OB}[C/NE/ISR] should be indicated as the originating office with CI/SP always indicated as the secondary office of interest.
- b. Military attaches.
- c. Assistant military attaches.
- d. Identified intelligence officers.

70-1-1
CSHB 43-1-1
CHAPTER III

15 February 1960

ANNEX B

PERSONALITIES - 201 AND IDN NUMBERS

1. A relatively small proportion of the total number of personalities indexed by the CS are of active operational interest at any given point in time. These are normally subjects of extensive reporting and CI investigation, prospective agents and sources, and members of groups and organizations of continuing target interest. Each of these personalities is assigned either a 201 number or an IDN number.
2. The 201 number serves a dual purpose. It brings the files on these personalities into the CS records system. A single number, e.g., 201-123456, is assigned to each person, and a dossier controlled by this number is established which contains, or has cross referenced to it, all of the reporting on the individual's personal history, current status and prospects. Once the 201 number is assigned, it is used in future reporting on the individual both as a file number and in place of other identifying data. Up-to-date machine listings are published periodically to help field stations and headquarters desks keep book on those 201 personalities falling in their particular geographic or functional area of interest.
3. It has become apparent that the 201 machine listings should include the identities of persons of operational interest because of their connection with a target group or organization even though there may not be sufficient information or specific interest to warrant opening a file. For example: A considerable number of stations are concerned with the activities of Cuban exiles. Coverage of their movements, factions and objectives can be assisted by furnishing all participating stations up-to-date listings containing information under the control

of the Cuban desk on the dramatis personae. In addition to 201 personalities, such lists should contain the names and identifying data of persons who should be kept track of, although they may only be of tangential interest or on whom there may be little or no data other than that given in the listing itself.

4. To accommodate this type of requirement in the 201 system, identifiable personalities concerning whom enough information is not yet available to require the opening of a file may be assigned numbers of the following type but in the same series:

IDN-123457

These are relabeled "201" if a file is opened. IDN numbers are carried with 201 numbers in appropriate general or special listings, where they are identified by the letter "I" in the "Type of Name" column. IDN numbers are not CS file numbers.

5. All 201 code numbers are assigned by RID at headquarters, either upon receipt of Form 831, or of a field dispatch. If a dispatch is written about a personality not yet in the system, a 201 number for it may be requested simply by writing under headquarters file number in the dispatch form as follows:

Dispatch Symbol and No. XYZA-12345
Headquarters File No. 201 -

6. IDN numbers are assigned by RID at headquarters upon the request of stations or desks which are developing special identification programs within the 201 system. The field receives current notification of new 201 openings and IDN numbers through the Field Index Card Service.

UFGA-14781

December 1962, all of JMWAVE's business with the Identity 3 was handled via AMCARBON-2. In mid-December 1962, AMCARBON-2 made the suggestion that he introduce REUTEMAN to AMCARBON-1 in order that there be a backup contact, in the event that AMCARBON-2 were out of town or unavailable at such times as REUTEMAN might require assistance from the Identity 3. REUTEMAN agreed to AMCARBON-2's suggestion, and, as a result, AMCARBON-2 hosted a luncheon on 12 December 1962 at the Miami Club in the Hotel Columbus, Miami, Florida, at which AMCARBON-2 introduced AMCARBON-1 to REUTEMAN. As a result of this initial meeting on 12 December 1962, an operational relationship has developed with AMCARBON-1, and it is believed that this relationship contributes to the fulfillment of the over-all JMWAVE mission. In view of this, a special activities report is being submitted to cover the nature of JMWAVE's relationship with AMCARBON-1 during the period December 1962 to March 1964.

2. FRAME OF REFERENCE FOR JMWAVE'S RELATIONSHIP WITH AMCARBON-1.

When AMCARBON-2 introduced AMCARBON-1 to REUTEMAN, AMCARBON-2 reviewed the ground rules under which he had been cooperating with REUTEMAN. This review was conducted for AMCARBON-1's benefit, in order that he might clearly understand the frame of reference which should prevail in his relationships with REUTEMAN. In this review, AMCARBON-2 pointed out that it was the policy of the Identity 3 that it would take no action which would purposely embarrass KUBARK or its South Florida operations. As a result, if any embarrassing items relative to KUBARK's operations in South Florida did come to the attention of the Identity 3, this material would be brought to REUTEMAN's immediate attention. AMCARBON-2 made it clear to AMCARBON-1 that such items should be discussed with REUTEMAN in a frank manner. In addition, AMCARBON-2 made the point that, after an item was discussed, AMCARBON-1 should follow REUTEMAN's guidance relative to how any particularly embarrassing item might be handled by the Identity 3, so that it would not expose KUBARK operations and, at the same time, would not jeopardize the journalistic reputation of the Identity 3. In addition, AMCARBON-2 pointed out that, if AMCARBON-1 brought a potentially embarrassing item to REUTEMAN's attention and remedial action on the matter was not taken by REUTEMAN within a reasonable period of time, then the Identity 3 would feel free to expose any ineptness on KUBARK's part. AMCARBON-2 pointed out that in return for this cooperation from the Identity 3, REUTEMAN had agreed that he would be available for contact by telephone or periodic personal meetings at which AMCARBON-1 and AMCARBON-2 could discuss broad trends and developments in Latin American affairs. AMCARBON-2 advised AMCARBON-1 that this arrangement did not mean that AMCARBON-1 could expect to obtain any classified information from REUTEMAN. The point was also made that AMCARBON-1 should not press for the obtaining of classified information, but he should be alert to steering tips which REUTEMAN might furnish him on fast-breaking news stories. AMCARBON-1 indicated that he understood the frame of reference which had been outlined by AMCARBON-2. This frame of reference has prevailed throughout JMWAVE's relationship with AMCARBON-1 during the period December 1962 to March 1964.

3. AMCARBON-1'S JOURNALISTIC CAREER. AMCARBON-1 originally started to work for the Identity 3 in 1957 on the City Desk, and subsequently advanced from this assignment to an assignment which entailed covering major political developments in Florida. At a later date, AMCARBON-1 became a feature writer for the Identity 3. Then in July or August 1962, AMCARBON-1 was made the Identity 4. This assignment was considered to be a significant

promotion for AMCARBON-1, and it reflected confidence in him by the Identity 3 management. AMCARBON-1 is by no means an expert on Latin America, but he is developing his knowledge on the area and, at the moment, he gives every indication of wanting to be a long-term Latin American specialist. QDELFI has been questioned about AMCARBON-1, and he has indicated that AMCARBON-1 is regarded in the journalistic trade as an extremely likeable fellow who has a keen mind but who lacks experience in depth on Latin American affairs. It is QDELFI's opinion that given an appropriate lapse of time, AMCARBON-1 will develop into one of the leading Latin American specialists in U.S. journalistic circles. AMCARBON-1 has a working command of Spanish, and he is constantly attempting to improve his language fluency. It is REUTEMAN's opinion that AMCARBON-1 has developed rapidly as a Latin American specialist, and he will continue to grow in this field. Thus, he is a contact who should be developed and harnessed for exploitation, bearing in mind that he does have long-term potential.

4. AMCARBON-1'S CONTACTS AND SOURCES. In keeping with the traditional pattern of source protection which is common to newspapermen, intelligence officers and law enforcement officers, AMCARBON-1 attempts to guard the true identity of all of his sources. On the other hand, when pressed, AMCARBON-1 has identified some of his sources to REUTEMAN, in order that meaningful evaluations could be made of that information which AMCARBON-1 had passed to KUBARK. As a result of these occasional witting identifications of his sources, and, as a result of general conversations with AMCARBON-1, REUTEMAN has learned that AMCARBON-1's sources include the following persons:

- a. Luis *FERNANDEZ Rocha (201-316766), secretary general of the DRE.
- b. Manolo *RAY Rivero (201-239298), chief of JURE.
- c. Carlos *TODD y Lobo (201-264141) of the defunct Havana Times.
- d. AMBIDY-1 (201-267437)
- e. Aureliano *SANCHEZ Arango (201-019245), leader of the AAA
- f. Edmund *LEAHY of the Washington News Bureau. AMCARBON-1 regards this source as being particularly interesting, in view of the fact that LEAHY's daughter is a secretary in the office of Attorney General Robert KENNEDY.
- g. Frank *FIORINI (201-242256), free-lance pilot and adventurer.
- h. Eduardo *SUAREZ Riva, public relations man for the MRR.
- i. Luis *MUNOZ Marin, governor of Puerto Rico.
- j. Juan *BOSCH Gavino (201-103272), former president of the Dominican Republic.
- k. Charles *KEELY of the Copley Wire Service.
- l. Jorge *VOLSKY Kraisler (201-352252), an employee of USIA in Miami. AMCARBON-1 is well aware of the fact that VOLSKY is a defacto stringer for Tad SZULC of the New York Times, but this does not deter AMCARBON-1 from attempting to exploit VOLSKY as a source of information.

5. OPERATIONAL SUPPORT. On occasion, AMCARBON-1 is used to carry out certain operational support tasks. In such instances, AMCARBON-1 makes his inquiries or carries out the required action within the context of his normal journalistic activities. The use of AMCARBON-1 for operational support tasks enables JMWAVE to harness the investigative facilities of the Identity 3. Several examples of how AMCARBON-1 has been used in operational support tasks are outlined below:

a. Andrew ORDONO Camps. In March 1963, Andrew *ORDONO Camps, DPOB 30 September 1914, Gibara, Cuba, A 12 837 617, arrived in Miami and was given routine CAC processing. The details of this processing are contained in MIAM-0085, dated 12 March 1963. After being released by CAC, ORDONO was interviewed by the Identity 3, and a sensational story was developed. In view of this story, JMWAVE tried to locate ORDONO for debriefing. This effort was not productive, thus AMCARBON-1 was asked to locate ORDONO. AMCARBON-1 did locate ORDONO in Houston, Texas. See WAVE-6307, dated 25 March 1963, for details.

b. Discrediting Carlos BANDIN of the MRR Splinter Group. In UFGW-2555, dated 13 September 1963, Headquarters suggested that JMWAVE might be able to discredit Carlos BANDIN Cruz (201-309611) of the MRR splinter group as a result of BANDIN's overinflated claims relative to his faction invading Cuba. Headquarters' interest in discrediting BANDIN was also stimulated by the fact that BANDIN's irresponsible publicity stunts were causing problems for AMBIDDY-1. As a result of Headquarters' interest in this matter, REUTEMAN had a luncheon session with AMCARBON-1 on 24 September 1963, at which AMCARBON-1 was advised that the BANDIN faction of the MRR was less than accurate in its claims relative to its activities in Cuba. In view of this, REUTEMAN suggested that the Identity 3 might want to soft peddle any future war communiques which the BANDIN faction might release. AMCARBON-1 stated that, in view of REUTEMAN's comments, the Identity 3 would not only soft peddle, but would ignore the BANDIN faction in the future. Once BANDIN was discredited with AMCARBON-1, the word was soon leaked by AMCARBON-1 to other newspapermen that BANDIN was not a reliable source. As a result of this action, the BANDIN group has received minimal media coverage in South Florida since September 1963.

6. OPERATIONAL INTELLIGENCE. In the period February 1963 to February 1964, AMCARBON-1 has furnished JMWAVE with operational intelligence as outlined below:

a. In WAVE 4836, dated 21 February 1963, AMCARBON-1 reported that AMBEND-1 was back in Miami and was the object of a great deal of press interest in view of AMBEND-1's release from a Havana prison. AMCARBON-1 also indicated that AMBEND-1 would probably be a knowledgeable source on the current activities of the UR in Cuba. This operational intelligence was most helpful in terms of keeping JMWAVE informed on AMBEND-1's movements. Subsequent developments revealed that AMCARBON-1 could not contact AMBEND-1, and thus AMBEND-1's return to the United States did not cause the publicity stir that was initially anticipated.

b. In WAVE 6176, dated 22 March 1963, AMCARBON-1 reported that the Identity 3 was attempting to research a full feature article on the Bay of Pigs invasion. The intent of this article was to furnish a recapitulation of the entire tactical situation. In this connection, AMCARBON-1 pointed out that he was

thinking about exposing the role of Miami attorney Alex E. *CARLSON, residing 145 Curtiss Parkway, Miami Springs, Florida, in the Bay of Pigs operation. AMCARBON-1 stated that, if CARLSON were of any current interest to REUTEMAN, then the Identity 3 would soft peddle the CARLSON angle. REUTEMAN advised AMCARBON-1 that he had no interest in CARLSON but knew of him and was of the opinion that CARLSON was a sound and honest attorney. The receipt of this operational intelligence enabled JMWAVE to brief CARLSON on the Identity 3's over-all interest in the role that CARLSON had played in the Bay of Pigs invasion. This briefing, in turn, enabled CARLSON to more adequately prepare himself for a meeting with AMCARBON-1. While AMCARBON-1 did attempt to pursue this Bay of Pigs story, he never did put anything into print as the story was overtaken by other developments before AMCARBON-1 could finish his research.

c. In WAVE 0904, dated 9 July 1963, AMCARBON-1 advised JMWAVE that Mr. Trevor *ARMBRISTER, an associate editor for the Saturday Evening Post, was in Miami during July 1963 attempting to research a story regarding the possibility that strategic missiles were hidden in Cuban caves. This information enabled JMWAVE to keep Headquarters informed on sensational-type articles which might be appearing relative to Soviet missiles in Cuba.

d. In WAVE 4701, dated 20 September 1963, AMCARBON-1 gave JMWAVE his resume of the discussions which he had with AMBIDDY-1 at the Miami Playboy Club on 19 September 1963. This information was useful in obtaining an insight into what AMBIDDY-1 was telling the press.

e. In WAVE 5661, dated 10 October 1963, AMCARBON-1 reported on a discussion that he had had on 10 October 1963 with AMBIDDY-1's public relations man. This operational intelligence was useful in terms of keeping KUBARK advised as to what AMBIDDY-1's representatives were telling the outside world about their operational activities.

f. In WAVE 6910, dated 31 October 1963, AMCARBON-1 informed JMWAVE about the flood of telephone calls which were being received at the Identity 3 relative to so-called KUBARK vessels which were located in South Florida waters. This information alerted JMWAVE to the fact that press scrutiny was going to be directed toward the Identity 5. Armed with this warning, JMWAVE was able to take action which minimized the publicity repercussions from a renewed press interest in the Identity 5.

g. In WAVE 7671, dated 16 November 1963, AMCARBON-1 reported to JMWAVE the fact that he had received a letter from Peru which contained an interesting operational lead to one Carlos MONTALVANO in Puno, Peru. This lead was examined by JMWAVE, Headquarters and the Lima Station. This examination revealed that the letter was written by a crackpot; thus, there was no real operational potential in this lead. This incident did underscore the fact that AMCARBON-1 is willing to bring potentially significant operational leads to JMWAVE's attention.

h. In WAVE 1614, dated 6 February 1964, AMCARBON-1 advised JMWAVE that he had received numerous telephone calls indicating that Armando Andres GUIROLA Forte, who had defected from a Cuban fishing vessel might be an individual who had previously been seen in Miami during November or December 1963. At the same time, AMCARBON-1 pointed out that he was suspicious and thought that these telephone calls indicated that GUIROLA was not a bona fide defector, but was either a GOC agent or a KUBARK plant, who was being used as a means of creating an incident which would embarrass the GOC, as a result of their fishing boats penetrating

FORM 5.60 53a (40)	53a USE PREVIOUS EDITION.	CLASSIFICATION SECRET	<input checked="" type="checkbox"/> CONTINUED	PAGE NO. 5.
--------------------	---------------------------	-------------------------------------	---	----------------

United States territorial waters. REUTEMAN advised AMCARDON-1 that KUBARK had played no role in mounting a provocation operation against the GOC. At the same time, REUTEMAN pointed out that it was highly unlikely that GUIROLA was a GOC agent. As a result of this conversation, arrangements were made for JMWAVE to check out certain aspects of the GUIROLA story. At the same time, AMCARDON-1 was prevailed upon not to write a story which might lead the public to speculate on whether GUIROLA was an agent or a plant in a propaganda play designed to embarrass the GOC.

7. PROPAGANDA OUTLET. AMCARDON-1 has been used successfully, during the period covered by this report, as a propaganda outlet through which items of interest to KUBARK could be surfaced in the free world press. Examples of how AMCARDON-1 has been harnessed in this field are outlined below:

a. AMCRAB-1. The AMCRAB-1 defection story originally surfaced in the Miami area on 13 October 1963 via the Diario de las Americas, which played up an API release from Montevideo. The API Montevideo story highlighted AMCRAB-1's information relative to GOC activities in Uruguay. The story in the Diario de las Americas had an extremely limited impact on Spanish readers in the Miami area. As a result, it was decided to do a series of feature stories on AMCRAB-1, pointing up the fact that AMCRAB-1 was typical of the veterans of the Granma expedition, who felt they had been betrayed by CASTRO and had been relegated to positions of obscurity once the revolution had put CASTRO in power. AMCARDON-1 was briefed in detail on the AMCRAB-1 story, and he was given an opportunity to debrief AMCRAB-1 under controlled conditions in a JMWAVE safehouse. After completing his debriefing, AMCARDON-1 wrote a series of feature articles on AMCRAB-1. The first article in the series received front page headline play. The series of articles on AMCRAB-1 were well written, and they provided an excellent peg for JMWAVE to mount a replay operation via other propaganda assets. AMCARDON-1's story on AMCRAB-1 was picked up by UPI, API and others, and it was played throughout Latin America. The details of this surfacing can be found in WAVE 5826, dated 14 October 1963; WAVE 6092, dated 19 October 1963; and, WAVE 6174, dated 21 October 1963.

b. Charles GRIFFIN Shrimp Boat Story. On 26 February 1964, JMWAVE learned that when Mr. Charles GRIFFIN's sons went to Cuba to reclaim the hijacked shrimp boat, JOHNNY REB, they found that select items were missing from the boat when it was turned over to them. It was believed that this information would make a good human interest story which JMWAVE assets could use to counter GOC propaganda claims that United States officials had stolen items from the Cuban fishing boats which had violated United States territorial waters. In view of this opinion, a steering tip was given to AMCARDON-1 to have the Identity 3 representative in Key West interview Mr. GRIFFIN. This interview was carried out, and an article outlining the points which were of interest to JMWAVE was published in the 27 February 1964 edition of the Identity 3.

c. LAYC Story. The March 1964 LAYC meeting in Santiago, Chile, was not receiving appropriate coverage in the South Florida newspapers; as a result, REUTEMAN contacted AMCARDON-1 on 5 March 1964 and suggested that the LAYC meeting was a story which the Identity 3 should pursue. AMCARDON-1 was grateful for this steering tip, and he assigned the task of preparing the story on the LAYC to one of the members of his staff. A story on the LAYC was subsequently published in the 6 March 1964 edition of the Identity 3.

(COMMENT: Copies of the articles cited in subparagraphs a through c above are attached for Headquarters information.)

---	--	--	-----------------------------------

8. POSITIVE INTELLIGENCE. Attempts have been made to obtain disseminable positive intelligence from AMCARBON-1 during the period covered by this report. This attempt has been generally unsuccessful, in that AMCARBON-1 does not have a great number of contacts in Latin America who would give him access to worthwhile intelligence appreciably in advance of the information appearing in the overt press. As a result, AMCARBON-1 is usually not aware of inside developments in any Latin American country; consequently, he is not a worthwhile source of positive intelligence. As a matter of fact, AMCARBON-1 is less valuable as a source of positive intelligence than most journalists. This is attributable solely to his lack of long-standing contacts in the Latin American political scene. It is believed that AMCARBON-1 will ultimately overcome this shortcoming; thus, we will continue to attempt to harness him for the collection of positive intelligence.

9. COMMENT. In the period covered by this report, AMCARBON-1 has been found to be a straight-forward individual who is honest, cooperative and who understands the need for security. Our relationship also indicates that AMCARBON-1 is an accurate reporter of that information which he passes to KUBARK. In view of this, JMWAVE plans to continue to harness AMCARBON-1 in the same manner that he has been used in the past. It is believed that our relationship with AMCARBON-1 enhances our ability to conduct our operational mission in a secure manner. In addition, this relationship tends to minimize the possibility that JMWAVE might have difficulties with the media outlets in the South Florida area. As a result of our continuing relationship with AMCARBON-1, a special activities report will be forwarded at appropriate intervals.

10. It is requested that a 201 number be assigned AMCARBON-1 and that JMWAVE be advised of the number.

Source, Operational Data, and Comments:

The information in this report was obtained from a local detective who works for the National Police. An informant of the Police in Paris provided a report to the latter concerning activities of the Colombian delegation, and he added names of delegates of certain other countries. This informant is studying in Paris and he accompanied the delegates to Berlin. It is likely that the interested stations have this information, but it is thought it might serve to confirm, or possibly add a bit to, the material already on hand.

1. Source reports that an informant in Paris has submitted information to the local Police concerning delegates of certain other countries to the III Festival Mundial de la Juventud held in Berlin in August and September 1951. These names together with the comments of the informant are included in the following paragraphs.

2. The delegation of Guatemala consisted of the following:

Hugo → Edelberto TORRES Rivas, Novena Ave. S. No. 110
Octavio REYES Ortiz, 17 C. O. No. 78
Hugo BARRIOS Klee, 12 Calle Oriente No. 58
José Victor PONZALEZ, 2 Ave. Sur No. 11

*in addition to
these four names
were Humberto
ALVARADO and
Elena CHAVEZ
(TUG-1351)*

3. The following is a list of the Venezuelan delegates:

Juvenal HERRERA, estudiante de derecho
Francisco MIERES, peligroso
Cordova ARMANDO, estudiante de derecho in Guayaquil
Nicolas CURIEL Acosta, escritor de teatro
Juan Pedro ROJAS, pintor
Yolanda Steffens de ROJAS, casada con el anterior

4. The Ecuadoran delegates are as follows:

Enrique GIL Gilbert, escritor
Enrique QUINTERO
Patricio CUEVAS, estudiante de medicina en Praga

5. The delegation of Cuba consisted of the following:

Nicolas QUILLEN, poeta y escritor
Santiago GRAJALES, obrero
Antonio NUMEZ Jimenes, profesor de Pedagogia y "responsable de la delegación de Cuba". Es peligroso y cuando hubo necesidad de retratarlo en Paris no se dejó.
Francisco GARCIA Benites, comerciante de Holguin
José CANETTI, comerciante en Santiago de Cuba

MEMORANDUM FOR THE RECORD

SUBJECT: Highlights of Tape-Recorded Conversation in Miami Between Mr. William D. Pawley and an Unidentified Cuban during Period 17-18 October

1. On 20 October the undersigned and Owen Faust of WH/3 listened to the play-back of a tape, brought to Washington from Miami and given to Colonel King by Mr. Pawley on 19 October, which was a recording of Mr. Pawley's conversations with two Cubans during the period 17-18 October. The first conversation was with an unidentified Cuban, believed to be a member of a group of wealthy anti-CASTRO Cubans, members of which have talked to Mr. Pawley recently about their plans for sabotage of the coming sugar harvest as reported in UPMVA-32 dated 2 October. The second Cuban was AMPACA-1, a Cuban journalist of operational interest to Station Habana, and a separate memorandum is submitted on that conversation.

2. The unidentified Cuban, who had somewhat of an accent and spoke indistinctly, was difficult to understand. He mentioned a meeting "with some of our people who came up from Cuba" to discuss plans. He said his group had been contacted by a representative of General Jose Eleuterio PEDRAZA, leader of Cuban revolutionary groups in the Dominican Republic, who wanted to know what action their group had taken and was told that they had a plan "to start sabotage". The Cuban said the PEDRAZA representative said their group (the PEDRAZA group) had four provinces organized in Cuba, mentioning Camaguey and Santa Clara, and that they had two provinces yet to be organized -- Habana and Matanzas.

3. The Cuban said his group needed two things -- moral backing and money; he pointed out that Cubans in Cuba are afraid to start an underground movement, and there was no way to raise funds, etc. Mr. Pawley gave him no encouragement on the money angle, saying that even if there were Americans willing to run the risk of becoming involved in Cuban revolutionary activities by furnishing money for such a movement, which he doubted, he felt that at the present time it would be like "putting money down a rat-hole" for the following reasons: (1) there is no unity among the anti-CASTRO groups, and there are at least 10 that he knows of who are working absolutely independently of one another; and (2) CASTRO is in control of the country and has the support of a large number of Cubans, especially the under-privileged. Mr. Pawley said he felt the Cuban economic situation was worsening fast and that if it gets bad enough, a large number of Cubans will turn on CASTRO; but until that time comes it would be dangerous to try to organize a revolutionary movement.

SECRET

D00676

SECRET

-2-

4. Mr. Pawley asked the Cuban if his group felt they had moral support of the U. S. and the Cuban replied that they wanted U. S. moral support but whether they had it or not, they felt they were obliged to carry through with their plans. Mr. Pawley said he didn't know what to tell him -- would have to think about it and see if anything could be done. He said, "having been connected with the U. S. Government, I can't get involved in revolutionary movements". Also said he would hate to see the Dominican Government get involved, which might be difficult to avoid with so many Cuban exiles there, but commented that he understood "the Dominican Government hasn't given them a dime".

UNITED STATES GOVERNMENT

*Memorandum*TO : Files *P+S*

DATE: 29 January 1964

FROM : M. D. Stevens

SUBJECT: THE LEE HARVEY OSWALD CASE #351164

1. According to a newspaper column of "Allen and Scott" in the Chicago American of 6 December 1963, on the OSWALD Case, Abram CHAYES, Legal Officer of the State Department, was one of two persons immediately responsible for OSWALD's being permitted to return to the United States from the Soviet Union in June 1962. The other individual named was Llewellyn THOMPSON, the then Ambassador to Russia. Another said to have been involved in the handling of OSWALD's case was Samuel WISE, Counsel of the American Embassy in Moscow.

2. Abram CHAYES, #352234, who as of 16 February 1961 was described as "the new Counsel in State", was granted Security approval for liaison contact with J. Foster COLLINS (in the office of the Chief of the Covert Action Staff) on 6 March 1961. The request for CHAYES' clearance was a "Blanket" request to permit discussion with him of NSC 5412/2 matters on a need-to-know basis.

3. In September 1961 there was a White House namecheck request on CHAYES' wife Antonia (Toni) Leigh CHAYES, nee: HANDLER.

4. In March 1962, CHAYES was granted a renewal of his liaison contact clearance with C/CA on a continuing basis. This time his contact was Archibald ROOSEVELT, Jr.

5. On 10 February 1962, HUMAN EVENTS reported as follows with reference to CHAYES:

"SOFT ON COMMUNISM: Representative Francis E. Walter (R.-Pa.), Chairman of the House Committee on Un-American Activities, has scored the new State Department regulations on passports, claiming they would allow Reds denied passports to "rifle freely the confidential files of the FBI, the CIA and other investigative agencies." The man behind the new regulations, which Walter claims violate the Internal Security Act of 1950, is reportedly State's chief legal officer, Abram Chayes. Chayes, a Kennedy appointee, is an ex-Harvard professor who was Chester Bowles' top legal adviser when Bowles was Governor of Connecticut. Walter has introduced legislation to remedy the new passport regulations."

6. Samuel WISE, "Counsel in the American Embassy in Moscow" who is referred to above, may well be Samuel Griffin WISE Jr., #74574, SD & SSD, who apparently was once a contract employee on AEACTION. The State Department reviewed WISE's file on 2 June 1954; and as of September 1962 a Samuel G. WISE was Second Secretary of the American Embassy in Moscow. At that time WISE advised in a cable to the State Department

DAVIS' case is very similar to that of OSWALD; and he, like OSWALD, lived in the Soviet Union for two years after his defection and prior to making application for return to the United States.]

7. WISE was an applicant for CIA employment in early 1953 and was security approved subject to polygraph on 11 August 1953. He did not enter on duty and in September 1953 the office which had been interested in him was "no longer interested". On 13 November 1953, WISE was granted a CSA to permit his use as a contract employee on AEACTION in New York City. His CSA was cancelled on 24 March 1958.

8. WISE was named as a friend of William Orville MUNSELL, #61693-DL, during an investigation of the latter for possible CIA employment in 1952. WISE, according to MUNSELL's landlady and social acquaintance in Washington, D.C. during the period of about a year which ended in April 1952, was the only person she knew by name with whom MUNSELL was friendly. According to the informant, WISE was a student at Columbia University whose address was 423 Fernald Hall. MUNSELL was Security disapproved for CIA employment in June 1952 because of his close association on a professional and social basis, while attending Denver University from 1946 to 1951, with persons of questionable loyalty. In November 1954, MUNSELL was of interest to project FJALIVE with reference to assignment to Dhahran, Saudi Arabia; however, the interested office withdrew their request on him, after Security advised of the derogatory information regarding him.

9. WISE from 1951 to 1954 attended Scarsdale High School in Scarsdale, New York, which was attacked by a Citizen's Group, which alleged Communist influence in the school system. He had several questionable associates in addition to MUNSELL.

CHAPTER III

15 November 1974

ANNEX B

THE 201 SYSTEM

Rescission: Annex B of Chapter III, CSHB 70-1-1, 27 October 1966

1. INTRODUCTION

The 201 system provides a method for identifying a person of specific interest to the Operations Directorate and for controlling and filing all pertinent information about that person. The system also provides a means for identifying subjects of 201 files from various categories of information about them and for producing lists of 201 personalities according to those categories. Only a relatively small number of personalities indexed are of sufficient interest to justify opening a 201 dossier. These are normally subjects of extensive reporting and CI investigation, prospective agents and sources, members of groups and organizations of continuing target interest, or subjects on whom a volume of correspondence has accumulated.

2. THE 201 SYSTEM

The principal features of the 201 system are:

a. *The 201 Number*: a unique number, i.e., 201-1234567, assigned to each individual in the system to serve as identifying file number for reporting on that individual.

b. *The 201 Dossier*: the official file containing the 201 opening form (Form 831) and all biographic reporting on and references to the individual, i.e., personal history, current status, and prospects.

c. *The Master 201 Record*: a machine record generated by the opening of a 201 file. This record produces the master 201 reference for the Main Index and stores the pertinent information which may later be retrieved for special listings.

d. *Main Index Master 201 Reference*: this reference, printed in reply to an Index Search Request, is printed as illustrated below. When data are absent within the record, succeeding data items or lines will be moved up and the reference consolidated.

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

e. *OI Code*: a two letter symbol used in conjunction with the 201 personality records in the 201 system to record the association of an individual with organizations or activities of operational interest. OI codes cover intelligence and security service affiliation, whether staff or agent, or known or suspect, as well as activities of DDO interest. There are two categories of OI codes for use by components:

(1) general OI codes (Attachment 4)

(2) OI codes assigned to a specific component for intelligence services or other specific organizations.

A component may request an OI code be established by submitting a memorandum to the DDO/RMO through the component Records Management Officer.

A 201 personality may be assigned two OI codes. An OI code may be assigned when the 201 Personality File Action Request (Form 831) is initiated (see paragraph 3b below) by filling in Box 13 or a code may be assigned or added at a later date by a Form 831 amendment.

The 201 system has the capability of producing machine listings of 201 personalities by OI codes. For example, if an OI code has been opened for the security service of a certain country a listing may be compiled of all members of that service.

f. *201 Machine Lists*: produced from the mechanized 201 Index, based on names or other identifying information of personalities on whom 201 dossiers exist.

3. OPENING A 201 DOSSIER

a. General

The opening of a 201 dossier is the prerogative of an operational component, in coordination with the Information Services Group. An opening creates a master 201 record. Changes to the master record and the occasional closing of a 201 dossier are controlled jointly by the desks and ISG. 201 dossiers may be opened on persons who meet the carding criteria described in Chapter II of this handbook, when there is a reasonable expectation that additional information will be acquired and filed in such a dossier. Generally dossiers are opened on persons about whom counterintelligence information is being reported, and persons of operational interest to the Operations Directorate, specifically those persons for whom provisional operational approvals and operational approvals are requested (see exception below). 201 files are not to be opened on staff employees, staff agents and most categories of contract employees. Files on

SECRET

DOHB 70-1-1 CHAPTER III, ANNEX B

15 November 1974

persons who are only of local interest to a field station or Headquarters desk and on whom no DDO records correspondence exists are not a part of the DDO records system and are to be maintained by that unit. Some desks levy requirements on ISG for automatic 201 openings on certain categories of persons whose names appear in incoming dispatches. These are listed in Attachment 2. 201 dossiers should be opened in the following categories:

- (1) Subjects of provisional operational approval and operational approval requests. However, a file need not be opened when a POA is requested for persons being trained for a foreign liaison service and who are of operational interest for training purposes only.
- (2) Persons for whom the field requests a 201 opening.
- (3) MHFIXTURE personalities: bonafide diplomats of other than denied area countries, in close association with staff personnel.
- (4) Subjects of a Personal Record Questionnaire Part I.
- (5) Persons on whom a Main Index search reveals information in five or more documents (see DOI 70-20).
- (6) Subjects of Interagency Source Register memoranda from LSN/ISR (opened only by IP/RMS).

b. Requesting a 201 File Opening

Headquarters desks may open a 201 file by filling out and submitting a 201 Personality File Action Request (Form 831) to the Records Maintenance Section (IP/RMS). Form 831 is also used to create or amend the master 201 record and 201 machine listings and to register the assignment of a cryptonym to a 201 personality. Attachment 3 consists of sample 201 Personality File Action Requests for opening and amending 201's. A field station may request the opening of a 201 file by writing 201- in the Headquarters file or cross-reference box on the dispatch form and/or after the subject's name in the body of the dispatch. A telepouch request for a 201 opening is made by indicating 201- in the file number line. A cable request is made by placing 201- after the term "File" on the last line of the transmission. IP/AN will open 201 files as requested by dispatch or telepouch but it is the responsibility of the desk to respond to cable requests. Field stations are notified of 201 openings through receipt of the field master 201 record.

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

4. CONTENTS OF THE DOSSIER

Information about a 201 personality should be filed or cross-referenced into his dossier. When additional information is discovered on a 201 subject through a name trace or other process, i.e., review of predecessor documents, it must be consolidated into his personality dossier. See DOI 70-20 for consolidation procedures.

Material which is filed in the dossier includes but is not limited to:

- a. 201 Personality File Action Request (Form 831).
- b. Biographic information including photographs, fingerprints, and handwriting samples.
- c. Personal Record Questionnaire Parts I and II.
- d. Operational and other security approvals.
- e. Name check replies, requests, clearances, and approvals.
- f. Acknowledgement of pseudonym.
- g. 201 personality assessments and evaluations.
- h. Copy of contract and termination papers.
- i. Secrecy agreement.
- j. Agent Duty Status Report.
- k. Training and evaluation.
- l. SGSWIRL report.
- m. Newspaper clippings.
- n. Any information which helps provide a better understanding of the subject and our interest in him; this may include operational reporting.

5. MAINTENANCE OF 201 DOSSIERS

The 201 personality dossier contains, in document date order, papers which have been made a part of the Central Records System as well as those which have not. Record documents may range from newspaper or magazine articles on the subject to finance and other administrative papers.

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

a. Purging

Purging a 201 dossier is the responsibility of the desk officer. It requires discrimination in recognizing operationally useful material, rather than the simple distinction between official and unofficial papers; it will therefore take place under the supervision of a Records Officer. Purging should be done periodically. A 201 dossier being forwarded to Central Files for retention should be purged. A 201 dossier should be purged of the following:

- (1) Duplicate material, i.e., exact copy(s) of a document.
- (2) Name trace form (Form 362) unless it has been the basis for the opening.
- (3) All abstract slips.
- (4) All document restriction notices (Form 1884).
- (5) The disseminated version of positive intelligence information if a copy of the raw report is contained in the 201 file; the dissemination number then must be transferred to the first page of the raw report.
- (6) Routing slips, routing and record sheets (Form 610) and dispatch cover sheets unless there are remarks such as coordinations or comments.
- (7) Record copy documents which only repeat substantive information contained in other documents in the file; authorization for destruction is by the Records Officer.
- (8) Top Secret documents are not to be retained in a 201 dossier forwarded to Central Files; the document must be downgraded for retention in the 201 dossier. To downgrade a Top Secret document, an authorized officer in the originating office or the Records Officer having jurisdiction over the contents of the material must possess Top Secret classification authority. If the document cannot be downgraded the file should be retained at the desk or the copy of the TS document should be removed, retained in a desk TS file or forwarded to the Top Secret Control Officer, and a cross-reference sheet (Form 867) placed in the 201 file giving the location of the TS document.
- (9) Deferred documents (see 5b(2)).

b. Maintenance Procedures

- (1) All material in a 201 dossier will be filed in document date order. In the case of document attachments which have been classified into a 201

SECRET

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

dossier and separated from the basic document by the assignment of a slash number, the attachment will be filed by the date of the basic document.

(2) Deferred documents will not be filed in a 201 dossier. If they are to be retained in the dossier they should be sent to IP/RMS for classification into that 201.

(3) Field index cards (held by some desks) and area desk cards may be retained in the 201 as part of a consolidation procedure. These cards should be mounted on a full-size sheet of paper for filing in the 201.

(4) A 201 dossier previously opened on a person who becomes a staff employee and which contains Record Copy documents will be restricted to the ISG/DIP unless the desk retains the restriction. The dossier should be closed if there are no Record Copy documents in it.

(5) A 201 opened in pseudonym should be consolidated into the true name 201 if one exists or converted to the true name.

(6) Field and duplicate (shadow) 201 files no longer of active interest should be incorporated into the official 201 after the duplicate material has been purged by the desk officer and the remaining information classified to that 201 by the Analysis Section (IP/AN).

(7) Any document with a predecessor organization cover sheet or an OPC (Office of Policy Coordination) cover sheet from the Archives and Disposition Section (IP/ARD) must be returned to IP/ARD for processing to the 201.

(8) Desk memoranda (with or without a document source number) containing substantive or derogatory information on the subject of the 201 should be sent to IP/AN to be classified officially into the 201 file.

(9) An attachment which should be separated from its basic document for inclusion in a 201 personality dossier will be forwarded with the basic document to IP/AN for processing into the 201.

(10) To retain the P&L, RYBAT, or KAPOK sensitivity of a document remaining in a 201 dossier being retired to Central Files, place that document in an envelope sealed with black tape (see DOI 70-17). Any RYBAT, P&L, or KAPOK document sent to Central Files not in a black-taped envelope will automatically be handled as desensitized. A black-taped envelope may contain only one document and must be filed in chronological order within the file. If there are numerous documents of this type the desk officer may black-tape the entire dossier rather than individual documents (see DOI 70-10).

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

Black-taped dossiers or dossiers with black-taped documents will be handled as restricted dossiers.

(11) An inactive 201 dossier or an inactive volume of a large 201 dossier on permanent charge should be returned to Central Files under a Routing and Record Sheet with the notation shown below.

6. 201 DOSSIER CHARGES

A 201 dossier may be kept on permanent charge at the desk during any period of active interest. If the dossier is transferred to another desk, the desk officer who is transferring the dossier must notify Central Files of the transfer. Central Files will then send the Notice of Transfer of Document or File Accountability (Form 2977) to the new action desk officer.

CONFIDENTIAL
(When Filled In)

NOTICE OF TRANSFER OF DOCUMENT OR FILE ACCOUNTABILITY

CL BY: 007622

The new action desk officer must then fill out a 201 Personality File Action Request (Form 813) to change the action desk designation to insure that the 201 personality will be included in the Headquarters and field machine listings for his component.

7. RESTRICTED DOSSIERS

a. Access to a sensitive 201 dossier may be restricted by holding the file at the desk or placing it on restriction in Central Files.

(1) The dossier may be restricted by checking Box 2 on the 201 Personality File Action Request (Form 831) when the file is opened.

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

(2) The dossier may be restricted by holding it on permanent charge from Central Files. (Note: To maintain the restriction of a dossier being returned to Central Files for retention, a File Restriction Notice (Form 2021) must accompany the dossier.)

(3) The dossier may be restricted and held in Central Files by submitting a File Restriction Notice (Form 2021).

S-2, IMPDET CL BY: 007622 (13)

b. Access to a restricted dossier located in Central Files is limited to the personnel of the restricting desk or persons authorized by that desk. Any request for the charge of a restricted dossier or any document within a restricted dossier held in Central Files will be forwarded with the entire dossier and a multiple-routed cover sheet to the restricting desk. This desk may then forward the file to the requester or deny the request and return the dossier to Central Files. The desk will notify the requester of a denial.

c. Anyone requesting a restricted dossier, or a document within a restricted dossier, permanently or temporarily charged to a desk, will be referred to that desk by Central Files.

SECRET

SECRET**DOHB 70-1-1
CHAPTER III, ANNEX B**

15 November 1974

8. REQUESTS FOR INFORMATION ON 201 PERSONALITIES

The Automated Index Section (IP/AIS) will provide the identity of the subject of a 201 number unless the 201 file is restricted, in which case the requester will be referred to the restricting desk.

IP/AIS will also provide the 201 number assigned to a name, unless the 201 file is restricted, or state that there is no 201 number assigned. Requesters should supply identifying information whenever available for each name submitted.

Requests pertaining to five or fewer names or numbers may be made by telephone by calling the IP/AIS red line extension; IP/AIS will provide the information by return call to the requester's extension as listed in the Badge Table. Requests for more than five names or numbers must be listed and sent by tube or courier to IP/AIS; IP/AIS will reply by return mail.

9. 201 DOSSIER CANCELLATION

A 201 file may be authorized for cancellation by a Records Officer, after appropriate coordination. The file should be forwarded to IP/RMS which will destroy the folder and the cards leading to it and will remove the name and number from machine lists. Any Record Copy document contained in the folder will be reclassified to another appropriate file or sent to the Destruction Unit (IP/DU) as directed by the desk Records Officer.

10. 201 MACHINE LISTINGS

Machine listings provide field stations and Headquarters desks with names and 201 numbers in the requester's particular geographic or functional area of interest. If a component wishes to exclude a sensitive 201 personality from its alphabetic, numeric, and cryptonym listings, this may be done when opening the 201 or later by a 201 amendment. On the 201 Personality File Action Request (Form 831) leave the country of location (Box 15) and interest desk (Box 16) blank, use the non-country code 900 in the action box (Box 14), and indicate permanent charge to the responsible desk. The only listing which will include the 201 number is the IP/201 record for the Vital Records program. 201 listings are categorized as standard or nonstandard and as scheduled or special.

a. *Standard Listings*

Issued semi-annually to Headquarters and the field; based on a component's interest as indicated in the "Action Desk," "Country of Location," and "Interest

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

Desk" blocks on the 201 Personality File Action Request (Form 831). The standard listings available are:

- (1) Alphabetical by surname, leading to a 201 number;
- (2) Alphabetical by given name, leading to a 201 number;
- (3) Alphabetical by cryptonym, leading to a 201 number;
- (4) Numerical, leading to a surname;
- (5) Numerical, leading to a cryptonym.

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

All standard listings are cumulative; previous editions *must be* destroyed upon receipt of current editions. These listings are by their very nature extremely sensitive compilations of information and must be given every possible safeguard.

b. Non-Standard Listings

Based on one or more of the following selection criteria:

- (1) Country of location
- (2) OI codes (organization and/or intelligence affiliation)
- (3) Citizenship
- (4) Year of birth (plus or minus a given number of years)
- (5) Occupation.

These selection criteria may be used singly or in combinations. For example, a user could obtain a list of all 201 personalities who have been assigned the OI code of XX or codes of XX, XY, or XZ. A 201 personality list could also be produced of all persons who were born in Germany between the years 1915 and 1920, with the occupation computer specialist, who are now citizens of the United States, located in Mexico, and who had been assigned the OI code AA. Note however that the listing would contain only those personalities with an OI code AA. Those personalities with an OI code other than AA and those with no OI code would be excluded. The requester could however ask that persons who have not been assigned an OI code also be included. Note also that when retrieving lists based on occupation, the listing will be only as specific as the occupation code (Attachment 1). The occupation code for a courier covers only a documented courier. Some occupation codes cover more than one occupation. For example, the occupation code CRAF covers those who practice some trade or manual occupation, i.e., carpenters, bricklayers, painters, mechanics and electricians. If a list is requested for electricians, all others in this category will be included in the printout. These non-standard listings may be sorted (arranged) according to any, but not more than three, of the following keywords:

- (a) Surname
- (b) Given name
- (c) Date of birth
- (d) Country of birth
- (e) Citizenship
- (f) OI code
- (g) Location

SECRET

SECRET

DOHB 70-1-1
CHAPTER III, ANNEX B

15 November 1974

Sorts can be made within sorts. For example, 201 personalities may be sorted alphabetically by surname within OI codes for given countries of location. Because two OI codes may be listed for each personality, those names with two OI codes would be listed twice.

c. Scheduled Listings

Standard and non-standard listings printed semiannually.

d. Special Listings

Unscheduled, usually non-standard, listings produced on a one time basis in response to special operational requirements.

e. Request for Listings

All requests for standard or non-standard alphabetical and numerical 201 listings for Headquarters and the field, for changes in periodic listings, and for information on the 201 machine list system should be made to the component Records Management Officer.

AUTOMATIC 201 DOSSIER OPENINGS

Note: 201 files will be opened automatically by IP/AN on the following categories of people.

1. *Arab Republic of Egypt (ARE)*

- a. Diplomats with rank of third secretary or above.
 - b. Military attaches and assistant military attaches.
 - c. Intelligence officers of the General Intelligence Department (GID).
- (Prior to opening of an ARE 201 file, check with NE/E for correct spelling of name and additional biographic data.)

2. *British Commonwealth*

- a. All positively identified members of MI-5 and MI-6, the British Intelligence Services.
- b. All positively identified members of the Irish Military Intelligence Service (IMIS).
- c. Canadian Communist Party officials on national or provincial levels and officials of the Canadian Communist Party front organizations. Do not open unless there is at least a date of birth given.
- d. All members of the Security Service of the Royal Canadian Mounted Police (RCMP-SS).

3. *Cuba*

Intelligence service employees (DSE, DGI).

4. *Israel*

- a. All Israeli diplomats. C/NE/ISR should be indicated as the originating office with CI/SP always indicated as the secondary office of interest.
- b. Military attaches.
- c. Assistant military attaches.
- d. Identified intelligence officers.

HANDBOOK NO. 43-1-1

70-1-1
CSHB 43-1-1
CHAPTER III

15 February 1960

ANNEX B

PERSONALITIES - 201 AND IDN NUMBERS

1. A relatively small proportion of the total number of personalities indexed by the CS are of active operational interest at any given point in time. These are normally subjects of extensive reporting and CI investigation, prospective agents and sources, and members of groups and organizations of continuing target interest. Each of these personalities is assigned either a 201 number or an IDN number.
2. The 201 number serves a dual purpose. It brings the files on these personalities into the CS records system. A single number, e.g., 201-123456, is assigned to each person, and a dossier controlled by this number is established which contains, or has cross referenced to it, all of the reporting on the individual's personal history, current status and prospects. Once the 201 number is assigned, it is used in future reporting on the individual both as a file number and in place of other identifying data. Up-to-date machine listings are published periodically to help field stations and headquarters desks keep book on those 201 personalities falling in their particular geographic or functional area of interest.
3. It has become apparent that the 201 machine listings should include the identities of persons of operational interest because of their connection with a target group or organization even though there may not be sufficient information or specific interest to warrant opening a file. For example: A considerable number of stations are concerned with the activities of Cuban exiles. Coverage of their movements, factions and objectives can be assisted by furnishing all participating stations up-to-date listings containing information under the control

of the Cuban desk on the dramatis personae. In addition to 201 personalities, such lists should contain the names and identifying data of persons who should be kept track of, although they may only be of tangential interest or on whom there may be little or no data other than that given in the listing itself.

4. To accommodate this type of requirement in the 201 system, identifiable personalities concerning whom enough information is not yet available to require the opening of a file may be assigned numbers of the following type but in the same series:

IDN-123457

These are relabeled "201" if a file is opened. IDN numbers are carried with 201 numbers in appropriate general or special listings, where they are identified by the letter "I" in the "Type of Name" column. IDN numbers are not CS file numbers.

5. All 201 code numbers are assigned by RID at headquarters, either upon receipt of Form 831, or of a field dispatch. If a dispatch is written about a personality not yet in the system, a 201 number for it may be requested simply by writing under headquarters file number in the dispatch form as follows:

Dispatch Symbol and No.
XYZA-12345
Headquarters File No.
201-

6. IDN numbers are assigned by RID at headquarters upon the request of stations or desks which are developing special identification programs within the 201 system. The field receives current notification of new 201 openings and IDN numbers through the Field Index Card Service.

20 July 1963

MEMORANDUM FOR THE: SAC, NEW YORK (100-38861)

FROM : Lawrence J. Walsh

SUBJECT : New Ang. C. C. I. 1-2 17 July 1963

1. An unscheduled meeting was held with LITANIL-9 at 2100 hours 17 July -- Barker had a scheduled meeting with AMSAIL-1 at the corner of Ejercito Nacional and Balchón Campo at 2100 hours but A-1 was not in place at 2103 when B's car had second pass -- B then stopped by the corner of Gutenberg and Thiers where there is a pay phone -- to make a call to A-1 -- but as B's car pulled up, LITANIL-9 stopped out of the bushes and said, in English, "Here I am." B-2 got in the car and LITANIL-9 drove away -- the mystery was clarified when LITANIL-9 explained that he had called B's home about 2030 hours and spoken with B's wife who said he was out and would probably be back in about half an hour -- LITANIL-9 was on his way to phone again (from the pay phone at Gutenberg & Thiers -- usual pick up point) when he saw Barker pass by -- later spotted the car pull up to the corner -- he assumed by this time that Barker had spoken with his wife, and received the word that LITANIL-9 was looking for him that night -- that a coincidence. LITANIL-9 explained his presence in the area (partly true) by saying he was looking for better pick up points -- the mission was made of another scheduled meeting (with A-1). LITANIL-9 drove on the Guayaquil highway to the vicinity of the Dawn Motel where the meeting was held. LITANIL-9 was dropped off at 2325 hours.

2. (E) revealed again his concern about security. Since the new ambassadors and cultural attachés are such sharp people, hence much more dangerous. The elements of a complete clandestine communications system were explained: 2.1 - regular, scheduled and non-scheduled; radio and warning - and some questions were made in working out the details.

[illegible]

4. He reported the following additional developments:

(a) A big celebration of the 25th of July Anniversary will be held in (interior) the suburbs of Tampico. This celebration -- sponsored by the Grupo Campesino -- will take place in the saloon of Sr. Gertrudis MARTIN Corona (Drivory). The principal speaker will be Doctor RICO Salinas. The event will take place at 11:00.

1-9) he wanted to have a photograph taken and
might have to dig a stink bomb or something

(b) Patricia "Patsy" Jones, who was introduced to Jacqueline K. Kennedy during the President's trip to Mexico, was a supporter of Fidel Castro and was apparently playing the interests of the Kennedy's, who have invited her and her husband to the United States and is planning to go there. (c) No further details.

Oct 22 To HANNA 21819 CS COPY

201. 329609

~~3629~~

She was introduced to the First Lady by (Ana) BARRIOS. Sam (phonetic).

- (c) P. J. HICK, the new Canadian Consul, told [] that [] (phonetic), Cuban Ambassador in Moscow is going to be recalled soon because he has done much harm there to Cuban-Soviet relations.
- (d) APARICIO also reported that the Mexican ECHENIA in Cuba is having serious trouble obtaining newspaper.
- (e) APARICIO said that when he was in Prague he had trouble with the climate -- asked to be sent to some other European country -- was surprised at the suddenness of his transfer to Mexico.
- (f) (In response to a question as to who would be the man we might most easily recruit among the Embassy staff) [] said he has doubts about JORDAN's loyalty to the Castro regime. Believes JORDAN might be recruitable but wouldn't dare do it himself (I assured [] we would never ask him to undertake such a risky venture). [] goes window shopping along San Juan de Ladrón often -- might be approachable there.
- (g) Only two Cubans were invited to the French Ambassador's residence on Bastille Day (14 July) -- Ambassador HENRI [] Arvis and []. Each went separately but I remained in the Ambassador's car. The Amb was clearly impressed with the standing with the French -- I is a close friend of the French Military Attache to whom he introduced the Amb -- and the Amb put I by his side during the celebration -- in other words French. At this affair, DUNE of the Soviet Embassy spoke in a superficial manner of international politics and it became clear that the Cubans are in a poor opinion of the Soviets in the days as with the Chinese. DUNE remarked that he would be leaving soon but would be replaced with "another young man, just a step or two up." DUNE and the Amb agreed that current American policy for Latin America is designed to give the impression that such governments as the new one in Argentina represent a sincere advance whereas in fact they are planning for the military.
- (h) An Ecuadorian youth named ELIAS ECHENIA was in the Embassy on 17 July -- spoke with APARICIO. He represents a group of pro-Castro writers in Ecuador and is trying to go to Cuba -- will probably get there. He has a radio and tape -- brought a box as a gift for APARICIO.
- (i) APARICIO is busy working on the forthcoming Congress of Americas which is to take place in Havana. In dealing previously with a man named LAMAR on this subject, Maria ECHENIA said that the US Government has been sending lots of money to have the best of the Congress -- to some other place -- without success. I checked for \$51 dollars, a presidential inscription was paid by Mexican delegates to the Congress, has been sent to Havana.
- (j) [] in the Embassy seems unduly upset by the restrictions on making currency transactions with Cuba.

(c) L turned over to B (for return) a handbill put out by the Escuela Normal Rural de Santa Teresita Coahuila, dated 10 June 1963, explaining that schools invitation to Fidel Castro to act as sponsor of the 1958-1963 graduating class. Copy attached.

(1) L turned over a pornographic cartoon (for return) distributed by pro-Castro elements in Tampico. Copy not attached.

(m) Wilfredo of the Cuban Consulate, Tampico, reported that Lolita CALDERON has a sister residing in Reynosa, Tama., married to an American of Mexican descent, Luisa may go up to the border to visit her sister soon -- or her mother may make the trip -- details not clear.

5. L-9 reports that he is very well "in" with the new ambassador who seems to respect him highly and to admire him for his contacts. He is also getting along very nicely with his new boss, APARICIO. His information gathering method is still to keep his eyes and ears open and ask no questions -- thus he often gets only fragments -- while questions or discreet elicitation might fill in detail he is extremely wary lest he arouse any suspicion.

6. While he suggested he might want to toss a few stink bombs at the engraving exhibit on the 26th in Tampico and the subsequent celebration of the 26th in Ciudad Madero -- he was also concerned lest any disruption might get him in trouble since he is the principal organizer of both affairs -- felt that the Mexican Government might think the disruption was engineered by the Castro Cubans, themselves, to throw suspicion on the antiCastroites.

7. L-9 is really worried about his security and it will be up to us to take every practical precaution to protect him. He loves to talk -- quite a conversationalist -- and needs constant encouragement and shoring-up. He is ~~immediately~~ inclined to get himself on the back quite often and wait for a further pat from his case officer (which B is always quick to add). This characteristic comes out in his conversation when he stops and says, "I did very well there, didn't I?" or "That was a good thing I did, wasn't it?" or "I think my ideas on handling such-and-such are pretty clever, don't you?"

8. For the present it has been decided to keep holding meetings in B's car -- always at night. The pick up point has been abandoned in favor of a mobile pick up -- L will start at the corner of Thiers and Melchor Ocampo at the prescribed hour and move slowly up the street to Thiers and Gutenberg -- then, without turning, will work his way back down the opposite side of the street to Melchor Ocampo -- B will cruise by in his car and make the pick up while L is walking. Other memo details will be worked out at the next meeting.

MEMORANDUM FOR: DD/S-HB

ATTENTION : Mr. Joseph E. Murphy, Jr. G G 14

SUBJECT : PUGH, Robert West
#789 656

1. Reference is made to your request dated 4 January 1966 wherein you requested a Covert Security Approval to permit Subject's use as First Officer in the Far East under Project HBILKA/JB GREED.

2. In accordance with the provisions set forth in Clandestine Services Instruction No. 10-5 and Clandestine Services Instruction - Field No. 10-5, a Covert Security Approval is granted for the use of the Subject as described in your request as set forth in paragraph 1, above.

3. Subjects of Covert Security Approvals are not to represent themselves as, nor are they to be represented as, employees of CIA.

4. Your attention is called to the fact that a Covert Security Approval does not constitute complete compliance with the provisions of CIA Regulation 10-3. Therefore, if you should desire at a later date to change the status or use of this individual, a request for approval to cover any proposed change should be submitted to this office.

5. This approval becomes invalid in the event the Subject's services are not utilized within six months of the date of this memorandum.

MEMORANDUM FOR: Chief, Executive Officer
Project [HBILKA/JB GREED]

SUBJECT : [PUGH, Robert West]
[#789 656]

1. Reference is made to your request dated 4 January 1966 for a Covert Security Approval to permit Subject's use as a First Officer in the Far East under Project [HBILKA/JB GREED]. Concurrent with issuance of the approval, the following is offered for your information.

2. Investigation has recently been completed with generally favorable results. However, Subject's military file indicated that he had been found unfit for duty due to excessive drinking, and had been allowed to retire in the best interests of the Navy. His Navy record stated that this drinking problem adversely affected his judgment, reliability, and personal behavior. This weakness had been discussed to no avail with Subject on several occasions. It should be noted that domestic inquiries developed no indication of over-indulgence since his departure from the military on October 1964.

06 3. Additionally, it was developed that Subject's brother Bartholomew, aka: Bart PUGH, was the Subject of an FBI investigation in 1941, which was conducted to resolve allegations regarding the loyalty of Subject's brother. Subject's brother was determined to have been associated with known Communists and was active in Communist matters in the Los Angeles, California area during this period of time. However, it was noted that these activities had caused a break with this individual and his family, who were not in sympathy with his viewpoints and activities. There was no

MEMORANDUM FOR THE RECORD		DATE
SUBJECT	FILE NUMBER	
<p>[to be reliable] It is ROCCA's impression (I have not examined this case thoroughly) that the Soviets have criticized to try to make SHURAKOVA look clean, i.e., that she has not had a KGB role and is only an "enthusiastic" interpreter to support N's Thesis. This is questionable on its surface at any rate. The [controlled British] source and SHURAKOVA visited MUSEE TOUSSAIGNE's War Works museum where SHURAKOVA had a visible reaction when seeing OSWALD display. Although this visit was entirely innocent on the part of the source [] [British] i.e., it was not done deliberately, SHURAKOVA's reaction indicated suspicion that this was a provocation.</p>

MEMORANDUM FOR : M. de Vosjell

SUBJECT : Report on Antonio RODRIGUEZ Echazabal

Antonio RODRIGUEZ Echazabal was born in Cuba on 17 August 1913. He has a master's degree in agriculture, professedly has no religion but is a Mason. RODRIGUEZ is married to Edith JONES, who was born in Cuba on 10 March 1917; she is, however, of Haitian origin, being the daughter of a former Haitian Ambassador to Belgium, and she is a devout Episcopalian. The couple is known to have three children: a son who was last reported to be in Havana, Cuba; a daughter married to a man of German birth who was employed in the Castro land-reform organization until his departure for Germany in December 1961; and a son, Antonio RODRIGUEZ Jones, born 24 August 1943 at Havana, who was studying at the Ecole Francaise Internationale in Washington, D. C. in 1961. This son has been reported to be anti-U. S. and to have requested permission of his father to go to Cuba or to another "socialist" country to continue his education.

Antonio RODRIGUEZ Jones resided in Washington, D. C. with Yvonne JONES, his aunt and sister of the wife of Antonio RODRIGUEZ Echazabal. Miss JONES was born 10 April 1910 at Antwerp, Belgium; she was unmarried and was a secretary at the Pan American Health Organization. She became a U. S. citizen in 1959. Since the Castro regime has come to power, Miss JONES is said to have spoken quite openly for Castro and against the U. S. Government.

RODRIGUEZ lived in Haiti for about eighteen years prior to the commencement of his diplomatic career, having been barred by the Batista government from returning to Cuba. He became a Haitian citizen and was the owner of a Port-au-Prince meat market called "El Oso Blanco". When Castro assumed power in Cuba, RODRIGUEZ took over the Cuban Embassy in Port-au-Prince in January 1959 after the Batista-appointed officials had fled to the Dominican Republic. Soon thereafter he was named Ambassador to Haiti.

Following his appointment to the diplomatic post, RODRIGUEZ continued to maintain contact with persons in opposition to President Duvalier of Haiti.

Citizen of Cuba

NOV 1961

In late July 1959, Haiti was invaded by a small group of Cubans, supposedly as a prelude to an invasion of the neighboring Dominican Republic. The incursion was successfully repelled by the Haitian Government, which publicly charged RODRIGUEZ with complicity in the raid. RODRIGUEZ then closed the Cuban Embassy and returned to Cuba after selling his private property in Haiti.

While RODRIGUEZ was still in Haiti, two attempts were made on his life. He accused the Trujillo regime in the Dominican Republic and, indirectly, the Haitian Government of complicity in those attacks.

In November 1959, RODRIGUEZ went to Guatemala as Cuban Ambassador. There, he appears to have associated freely with pro-Communist groups. In March 1960, he was requested by the Guatemalan Government to leave the country on the ground that he was engaging in activities inimical to the best interests of Guatemala.

In November 1960, RODRIGUEZ reported to Karachi, Pakistan, as Cuban Ambassador. His wife accompanied him there and served as his chief secretary. During the initial months of his tour there, his closest relations in the diplomatic colony were with officials of the Belgian Embassy, presumably as a result of the fact that Belgium had represented Cuba when there was no Cuban representative in Karachi. During 1961, however, his social contacts were almost exclusively with Soviet, satellite and Chinese Communist diplomatic personnel.

In late 1961, when RODRIGUEZ apparently had decided to defect, he confided to an acquaintance in the diplomatic colony that he was finished with politics and wanted to devote the rest of his life to agriculture. He had at the time to go to the Dominican Republic or to another, unspecified South American nation. At the time of his departure from Karachi by air for Germany in early 1962, RODRIGUEZ reportedly made only a very limited statement at the airport regarding his defection. The event apparently received very little, if any, press notice in Pakistan.

Insufficient information exists at present to permit a determination as to the genuineness of RODRIGUEZ's disaffection with the Castro regime. For reasons which have not as yet been fully reported, the Department of State denied a visa to RODRIGUEZ, apparently after he had made the decision to resign his post in Pakistan. We understand, however, that, following his

arrival in France in January 1962, he received permission from French authorities to travel to and reside in Martinique. It appears that he left France on 31 January 1962 en route to Martinique.

This service would appreciate having the results of any debriefing of RODRIGUEZ by French authorities, with particular reference to the reasons for his resignation and his plans for the future.

MEMORANDUM FOR THE RECORD:

SUBJECT: BEHEIREN and the Four U.S. Navy Deserters

A. Origin and Development of BEHEIREN.

1. Founding: BEHEIREN (Japan "Peace for Vietnam" Committee) was organized in April 1965, nominally as a politically independent group of intellectuals and cultured persons whose purpose was "to help restore peace in Vietnam." Actually, it is a loosely organized group of ex-JCP members, progressive intellectuals, leftist cultured persons, and leftwing students - banded together in the name of opposition to the Vietnam war by two common denominators, dedicated anti-Americanism and refusal to be dominated or controlled by the orthodox Japan Communist Party.

2. Hard-Core Secretariat: The real force behind the organization of BEHEIREN, right from the beginning to the present, has been a brilliant Communist named YOSHIKAWA Yuichi, whose conspiratorial organizational skills have been perhaps the most indispensable ingredients in BEHEIREN's development. YOSHIKAWA was expelled from Tokyo University for his role as a ZENGAKUREN leader in the 1960 U.S./Japan Security Treaty riots. He then went into fulltime JCP mass movement professional work, becoming the Secretariat official in charge of international relations for the Japan Peace Committee. YOSHIKAWA broke with the JCP in late 1964, following the rupture in relations between the JCP and CPSU in May that year. The inspiration for BEHEIREN springs in large measure from YOSHIKAWA's personal desire to use his organizational talents in countering the JCP and its Japan Peace Committee. YOSHIKAWA, in addition to being a well qualified English linguist himself, years ago surrounded himself with a small following of similarly qualified lieutenants, whom he brought along into BEHEIREN to give him the necessary depth and experience to run this new organization. YOSHIKAWA functions as BEHEIREN's Secretary General.

SECRET

SECRET

-2-

3. Respectable Intellectual Front: Following fundamental Communist principles for mass movement work (better than the JCP itself follows these tenets), the ex-JCP organizers of BEHEIREN kept themselves in the background and lined up a number of prominent Japanese progressive intellectuals and leftist cultured persons to front for BEHEIREN. The choice of ODA Makoto, ex-Fulbrighter and popular young novelist, to be the chief front man - Chairman - was an extremely lucky stroke for BEHEIREN. ODA has taken to this grand-standing, front work like a duck to water. It has given him a chance to give unbridled vent to his own latent anti-American feelings, puffed him up to the extent that he has been dubbed "the emperor" by other BEHEIREN activists, and given him at long last an ideological mission to pursue. YOSHIKAWA has performed magnificently in feeding ODA's ego needs and in infusing and indoctrinating ODA so that his words and actions take on sufficiently virulent anti-American overtones. ODA has served another vital function for BEHEIREN by recruiting a sizeable number of fellow intellectuals to join the ranks of BEHEIREN activists. (Attachment 1 is a listing of a number of those Japanese who have been identified as active BEHEIREN supporters or sympathizers.)

4. Organizational Development: In its 2 1/2 year history, BEHEIREN has not appreciably changed its organizational format, although it has moved its office three times and modified its name even oftener. BEHEIREN is not a "mass organization", because it has had no sizeable popular backing to the present time. Its hard core, secretariat organization is run by YOSHIKAWA and his lieutenants. Its public image, intellectual front is led by ODA, and given body by a score of like-minded intellectual friends of ODA and YOSHIKAWA, who form the loose body of BEHEIREN's activist leadership. Under this BEHEIREN leadership superstructure lies a paltry base of only several hundred BEHEIREN "rank-and-file" supporters, mostly young Japanese students. Organizationally, BEHEIREN has no formal membership system, so its base of supporters is fluid and not precisely measurable. However, the base support for BEHEIREN has definitely been on the upswing during 1967, and made such notable strides during the past summer that JCP Headquarters officials finally felt constrained to note with concern that BEHEIREN was beginning to drain off a growing number of progressive youth who otherwise would have been absorbed into the JCP's own youth movement. BEHEIREN leaders have tried to help this growth along by setting up a youth section, calling it "Young BEHEIREN." BEHEIREN's imaginative actions and publicity-conscious programs have been responsible for its recent growth, and this period of growth seems to be now on

SECRET

SECRET

-3-

the verge of really picking up speed and momentum. As a result of its role in the case of the four deserting sailors, BEHEIREN has reaped bountiful publicity, has succeeded in touching a delicate Japanese public nerve of sympathy and pacifism, opening a floodgate of support for BEHEIREN from all over Japan. When this case fades from the limelight, it is still most likely that a fair percentage of current wave of popular support for BEHEIREN will solidify into permanent mass backing, giving BEHEIREN, for the first time, a meaningful base to support its future activities.

5. Activities and Accomplishments: BEHEIREN has engaged in a number of propaganda actions, and participated in international anti-Vietnam War activities. It has tried to cooperate with certain front activities in Japan controlled by the JCP, most notably the Japan Committee to Investigate War Crimes in Vietnam activities, which culminated in the Tokyo Court of last August, but has been soundly and rudely rebuffed by the JCP. In spite of this, BEHEIREN has churned along at its own pace, with a continuing series of anti-Vietnam war actions, most of them related in some way to the American pacifist movement. In this regard, BEHEIREN has succeeded in cornering a virtual monopoly on Japanese contacts with the U.S. pacifist movements, and has effectually capitalized on this to promote its own action program. The case of the four deserting sailors, while an apparent lucky windfall for BEHEIREN, only points up the fact that BEHEIREN, through past organizational work and promotional activities, was "johnny-on-the-spot", ready and capable (unique in Japan in this regard) to take the ball and run with it. BEHEIREN ran all the way in this case and scored its most notable success since it was organized. (Attachment 2 is a listing of BEHEIREN's more notable activities since its founding. Attachment 3 is a partial listing of American and other foreign persons known to have been in contact with or cooperated with BEHEIREN.)

B. The Case of the Four Sailor Deserters and BEHEIREN.

1. How It Started: The consensus of all available overt media material, with no recorded dissent, indicates that the four sailors voluntarily left their ship, went AWOL, and ended up wallowing around Tokyo's hippie-land. Precisely what personal grievances prompted the four to embark on this mis-adventure is not yet known. But, up to this point, the four could fairly be categorized as misguided youngsters, gone astray in a foreign land, and due to get slapped back in line with traditional Navy justice when they finally decided to stop the fun and go back to the ship. So far, this made their cases far from unique.

SECRET

SECRET

-4-

2. How It Became an Incident: But instead of returning to their ship of their own volition or being apprehended by the Shore Patrol, the four made contact with BEHEIREN leaders. Again, press reports indicate that this was just a coincidence, that there was no pre-planning by the four to contact BEHEIREN. There are no available overt nor covert reports that indicate otherwise. But, once the BEHEIREN people made contact, they recognized the potential immediately and moved fast for the kill. (Attachment 4 is a Yomiuri Newspaper clipping, 22 November 1967, that is both a representative and comprehensive account of this phase of the case. Even if this article should contain some minor inaccuracies, the basic line seems factual and has not been challenged elsewhere.)

3. BEHEIREN Takes Over: When the four made contact with BEHEIREN, it suddenly became an entirely different ballgame. BEHEIREN had everything needed to capitalize on this: veteran activist leaders who are experienced enough to recognize the windfall that had come their way; an apparatus that could provide hiding places for the four; long standing liaison contacts with Soviet Embassy officials for use in planning exit from Japan; solid contacts with reliable American pacifists with whom the bona fides of the four sailors could be checked; money and organization to capitalize on the propaganda potential (such as preparing a movie film for the initial BEHEIREN press conference announcing the desertion, prepared more likely than not by BEHEIREN stalwart KUEO Keinosuke, an independent film producer); and English speaking activists capable of sympathizing, encouraging, soothing, or agitating the four young sailors, so that there would be no turning back.

4. The BEHEIREN Apparatus At Work: While many of the small pieces of this puzzle, which would put the whole case in proper detailed chronological order and eliminate speculation on minor points, are still missing, enough is known now, through overt and covert sources, that the picture of BEHEIREN's adept handling of this case shines through clearly. The following elements, all part of the BEHEIREN apparatus, make up the bulk of the picture:

a) Hide-out: When BEHEIREN got hold of the four on about 26 October, they had to be hidden out for the approximate two week period until their exit from Japan could be arranged. This presented BEHEIREN no great logistical problem. A number of the BEHEIREN activist leaders have homes well suited to harboring fugitives. For example, BEHEIREN activist leader FUKASAKI Mitsusada has a villa hidden away in Chigasaki, which was used on the night of 12 September for a meeting of about 20 top BEHEIREN leaders, and which would be highly suitable

SECRET

SECRET

-5-

for hiding the four deserters. Other private dwellings, belonging to BEHEIREN leaders and loyal supporters, are scattered throughout both the Kanto and Kansai areas.

b) BEHEIREN/Soviet Liaison: BEHEIREN Secretary General YOSHIKAWA has maintained periodic contact with Soviet Embassy officials for years. BEHEIREN Chairman ODA has met Soviet Peace Committee officials in Moscow. The exact means of how this liaison was accomplished in this case is precisely known from a covert phone tap on the Soviet Embassy's line. A full transcript is available of two phone calls made on 30 October, first by Brian Victoria to Chief Press Attache Nikolay V. Vasilyevich, and second by YOSHIKAWA to First Secretary Sergey D. Anisimov, urgently requesting a private meeting later that day to discuss "an extremely important, extremely delicate matter", without doubt the case of the four sailors.

c) BEHEIREN/U.S. Pacifist Liaison: BEHEIREN contacted Dartmouth University professor Ernest P. Young, who flew to Japan on 8 November, apparently helped BEHEIREN leaders check out the bona fides of the deserters, and returned to the U.S. on 11 November. (Attachment 5 is the translation of a Sankai Shimbun article, dated 21 November, reporting an interview with Young, giving his version of his role in this case.)

5. Escape to Moscow: The four deserters turned up in Moscow on 20 November. The press has speculated widely and unanimously that the four left Japan on the Soviet passenger ship Baikal on 11 November. Again, there is no dissenting opinion, overt nor covert. The only mystery concerning this final phase of the Japanese portion of this case concerns the mechanics of how the four boarded the Baikal and who assisted in this maneuver. But with the sailing of the Baikal from Yokohama, BEHEIREN completed its most highly successful and beautifully executed activity in its 2 1/2 year history. Not only did BEHEIREN smear the American Government's image in Japan, not only did BEHEIREN gain a vast amount of priceless publicity that will swell the ranks of its supporters and be invaluable in future activities, but BEHEIREN doubtlessly even made a profit, financially, on this low budget operation - donations are still pouring into BEHEIREN Headquarters from all over Japan to "help and protect U.S. deserters".

Attachment No. 2

Some BEHEIREN Activities and Accomplishments

1. Regular once-per-month demonstrations at a public park in Tokyo, consisting of anti-American speeches and followed by street marches.
2. An all night TV "teach-in" with BEHEIREN activist leaders, along with special guest, U. S. pacifist Carl Oglesby (Chairman of the Students for a Democratic Society.)
3. A full page advertisement in the New York Times (16 November 1965), followed by another full page ad in the Washington Post (3 April 1967), appealing to Americans to stop the war in Vietnam.
4. A "Meet in Conference of Two Nations for Peace in Vietnam," held in Tokyo in August 1966, and attended by BEHEIREN activists and seven U.S. pacifist leaders (including Dave Dellinger), and observers from France, England, Canada, the USSR, Pakistan, and Mongolia.
5. A mass meeting in Tokyo in October 1966, guest speakers of which were French pacifists, Jean-Paul Sartre and Simone de Beauvoir.
6. Nationwide tours of Japan for lectures and peace rallies for such anti-Vietnam war pacifists as Professor Howard Zinn and the late A. J. Muste of the United States, Claude Bourdet of France, and Thich Nhat Hanh of South Vietnam.
7. A mass meeting in Tokyo in January 1967, sponsored by BEHEIREN and featuring U.S. folk singer and pacifist Joan Baez.
8. A continuing program of direct distribution of pamphlets to U.S. troops stationed in Japan, and those coming to Japan on warships, and for rest or hospitalization from Vietnam.
9. Participation by two BEHEIREN activist leaders (Kyoto University professor KUWABARA Takeo and International House staffer TSURUMI Yoshiyuki, taking advantage of a trip to the U.S. to attend a non-political Japan-America Congress on Cultural Problems) in anti-Vietnam war speech rallies and demonstrations at Dartmouth University in early May 1967, followed by an unsuccessful attempt to invite Cassius Clay to visit Japan on behalf of BEHEIREN.
10. Continuing efforts to bring to Japan for a nationwide

S E C R E T

S E C R E T

speech tour on behalf of BEHEIREN, Soviet poet Yevgeni Yevtushenko, an effort that has not yet reached fruition but is still per~~ing~~.

11. Participation in the Stockholm July 1967 "World Conference on Vietnam," by sending two BEHEIREN activist leaders as delegates.

12. Cooperation with the U.S. Quakers, pacifists, and Earle Reynolds in sending the yacht "Phoenix" with medical aid, first to Haiphong, then on a second trip in the Fall of 1967, seeking but failing to find landfall to deliver medical aid to either North or South Vietnam.

13. Attempted, but failed due to inability to obtain U.S. visa, to send a BEHEIREN activist leader (MUTO Ichiyo) to the U.S. to participate in the 21 October 1967 anti-Vietnam War demonstrations.

14. Currently carrying out a fund raising campaign to send an aid ship to North Vietnam. In this, and other activities, BEHEIREN leaders are maintaining ever closer liaison contact with their counterparts abroad, such as the French "Comite' Vietnam National." In an effort to generate public support for this aid ship fund raising campaign, BEHEIREN succeeded in issuing a public appeal, under the endorsing signatures of Tokyo Governor MINOBE Ryokichi and Yokohama Mayor ASUKATA Ichio, as well as the usual intellectuals supporting BEHEIREN.

15. In October 1967, BEHEIREN solicited approval to hold anti-Vietnam War demonstrations in front of the U.S. Embassy in Tokyo, expecting to be denied and then intending to make this denial a court test case. Instead, BEHEIREN was given this permission, and conducted two orderly and well-publicized demonstrations in front of the American Embassy, garnering a larger public turn out of participants than in any previous BEHEIREN-sponsored demonstration.

16. Assisted and abetted the defection to the USSR of four American sailors from the U.S. Navy carrier Intrepid. Following this success, BEHEIREN's most effective activity to date, BEHEIREN leaders are organizing a permanent "underground railway" of Japanese intellectuals who will volunteer their homes as possible "way stops" for hiding future U.S. military deserters that BEHEIREN now hopes to induce.

4 US Deserters Possibly Left Japan Aboard Baikal

The four deserters from the US aircraft carrier Intrepid who made a dramatic television appearance Monday in Moscow are believed to have left Japan irregularly by the Soviet liner Baikal which left Yokohama on November 11 for the Far East Soviet port of Nakhodka.

Sources in the Metropolitan Police Department said Tuesday that the four Americans could have boarded the ship by a special gangway for Soviet Government officials.

Japanese watchmen were on guard at another gangway for ordinary passengers when 222 listed passengers, including eight Americans, boarded the liner before it departed Yokohama at 11:50 am, November 11.

The watchmen told police that they did not see any person who was not on the passenger list board the ship through the ordinary gangway.

It was learned that 17 officials of the Soviet Embassy and trade mission in Tokyo and scores of visitors boarded the Baikal through the special gangway.

The police sources said that it was "quite possible" that the Soviet authorities in Tokyo arranged the deserters' exit.

Beheiren Pledge

Yuichi Yoshikawa, secretary-general of the Japan Peace-For-Vietnam Committee (Beheiren), told a press conference Tuesday that the committee could not disclose how the four Americans left because it had promised not to do so.

He neither affirmed nor denied the report that the Americans left Japan by the Baikal on November 11.

It was the Beheiren which announced for the first time the desertion of the four crew members of the Intrepid to pro-

test against the Vietnam war, at a press conference held November 13 in Tokyo.

Yoshikawa said that the deserters first wanted to live peacefully in Japan and asked the Beheiren to find them jobs in which they could utilize their English proficiency.

The Beheiren told them that they could not live in Japan without being found by the Japanese police or US military authorities sooner or later, Yoshikawa said.

Lived Like Hippies

Hiroshi Naito, 20, a painter of Tokyo, told The Yomiuri Shimbun that he and his friend, Sansei Yamao, a hippie poet and member of the Beheiren, acted as go-betweens for the deserters and the Beheiren.

Naito said he met two of the four deserters—Airman Dick D. Bailey, 19, and Airman Mike A. Lindner, 19—at a hippie hangout in Shinjuku around October 20.

He said both Americans wore leather jackets and other informal clothing which they said they borrowed from their Japanese hippie friends hanging around the Shinjuku area.

Bailey and Lindner and the other two—Airman John M. Barilla, 20, and Airman Apprentice Craig W. Anderson, 20—went around in pairs, Naito said.

Naito said he let Bailey and Lindner stay overnight at his house in Hayamiyacho, Nerima-ku, from October 24 to 25.

Not Worried

When he first met the deserters, they were practically penniless but appeared quite unconcerned, Naito said.

He said the deserters apparently enjoyed hippie life, living on cheap Japanese food and drink such as udon (noodles) and shochu.

He said the four Americans wanted to live in Japan, and if possible in Tokyo.

Naito and his friend Yamao decided to ask the help of the Beheiren and delivered the four men to the Beheiren around November 26.

Naito said he believed that all the four Americans were not communists and that they had no interest in communist ideology.

He said the four must have decided to go to some neutral country via the Soviet Union after they learned that they could not live in Japan.

A spokesman for the Justice Ministry said Tuesday that there was nothing legally wrong in the four Americans leaving Japan because the administrative agreement in the Japan-US Security Treaty guarantees US military personnel the right to come, to stay in or leave Japan.

He said he understood that the four Americans were technically still enlisted US military personnel.

Furthermore, if their exit took place on November 11, it was before US authorities made an official request to the Japanese police to search for them, he added.

He also said there were no Japanese laws allowing charges to be preferred against the Beheiren officials and other Japanese people who "protected" the Americans in Japan and helped their departure to the Soviet Union.

Prof. YOUNG Says Four American Deserter Seamen Not in Japan Any More

Went to Tokyo and Tried to Dissuade Them;
Probably Escaped from Japan on the 12th or the 13th

(New York, November 20, Correspondent Tadashi ONODERA) Professor Ernest P. YOUNG of Dartmouth College in the U.S., consented to an interview with this reporter on the question of the four American seamen who deserted from the U.S. aircraft carrier Intrepid. At the interview held on the 19th, Professor YOUNG clarified that the Peace for Vietnam Association (Beheiren, with Makoto ODA acting as its representative) contacted an anti-war organization in the U.S., and at this, Professor YOUNG hurriedly visited Tokyo, and meeting the four seamen in a room in an apartment house in Tokyo on the 9th and 10th; tried to persuade them to return. In regard to the present whereabouts of these four seamen, he made the noteworthy statement that "those four were still in Japan, up until the night of the 11th, when I left Japan, but they are probably no longer in Japan now."

Families Perplexed

The questions and answers exchanged with Professor YOUNG are as follows:

Q -- Why did you go to Japan?

Professor: Beheiren contacted David DELLINGER, a pacifist activist in the U.S., asking him to "send someone to Japan to hear the stories of the four seamen and announce them in the U.S." I have been in Japan twice, and I also once served as special assistant to Ambassador REISCHAUER.

During that time, I became friends with Beheiren representative ODA and other intellectuals in Japan. It was for these reasons that I was given this assignment. I personally have never participated actively in the anti-Vietnam war movement so far.

Q -- When did you arrive in Japan, and where did you meet the four seamen?

Professor: I arrived in Haneda on November 8, and met the four seamen on the 9th and the 10th. The place of interview was in an apartment house in Tokyo, but I cannot say at this time where that apartment house was and who owned it. However, on both days, I talked fully with these four seamen, for more than three hours on each occasion (according to an investigation made by the public security authorities, Professor YOUNG arrived in Japan toward the evening of the 8th, and stayed at Hotel Tanakanwa in Shiba, Minato-ku, until the morning of the 11th).

Q -- What were the motives for these four seamen's desertion?

Professor: The desertion was completely the decision of these four persons. It seems that the four seamen decided not to return to the ship, when the Intrepid entered Yokosuka Port on October 17, and they were permitted to go ashore for rest for one week. My impression on meeting these four seamen was that they were definitely not deserting for the purpose of self-advertisement or that they were giving false reasons. I am convinced that they deserted really out of doubt about the Vietnam war.

Q -- What were the movements of the four after they deserted?

Professor: On the night of the 23rd, two days before the Intrepid was due to sail, the four went to Shinjuku, and told the people whom they met at a bar they happened to visit, that "we are fed up with war." The Japanese who heard them sympathized with them, and at one time, the four lived with some hippies (according to this paper's investigations, they include Mr. K., a student of Tokyo University's Liberal Arts Department, and vanguard artist A., who gather at Fugetsudo in Shinjuku.) Finally,

SECRETRamon Joseph ALVAREZ Durant

Recruited: March 1955 as member Station unilateral surveillance team.
OA - 28 Feb 1955.

1 Oct 55: Converted to Contract status w/annual salary \$3600.

Late:1956: P/A in charge of surveillance team & also was in charge of photo surveillance of the Soviet Mission, including processing the film. LIEMPTY was crypt for the ~~xxx~~ support team targetted against the Soviet Embassy. Under LIEMPTY, the 3 basehouse were encrypted:

LIMITED - basehouse across street from Soviet Embassy.

LILYRIC - basehouse across the street from Soviet Embassy.

LICALLA - basehouse ~~xx~~ from which pictures taken from garden area of Soviet Embassy.

See next page

Note: photo of man alleged to be OSWALD was taken from the LIMITED basehouse.

12 Dec 58: ALVAREZ married LIEMPTY-19 (Hester ROOS, who assisted him during the next 10 years as a part-time support asset ~~in~~ as P/A for the LIEMPTY activity, surveillance & photo coverage of the Soviet target (1958-1968.

In Oct 1962: In order provide maximum compartmentation between the various basehouses, Oliver G. SCANTLING was inserted as the cutout to the LIMITED basehouse and its basehouse keepers (LIEMPTY-6 & 8), replacing ALVAREZ. ALVAREZ continued as cutout for the LIENTRAP (roving van), LICALLA and LILYRIC. This gave ALVAREZ more time to process raw photo take.

This continued from October 1962 until 1 Sept 1964 when ALVAREZ assumed cutout responsibility for LIMITED basehouse - again.

In 1969: ALVAREZ separated from LIEMPTY-19 and a ~~xxxxxxx~~ messy divorce suit followed. In Dec 1969, he was put on half pay & had his ops duties suspended due his full-time involvement in legal matters re the divorce. On 26 June 7 he & LI-19 signed quit claims & secrecy agreements. ALVAREZ paid \$10,000 as termination bonus. Last Station contact with ALVAREZ was ~~xxxxxxx~~ May 71 when ALVAREZ received the last of his termination bonuses. visited

In 1963 when OSWALD allegedly ~~xxxxxxx~~ the Soviet Embassy, SCANTLING was ~~xxx~~ the P/A for the LIMITED basehouse and LIEMPTY-6 (Jorge Barcello VILLAGRAN Alvarez) was the photo tech who took the pictures. 05941

SECRET

SECRET

LIEMPTY-6 was recruited in June 1954 as member of physical surveillance team. In Dec. 1955, he and his wife occupied the LIMITED basehouse. He took pictures for 13 years & was terminated 31 May 1968, signed quit claim & secrecy agreement which was witnessed by ~~ERR~~ ALVAREZ.

ALVAREZ ~~was~~ presumably was the individual who developed the photos which LIEMPTY-6 took, as well as the photo tech coverage of the other 2 basehouses.

SCANTLING's true name is Juan N. FRAIS-RAMIREZ. (Contract agent)

Soviet Embassy Coverage:

Project LIEMPTY concerned primarily with photo coverage of the Soviet installation. Active from mid-1955 through 30 June 1972. ^{at termination as 1972} It supported 2 of the original 3 basehouses which were:

LIMITED had been terminated.

LICALLA (activated in 1957 to provide photo coverage the rear (garden, parking lot area) of the Sov. Embassy.

LILYRIC (activated 1956 to provide photo coverage of the front entrance of the Soviet Emb. Terminat 30 June 1972.

LIMITED (activated in 1955 to provide photo coverage of the front entrance of the Sov. Emb. Terminate 31 May 1968.

MEMO FOR FILE

SUBJECT C : OTS (late TSD) and Jim McCord's Cuban Activities

1. Ben Colling phoned to say that one of the fellows in jail is still around, and after he got out he inquired around and got no indication that McCord was ever involved. None of the other OTS people have any recollection of McCord's involvement.

2. I said that I was sure that the man who was rolled up might not have any idea of McCord's involvement, if indeed he was involved. If McCord's involvement was merely headquarters planning and no releasing operation was ever undertaken his role might never surface. However, we had been told that planning did involve TSD people at the time, along with Security. For instance, I knew that the Security man with TSD at the time had a job of hand-holding with the families of the three men; there may be some TSD record of that which would lead to someone who would know.

3. Colling was pulled out of a staff meeting to talk to me and said he would call back later.

MEMORANDUM FOR: DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT : Summary of ⁰²STESCALADE - Audio Operation
Against the New China News Agency in Havana

1. In May 1959, the New China News Agency (NCNA) opened an office in Havana in the El Medico Building which is occupied partly by business concerns and partly used for residential apartments. Shortly thereafter, the Havana Station obtained the concurrence of Ambassador Bonsal and Miss Carolyn O. Stacey, an Embassy employee, to mount an audio operation against NCNA through the wall of the adjacent apartment in which Miss Stacey lived. In November 1959, the FE Division sent one case officer and one TSD technician to Havana, and the installation of a microphone and tape recorder was completed in Miss Stacey's apartment on 29 November 1959.

2. By June 1960, it had become evident that two other rooms occupied by NCNA possibly housed communication equipment and were used for conferences. At that time ⁰³[Bryan Mills] FE Division case officer, went to Havana and explored the possibility of improving the operation. He managed to lease an apartment directly over the NCNA office and arranged for a stay-behind agent to occupy this space.

3. In August 1960, a team of three TSD technicians who were in Havana on a separate SR Division operation agreed to install the additional equipment required for the NCNA operation. A second FE Division case officer, Robert Neet, came down to Havana; and he, together with the technicians, installed ⁰³a probe microphone and tape recorder in the apartment obtained by [Mills] over the NCNA office. About this time the equipment was removed from Miss Stacey's apartment, with the exception of the plastic probe which was left in the wall and plastered over.

6592

3/90

S-E-C-R-E-T

4. As an additional security precaution to provide a safe haven, and after consultation with the Acting Chief of Station, a key to an apartment in the same building leased by Mrs. Marjorie Lennox, an Embassy secretary, was obtained. Mrs. Lennox was told that access to her apartment was needed for photographic surveillance purposes.

5. The Station was then faced with the probability that time and security would work against holding indefinitely the lease to the apartment over NCNA since the owners of the building were cancelling sub-lessors' contracts and recalling leases. It was, therefore, decided to install transmitters and switches in order to permit continued monitoring of the target from a distant listening post. Another three-man team of TSD technicians consisting of David L. Christ (alias Carswell), Walter E. Szuminski (alias Taransky) and Thornton J. Anderson (alias Danbrunt) documented as tourists had been sent to Havana to install audio equipment in the Chinese Nationalist Embassy before it was due to be turned over to the Chinese Communists. This operation aborted. This team was then sent to work on the installation of the transmitters in the apartment over the NCNA office.

6. At 2400 hours on 14 September, Christ, who with the other technicians was working in the target apartment, failed to keep a scheduled appointment with Neet. At 0100 hours on the 15th of September, the apartment of Mrs. Lennox was entered into and searched by Cuban authorities, and she was taken into custody. At 1540 hours on 15 September, Neet, the stay-behind agent and his wife were picked up by the Cuban authorities and detained.

7. As of today the agent remains in the custody of the Cuban authorities. His wife has been released and is still in Havana. Neet was released 1715 hours 16 September and has subsequently returned to Washington where he is being debriefed. Mrs. Lennox was subsequently released and has also returned to Washington where she is being debriefed. The three TSD technicians remain in confinement. They have been seen in confinement but not contacted by an Embassy officer when he first attempted to secure the release of Mrs. Lennox. Christ was last seen by Neet when they were jointly interrogated the morning of 16 September. At that time Christ did not appear

S-E-C-R-E-T

to have been maltreated.

8. According to articles in the Cuban papers the three technicians were arrested while in the apartment over the NCNA office and completing the installation of the equipment. The press article adds that the key to Mrs. Lennox's apartment was found on one of the technicians who identified the apartment to which it belonged. All Cuban press releases have referred to the men by alias and have not identified them as Government or Agency employees. It is unclear at present what story had been agreed upon by the technicians and station personnel to be used in the event they were caught. (While being interrogated with Neet, Christ indicated that Neet was his boss, and Neet consistently denied any knowledge as to why he was being held.) The sub-lease for the apartment in which the men were caught is in the name of the stay-behind agent with the original lease being in the name of [Mills] the FE Division Case Officer.

9. Initial information indicated that the three technicians would be charged with espionage "against the people of China". Subsequent press releases have been unclear on this point. An attempt by Consul Hugh Kessler to contact the three men at 1730 hours on 17 September was unsuccessful. He was not permitted to see them but was told they were in custody.

10. The three technicians travelled to Cuba as tourists under very light commercial cover, two of them working for a company in New York and the third, one in Baltimore. In each case the cover company consists of a telephone answering service and a name on the door. Telephone messages and mail are picked up periodically by an Agency contract employee. The men were provided with this cover as well as unbackstopped home addresses for use when entering or leaving Cuba as tourists since the filling out of the landing card requires this information. Subsequent to their detention the home addresses have been partially backstopped so that inquiries will indicate that someone with this alias name had lived in the apartment house in question. Insofar as the cover companies are concerned, efforts are being made to provide a backstop to withstand inquiries from the press should the Cubans reveal this information. In view

4/20

S-E-C-R-E-T

of the thinness of the cover, it is uncertain whether this will succeed.

11. A cleared and witting law firm in New York has been briefed by Mr. L. Houston on the situation with the thought that inquiries received by the cover company could be referred to the firm of lawyers from whom no comment would be obtained by the press or other inquirers. The law firm has been briefed on the entire situation so that they may be in a position to act if any action by them appears desirable or feasible. It would not appear that much support of any kind can be obtained from the law firm or the law firms in Cuba which are associated with them.

12. Insofar as the families are concerned, one of the technicians is a bachelor presently on home leave between two tours in [Japan]. His father, a cook in a diner in the Boston area, has been contacted by the Office of Security, and he will get in touch with Security if he receives any inquiries on this matter. Security, by the same token, will keep in touch with him as the Cubans reveal their intentions and course of action.

13. The wives of the other two technicians have been told what has happened and are being contacted at least once daily by TSD staffers and their wives who have been briefed on the situation. A conference with the two wives was held in TSD on 19 September to go over the whole situation and determine if there were any personal problems on which the Agency could be of help. For the time being the wives are telling their neighbors that their husbands are on a trip. This story will be adjusted depending on what course of action the Cuban Government takes, whether the aliases remain unbroken and whether recognizable photographs of the individuals are released to the press. The two wives so far have taken the bad news exceedingly well.

RELEASE CONTINGENCY PLAN 62-2

CHART ON MAY REFERENCE:

Sectional aeronautical charts as required.

TASK ORGANIZATION:

Det. 1, 1045th Operational Evaluation and Training Group, Major Billy B. Campbell, Commander.

1. SITUATION:

Daniel L. Carwell (Alias), Eugene H. Penbrun (Alias) and Edward R. Teransky (Alias) are THD Staff Employees who were apprehended by Cuban authorities in September 1960 and who are now serving ten year sentences. Efforts are being made to secure their release. Since their release may occur without advance notice and at a variety of places, i.e. Havana, Miami, Mexico City, Switzerland, Brazil, etc., it is imperative that a contingency plan be formulated to ensure the secure reception of these employees.

The controlling factor in all phases of the release procedure is that these employees were in Cuba under alias and that during the entire period since their capture their aliases and cover stories apparently have been maintained. Therefore it is essential that these aliases be maintained until such time as the employees have returned to Agency control and then have these aliases immediately disappear as quickly as possible.

For planning purposes the release points will be Mexico, Mexico City or "other areas".

2. MISSION:

Det. 1, 1045th Operational Evaluation and Training Group provide black air transportation then per AF policy COMUSCIB to the designated safe area.

3. EXECUTION:

A. Black air transport will be provided under this plan at the request of WFW, CUS Mexico, or Operational Support Directorate/AS/DOCS depending on the release point and port of entry.

3. Request for black transport should include:

1. Request that RELEASE CONTINGENCY PLAN 62-2 be implemented.
2. Port of entry.
3. Date, local time, and airfield desired for pick up.
4. Desired destination.
5. Other requirements, i.e., stretchers or bunks in the event subjects are hospital cases.
6. Name, organization and telephone number of requesting party.
7. Name and telephone number of KUBARK contacts at loading and off-loading points.

C. The following personnel are knowledgeable and charged with the responsibility of activating this plan:

1. Major Richard I. Skizzen, AS/ASD/DD/P
 Organization: Air Support Division, DD/P
 Home Phone: JR 3-1109
 Office Phone: Sterile Numbers ME 8-6235, EX 3-8515
 Extensions 6862, 7664, 7367
 Red Line 1958
2. Mr. Robert Marreco
 Organization: Air Support Division, DD/P
 Home Phone: JA 4-3598
 Office Phone: Same as 1.
3. Major Billy B. Campbell, Commander, Det. 1.
 Organization: Det. 1, 1045th Operational Evaluation and Training Group, Eglin Air Force Base, Florida.
 Home Phone: 662737
 Office Phone: Eglin Air Force Base, Florida 631590
4. Major Kenneth R. Burton, Ops Officer, Det. 1.
 Organization: Det. 1, 1045th Operational Evaluation and Training Group, Eglin Air Force Base, Florida.
 Home Phone: 662464
 Office Phone: Eglin Air Force Base, Florida 631213

S-E-C-R-E-T

S-E-C-R-E-T

- 3 -

D. Det. 1 furnish 1 C-54 and crew in standby capacity until further notice. Standby capacity is herein defined as capability to position the aircraft at any port of entry in east, south or southwest U. S. from Boston to Los Angeles within 15 hours.

E. Assuming the subjects will be released in Havana or Mexico City, Det. 1 will prepare mission folders for flights from most probable ports of entry to Isolation and Andrews Air Force Base.

27 November 1962

Subject: Reported Use of Yacht Potomac by Alpha 66

1. On 20 Nov 62 LAFO received an unsolicited telephone call on the listed telephone number. The caller wanted to advise that there was reportedly in the harbor at Long Beach a vessel, formerly used by the late Theodore Roosevelt, called the Potomac. This vessel, according to the informant, was being used by the Alpha 66 organization. She was believed taking on a cargo of weapons crated as Argentine beef, and destined to leave soon for Seattle. He added that a Wes Davis had just signed on as an engineer, and there was another character named Cliff Roberts on board. Both were described as bearded adventurers.

2. The caller refused to identify himself, claiming that he did not know whether contact with the Agency would be approved by his employer, and further did not know whether or not the information was valid or of interest.

3. In response to a call to the Intelligence Officer, USCG, it was learned that there is a vessel, the Potomac, formerly one of the 155' USCG cutters. For some time it had been used by the late F. D. Roosevelt as the presidential yacht. Later it had been disposed of to the Maryland (State) Fish and Game Commission, and more recently it had been acquired by the Hydra-Capital, Inc., 410 West Coast Highway, Newport Beach, California (OR 5-1549).

4. USCG advised further that an investigator for the Los Angeles County Prosecutor, D. L. Wheeler, had accepted an assignment (taking leave of absence to do so) to bring the Potomac from the Barbados to California. The plan, supposedly, was to make her a floating museum of some sort. On his arrival in Barbados, Wheeler is reported to have found the craft in foul shape, with only a single engine operative. He refused the job and returned to Los Angeles. The craft later, however, did turn up in San Diego in October and was later observed tied up in Cerritos Channel; Los Angeles harbor area; and subsequently, she was moved back to San Diego, where it is presently in a shipyard. She has since been painted, and appears to be undergoing some modifications to her hull.

5. The unidentified informant (paragraphs 1 and 2), subsequently identified as Asst. US Attorney Bill Spivak, was re-contacted by telephone. It was suggested to him that in the event any more information concerning the Potomac and the likelihood of her use in any foreign activity came his way, we would appreciate another call. On this occasion, Spivak volunteered the statement that it was his understanding that the Cliff Roberts he had referred to previously had come from Barbados with the vessel. This was Spivak's first reference to Barbados.

6. The above is for your information only. The sketchiness of the material presented LAFO as well as the circumstances of its origin militate against its credibility. As a consequence, no follow-up is anticipated unless requested.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Contact Division
 AFM : Support Branch
 FROM : Chief, New York Office

DATE: 31 August 1962

SUBJECT: ⁰⁶ [Robert Pratchett] Cuban Counterrevolutionary Group, Alpha-66

1. We came in contact with a new source who will be a continuing one, known as [Robert A. Pratchett], a US citizen with 27 years experience in Cuba who is currently in direct contact with a Cuban counterrevolutionary group in the US known as Alpha-66, and who is also in contact with anti-Castro Cubans working in Havana. He will give us more detailed information during the coming weeks, and represent to us the ambitions, operations and proposed sabotage activities of Alpha-66 so that they can either be controlled, encouraged or discouraged, as the case may be from the viewpoint of those interested in Cuban action groups.

2. Bio data on Pratchett, for any prior clearance or interest in him, based on what he may present to us for consideration, is as follows:

Date & Place of Birth - ⁰⁸ [31 Oct 1918,] Havana, Cuba (US citizen by birth)

Education - ⁰⁸ [University of Pennsylvania, 1940]

Employment - 1961 - Present ⁰⁸ [H. H. Pike Co., New York and Havana
 1958 - 1960 [Brando and Co., Havana
 1946 - 1958 [Paramount Pictures International, Havana
 1941 - 1945 [US Army (Rank of Major)]

Present Address - ⁰⁸ [35 Walton Ave., New Providence, New Jersey]

3. Pratchett, who appears to be a mature and loyal US citizen, is interested in being of the best possible service to the US Government in a non-pay status, in assisting where he can in terms of his detailed knowledge of Cubans, Cuba, and the Spanish language, which he speaks perfectly. Other than observing the plans of the Alpha-66 group as a potentially successful sabotage group, he is not affiliated with any counterrevolutionary group, but is now in business for himself as a ⁰⁸ private investor in a firm he owns and operates, called [PREFIX Business Forms Inc., 60 East 42nd St., New York. He indicated that Alpha-66 plans were to blow all the power plants in Cuba.

UNITED STATES GOVERNMENT

Memorandum

TO : Chief, Contact Division
ATTN: Support Branch (Crowley)
FROM : Chief, Minneapolis Office

DATE: 31 August 1962

SUBJECT: Cuban Refugee Group

1. Enclosed are three names provided by (George Hauer) of Cleveland, Ohio. These apparently are the leaders of the Cuban group which you and I have discussed in some detail. For the record, (Hauer) got in touch with me because we had some rather extensive debriefing sessions in 1959, and apparently he prefers to continue that relationship for the present. Headquarters' records will show, however, that he was interviewed by Gene Rittenburg in September 1960. *oc*
2. The Cubans listed on the enclosure are the leaders of a small group which is shuttling back and forth to Cuba for the purpose of establishing reception groups, taking in medical supplies, ammunition and weapons, and to bring out other Cubans who wish to leave the country. As you know from our discussions, they are seeking help in the form of supplies, etc. (Hauer) understands that no help will be given without some measure of control by our Agency, and he agreed to provide the names for Agency consideration. The third man on the list is in Cuba at the present time. (Hauer) specifically requested that we treat any on-the-street investigation with great care. *oc*
3. Please expedite any checking you might do and give me your expression of interest as soon as possible. (Hauer) is not an exceptionally patient man, and I certainly expect to receive an inquiry from him in the near future. I believe he is genuinely motivated and quite capable, and in his present position of recruiting executive personnel for (Ernst & Ernst) he could be quite useful to the Agency. *oc*

Subject: Specific: Information concerning Idem A

Info: Chief, FE

JUL

ACTION REQUIRED: None

In answer to request of Gregory O. SAGGIAN, the following is a composite of information from Samuel P. ELIE (TUSPUN) (IDEM B) and VERAIL M. ROBINSON (IDEM C) concerning Idem A.

1. Description of subject: between 35 and 40 years old, about 6 feet tall, rather bald, small nose, very strong and vigorous, fine white teeth, Jewish. Speaks quite good English. He is married and has one 9 or 10-year old daughter. He has a sister in New York who is a naturalized American citizen. Idem A says subject speaks well, loves fine music, has an impressive library, reads continuously and paints very well.

2. Early during the war he was deported as a Jew to a German concentration camp (detained prisoner's identification number on right fore-arm—9774), where he spent several horrible years and survived only by luck. Since 1945 he has spent most of his time in Indochina and was apparently in intelligence or related fields most of the time. TUSPUN reports that the first HOANG rap in Hanoi 1950-51 was crushed in by an offer from subject to mount combined operations and was shortly afterwards declared prohibited and quashed by the French.

3. Subject took part as a civilian in the Atlantic Operation, and, according to one report, went in with vast sums of money to make propaganda, buy off the opposition, etc. TUSPUN (Idem B) and WHEELER (Idem E) considered Idem A's accomplishment in Central Viet Nam among the few notable achievements in that area, particularly in respect to his contribution to the Vietnamese pacification program which he coordinated throughout the course of Operation Atlanta.

4. Subject is an old friend of Col. Jean Garbano, former chief of VIA. He was for a time (June-August 1955) in the National Security Division, during which time he proposed to VILLIERS joint operations—pool resources and experience—(similar to Hanoi proposal, above) but VILLIERS refused, considered proposal pre-emptive maneuver.

5. March-April 1954, subject approached Station and ORCID for military support for program to support nucleus of a people's militia (people's militia) in the Ha Trung area. Information and correspondence on this proposal will be sent upon request.

6. In February-March 1955, subject was sent by the French on a special mission to Poland and East Germany to attend a conference.

7. Subject claims that while working for SMH he engaged in operations for SMH, who later asked that he be removed from Belgium. Subject stated that SMH wanted to get rid of him for "political" reasons—approximately 15 December 1954.

8. At present Subject is Minister of Defense in French High Command at Paris, as of 26 December 1954. He frequently travels to Belgium, was seen here last 17 May.

SUBJECT	Operational/GYROSE Agreed Activities			ABSTRACT
ACTION REQUIRED - REFERENCES				MICROFILM
<p>REFERENCE: DIR-14742</p> <p>1. <u>INTRODUCTION.</u> As a follow up to reference, Maj. Watlington arrived in Miami on 6 June 1962. After Maj. Watlington had an opportunity to discuss the local situation with Lt. Col. Carlos Causes, the local ACSI representative, arrangements were made for a lengthy session on the subject of Agreed Activities. It was agreed that this discussion would take place at 1000 hours on 7 June 1962 at a JMWAVE safehouse facility. This meeting subsequently took place as scheduled and was participated in by Lt. Col. Causes, Maj. Watlington, Dudley R. JENTONS, Charles B. WIESINGER and Andrew K. REUTEMAN. The specific points which were outlined in this discussion are covered in the following paragraph.</p> <p>2. <u>DISCUSSIONS.</u> In the course of the 7 June 1962 conversations with ACSI representatives the following topics worthy of recording were discussed.</p> <p>a. <u>Opa Locka Refugee Referral Procedures.</u> Maj. Watlington made the point that in accordance with the agreements which had been reached between ACSI and KUBARK, local procedures were to be agreed upon in order that ACSI might obtain refugee referrals from Opa Locka which could be used as a basis upon which to mount OB collection operations. Maj. Watlington underscored the point that ACSI had no interest or charter to run other than OB collection operations. At the same time if any of their operations produced intelligence on subject matter other than OB, this intelligence would be reported via existing ACSI reports channels. REUTEMAN indicated that JMWAVE acknowledged the validity of ACSI's mission in the OB field, and we were therefore willing to cooperate fully in this regard. On the other hand, we believed that it was essential that certain</p>

safeguards be built into any Opa Locka referral in order that we could minimize the possibilities for duplication of effort and/or wire crossing. This concept was readily accepted by Maj. Watlington. It did not, however, strike a totally responsive chord in Lt. Col. Causes. This was noted but in order to proceed with preliminary arrangements, REUTEMAN put forth the proposal that ACSI register a list of agent requirements with Opa Locka and that this list could then be used as a basis upon which refugee screenings could be conducted. It was suggested that Col. Kail would be the logical point of reference in Opa Locka through which the referral system could be managed. In this connection it was pointed out that once Col. Kail identified an individual whom he considered to be primarily of ACSI interest, he could arrange for this individual to be referred to Lt. Col. Causes' covert unit. At the same time Col. Kail would make arrangements to pass to KUBARK representatives at Opa Locka and to Station JMWAVE a copy of the Opa Locka debriefing of the individual who had been referred to ACSI. Upon receipt of this information KUBARK representatives at Opa Locka and at Station JMWAVE would review the referral. If this review revealed that the individual was not of operational interest to JMWAVE and his primary access was not in fields other than OB, no objections would be expressed relative to ACSI retention and full exploitation of the body. Maj. Watlington expressed satisfaction with this proposal and stated that he would be prepared to discuss it further once he had an opportunity to personally review the functioning of the Opa Locka center.

201-24312 FR

RE USE by ANOTHER U.S. AGENCY: JUNE 61

13 b. Antonio *CUESTA Valle. Born 13 June 1926. Lt. Col. Causes asked if we could clarify the current status of our relationship with Cuesta. As this name did not ring a bell with any of the JMWAVE representatives, Lt. Col. Causes was asked for further details. This produced the statement that ACSI was interested in Cuesta and wanted to use him in an infiltration operation. ACSI had allegedly previously traced Cuesta with Station JMWAVE and had received the reply that KUBARK had been in touch with the individual but had terminated him because he was unreliable. In view of this response Lt. Col. Causes wanted to know whether we would recommend the reuse of Cuesta by ACSI. We responded to this by stating that we would review our files and would forward a written reply to Lt. Col. Causes within the next few days.

201-268272 FR

RE USE by another U.S. Agency: June 61

c. Laureano *BATISTA Falla. Born 1 May 1935. Lt. Col. Causes asked if we still retained an operational interest in Batista. If we did not ACSI was interested in using this individual in an infiltration operation and as a result wanted JMWAVE's opinion as to Batista's capability and reliability. We advised Lt. Col. Causes that we would check our files and would forward a written reply relative to Batista within a matter of a few days.

201-243424 FR

RE USE by ANOTHER U.S. AGENCY: JUNE 61

d. Antonio *ORDONEZ Hernandez. Born 24 August 1918. Lt. Col. Causes asked if we were currently in touch with Ordonez. As this name rang a bell with REUTEMAN we responded by stating that Subject was of interest to us. In this connection we indicated we were willing to reexamine our relationship with Ordonez in order to determine his full potential or capability, and if his capability was greater in the OD field than in fields which were of interest to us, we would certainly consider relinquishing our interest.

Lt. Col. Causes stated that he felt that he had established his equity in Ordenez through the name trace procedure. Despite this, he had found that Ordenez had disappeared from circulation; and, therefore, he assumed that we were debriefing this man.

e. Third Country Diplomats. REUTEMAN asked the ACSI representatives whether they were currently in touch with any third country diplomats. Maj. Watlington stated that ACSI had previously tried to harness the capabilities of the Spanish, Uruguayan and Canadian diplomatic pouches. Coordination of these activities with KUBARK had resulted in ACSI's being denied the use of these facilities. As a result Maj. Watlington stated that at the present time ACSI was not in touch with any third country diplomats. On the other hand, ACSI was interested in pursuing the third country diplomatic channel as a means of establishing communications with inside assets. At this point Lt. Col. Causes stated that he was very disappointed at KUBARK's refusal to allow him to use the facilities of the Spanish, Uruguayan or Canadian pouches. It was indicated that KUBARK understood Lt. Col. Causes' reaction; however, the KUBARK position was based on sound security principles and could not be altered. The additional explanations which were made relative to the security implications which were inherent in the use of third country diplomats and how misuse could affect long standing government to government or service to service agreements between ODYOTE and free world countries did not make any impact on Lt. Col. Causes. This gentleman was predisposed to interpret KUBARK's refusal to allow him to use certain diplomatic pouch channels as a clear indication that one of KUBARK's primary responsibilities in the Miami area was to restrict and inhibit ACSI operational activity. Once this attitude was identified no further attempts were made to persuade Lt. Col. Causes that our actions had been taken in the best interests of the intelligence community.

f. Maritime Infiltration of ACSI Agents. A discussion of those support services which KUBARK might render to ACSI operations revealed that Lt. Col. Causes was still interested in having JMWAVE infiltrate two of his agents into PBRUMEN. In this connection the point was made by ACSI that under optimum circumstances they would prefer that JMWAVE assume responsibility for the agents in the Miami area and then deliver them through a secure mechanism to Havana. If this were not possible ACSI would reluctantly accept infiltration of their agents into any point in PBRUMEN. Lt. Col. Causes was told in very precise terms that JMWAVE would not undertake to infiltrate any of his agents into Havana. On the other hand, we would consider any proposal for the infiltration of selected agents to a beach area in PBRUMEN. The point was made that in this connection Lt. Col. Causes had to understand that our maritime capabilities were limited and we were currently committed to the full exploitation of these assets for at least six weeks in advance. As a result any operational plan which he might submit to us should be keyed to the assumption that approximately six to eight weeks would pass before we could realistically consider the servicing of his request. Lt. Col. Causes agreed to project his operational plans within this frame of reference.

CONTINUATION OF
DISPATCH

CLASSIFICATION

S E C R E T

DISPATCH SYMBOL AND NUMBER

UFGA-4322

g. Documentation. A discussion of the documentation problem relative to agent infiltrations revealed that at the moment ACSI did not have any documentation problems which they felt warranted discussion at this session.

h. Coordination Forms. The discussion of operational coordination revealed that ACSI was willing for JMWAVE to coordinate locally those operational proposals which might be received from Lt. Col. Causes. Once this coordination was effected and if there were disagreement, then the operation could be referred to the Washington headquarters of both ACSI and JMWAVE. Maj. Watlington stated that the forms for effecting coordination in accordance with procedures which had been agreed upon at Washington would be sent to both JMWAVE and the ACSI unit in Miami in the near future. In view of this Maj. Watlington suggested that we not initiate the coordination mechanism until these forms were on hand circa 1 July 1962.

i. W/T Assets. The discussion of the use of W/T facilities in terms of PBRUMEN operations revealed that the Miami ACSI unit did not have any W/T assets in PBRUMEN at this time. On the other hand, Lt. Col. Causes was interested in establishing W/T assets in PBRUMEN. In view of this he asked if JMWAVE would continue to assess, polygraph and train those individuals that ACSI thought were suitable W/T candidates. It was indicated that we were certainly prepared to review all appropriate cases and would render whatever support was required. This then resulted in a discussion of whether JMWAVE would be willing to monitor ACSI W/T transmissions from PBRUMEN in those instances where the W/T operator had not been assessed, polygraphed or trained by KUBARK. We indicated that we would be glad to monitor such transmissions if we were told in advance of the date, time and frequencies on which the broadcasts were to be made. This then led to a discussion of whether JMWAVE would be willing to transmit C/W messages for ACSI agents. Here again, we stated that we would favorably consider any requests for C/W transmissions providing that we knew the content of the message, the identity of the agent who was to receive it, and the agent's location and equipment which he might be using. Lt. Col. Causes stated that in view of this discussion we could anticipate that he would be levying requirements on us in the near future for support in the W/T field.

j. Secret Writing. A discussion of S/W techniques revealed that if a request for the issuance of S/W were received from their Miami representative it would be reviewed, and if ACSI approved the operation KUBARK would be asked to issue a system. If JMWAVE agreed via local coordination that the operation in question required the use of S/W, then this recommendation would be cabled to our Washington Headquarters where coordination would be effected with ACSI. Once this was accomplished, KUBARK Washington would cable to JMWAVE the number of the system which was to be issued. JMWAVE would then issue the system to the ACSI representative in Miami.

3. COMMENT. At the conclusion of the above discussion arrangements were made for lunch, but Lt. Col. Causes chose not to participate in the luncheon session. During the luncheon conversation Maj. Watlington indicated that he did not believe that Lt. Col. Causes would cooperate within the spirit of the DCID's. As a result he asked that JMWAVE be extremely patient with ACSI until such time as Lt. Col. Causes retired and could be replaced. Maj. Watlington

CONTINUATION OF
DISPATCH

CLASSIFICATION

S E C R E T

DISPATCH SYMBOL AND NUMBER

UFGA-4322

indicated that the retirement was scheduled to take place at the end of September 1962. At the end of the luncheon session arrangements were made for JENTONS to take Maj. Watlington on a tour of Opa Locka. Based on this tour additional discussions were to be held with Maj. Watlington particularly in regard to the development of procedures for referral of agents to ACSI from the Opa Locka flow.

4. OPA LOCKA. Maj. Watlington and JENTONS subsequently went out to the interrogation center at Opa Locka. Here they had an interview with Col. Kail, the tenor of which was, on the part of Maj. Watlington, to assure himself that the ACSI representative, Francasi, was having adequate access to operational leads. Col. Kail said that operational leads were shared according to their abilities between the KUBARK representative and the ACSI man. However, there were occasional difficulties in assuring that the men best qualified received the body in question. In addition, he said KUBARK occasionally pulled a man out of the Center without his completing the full treatment which precluded the ACSI representative's getting his hands on someone who might be well qualified for their operations. Maj. Watlington believed that assurance that the ACSI representative got a fair deal might be achieved through a more complete briefing of Col. Trudencio Ulibarri, who is in charge of the preliminary screening so that he would more fully understand what was needed. JENTONS said that this would be a very good idea, but that it would be better if it were a dual briefing with a KUBARK representative being present as well. Maj. Watlington said that he would ask his headquarters for permission to have such a briefing given. Col. Kail expressed his opinion that the assignment of JENTONS to formal liaison with the ACSI representatives would do much to eliminate present difficulties and all present echoed this pious thought.

5. AGREEMENT. When JENTONS turned Maj. Watlington over to Lt. Col. Causes after the meeting at Opa Locka, the two ACSI representatives said that they believed that, for the time being, it would be better to continue the system as at present, pending JENTONS' permanent arrival at the beginning of July 1962. As Lt. Col. Causes is obviously skeptical about the outcome, this was agreed to as a stopgap measure.

Ref. : NO-152-65, Support Branch (Richardson) memo of 20 April 1965, NO-161-65

S-5093 *A-135263*

1. The Information Council of the Americas (INCA) of 620 Gravier Street, New Orleans, Louisiana, was recently opened as a source of foreign intelligence information on the radio broadcasting industry in Latin America. The current program of INCA is primarily concerned with the dissemination of taped recordings of anti-Communist material, called Truth Tapes, to certain radio broadcasting stations in Latin America and North America for use as a weapon against Communist penetration in the Americas. Its headquarters are located at 620 Gravier Street, New Orleans, Louisiana 70130. You will find the names of its officers, directors, and consultants given on the enclosed letterhead of the organization.

A-121440

2. We have been in recent contact with Edward Scannell Butler, Executive Vice President and Staff Director, and have received his assurances of wholehearted cooperation in our agency's mission. [Yesterday we examined all of the files of correspondence between Mr. Butler and personnel of various radio stations in 16 Latin American countries.] In order to build up a market for the Truth Tapes program in Latin America, Mr. Butler first obtained from the appropriate consul in New Orleans a list of the radio stations in operation in his country. He next wrote the administrative personnel of these stations about the anti-Communist purpose of INCA and offered to supply each station with Truth Tapes. Those stations requesting them were then provided with a series of the tapes. One or two years later, Mr. Butler sent the participating station a questionnaire designed to elicit information about audience response to the Truth Tapes program. Copies of the first questionnaire and of a revised one are attached for your information. Judging by the responses we read, the INCA correspondence files will provide a limited amount of information, dated 1964 and 1965, on the identification of radio stations in Latin America which are broadcasting Truth Tapes, their addresses, the names of key personnel, the identification of stations not responding to the INCA offer, sizes of audiences, and their responses. In the case of Uruguay, the exchange of correspondence between Mr. Butler and Dr. Martin Higueo-Narancio contained information about the political orientation of key radio personnel in Montevideo /NO-10671/. This example, however, is an exception, since the files contain virtually no detailed political information of significance.

3. Mr. Butler mentioned yesterday that, inasmuch as he was again revising the questionnaire, he would welcome our suggestions about additional topics. We suggested questions designed to elicit technical information about the station and its equipment, such as descriptions (manufacturer, type, model) of transmitter, receiver, antenna type and power, frequencies and frequency range, reliability of equipment, normal and emergency power sources, remote pick-up arrangements, etc. We stressed of course that none of these topics should be introduced into the questionnaire unless Mr. Butler was convinced of their suitability for his immediate purpose as well as for the long-term propaganda aim of his organization. He stated that our suggestions were entirely proper and, in his opinion, were reasonable requests that would not arouse the station manager's curiosity. We pointed out to Mr. Butler that, while information about key personnel and their political orientation, about the station's administrative policies, etc., was of prime importance to us, these subjects obviously could not be introduced into the questionnaire. He agreed that it would be better to elicit such information in another manner, as he had done with Dr. Miqueo-Narancio, but because of his very heavy responsibilities, he did not have time to develop similar sources of information in each of the other 15 countries.

4. It occurs to us that you or a possible consumer could assist us by suggesting other appropriate topics for Mr. Butler's consideration in the revision of the questionnaire. We shall appreciate whatever help you can give us in this regard.

5. In the meantime, as soon as all of Mr. Butler's current correspondence has been properly filed, we expect to extract the appropriate information from the folders and to present the material in a series of 00-B reports.

Subject: Current Address of Maurice Halperin

Quinton E. James
342 Huntington B. Cromie Hall
Syracuse University,
Syracuse, N.Y.

1. A source of this office has just advised us that he received a Christmas card (1962) from Maurice Halperin on which the return address was given as: "Apt C-2, Calle 12, no 103, Miramar, Habana, Cuba." The only message on the card was one of Christmas greetings. Halperin and our source have known each other for a number of years and they always exchange Christmas cards. This is the first one Halperin has sent with a Cuban address on it. The last time that our source saw Halperin was in Moscow when he (the former) was visiting in the USSR during August-September 1961 as part of an official US delegation.

2. In view of Halperin's past activities and associations, we are making this information known to you. Our source comments that Halperin always seems to show up wherever there is some sort of activity going on.

FROM Chief of Station, JMWAVE

SUBJECT Operational/GYROSE

Review and Analysis of AMFAUNA Operation

ACTION REQUIRED - REFERENCES

Action Required:

1. Traces on AMFAUNAs 2 through 23, identified in Attachment E. POAs on AMFAUNAs 2, 3, 4, 6, 10, 11, 12, 13, 17, 18, 19.
2. Ascertain whether AMFAUNA-3 is of operational interest to ODIBEX (see paragraph 15b).
3. Forward evaluations of documentary intelligence provided by AMFAUNA-4 (see paragraph 56).

Summary

4. AMFAUNA-1 is a Cuban national who was recruited and trained in the United States and returned legally to Cuba (in March 1961 to serve as resident agent in Havana.) Since then he has built a net (of over twenty sub-agents) and has sent back 140 S/W messages, from which upwards of fifty intelligence disseminations have been made. He is highly motivated for his work and under effective control by JMWAVE. The quality of his production is, for the most part, very good and improving, although he is at times distracted by an understandable interest in para-military operations. Operationally he is very skillful; however, he has been known to take unnecessary risks. There is no reason to think that he is under hostile control nor that the operation is likely in the future to be turned against us. There is, however, the real risk that he may one day fall into a G-2 trap baited with the Escambray guerrillas. If so, this will be due to the fact that contact with the guerrillas was his first assignment and, although he has been re-directed to intelligence collection, he sometimes seems to feel that he has failed in his primary mission. This, plus the fact that he evidently believes that the end is now very close, is apt to make him vulnerable to an appeal from the "heroes of the Escambray".

Present Status of the Operation - Modus Operandi:

5. There is considerable evidence that AMFAUNA-1 is extraordinarily

UFGA-4703

skillful in the practice of security. He has built a false identity which he uses wherever possible in his operational contacts, he is usually selective and cautious in his choice of collaborators, he takes pains to check on the security of his sub-agents, and he uses a system of cutouts for much of his work.

6. Some of AMFAUNA-1's older collaborators know him by true name, but wherever possible he introduces himself to new contacts by the name of ("Julio" ROJO).⁰⁷ Evidently he is now living the part of (Julio ROJO) to such an extent that he has in effect a double identity. In one of his S/W messages he asked that the widow of AMCUSP-1 be warned not to reveal that ("Julio") is in Cuba. Since AMFAUNA-1 is in Cuba legally, and all his family⁰⁷ and friends know it, this can only mean that she should not reveal that AMFAUNA-1 and ("Julio ROJO") are⁰⁷ identical.

201-291230 PSUDONYM USED by Sub. of 201

7. In recruiting sub-agents, AMFAUNA-1 relies primarily on his own judgment and intuition. If he approves of a person, he will recruit him. However, he has shown himself to be very cautious in granting his approval. He has reported two persons whom he does not completely trust because, while otherwise well qualified, they drink too much and are indiscreet. For two other examples, AMBOA-1 and LITAU-5 approached him separately and revealed their relationship with KUBARK, hoping to collaborate with him; AMFAUNA-1 treated them both with reserve while he checked them out with JMWAVE. He has submitted⁰⁴ the names of other contacts for checking. In the case of AMFAUNA-4, (Gom) whom he recruited without prior checking because time did not permit it, he put his misgivings in writing: "Right away AMFAUNA-1 arranged for a personal interview, taking utmost precautions, since we have had sad previous experiences with members of CASTRO's armed forces."

8. Once he has recruited a sub-agent, AMFAUNA-1 manages to keep an independent eye on the former's security. On more than one occasion he has reported that one of his sub-agents is under G-2 surveillance, and that for the time being he is staying away from him.

9. In general AMFAUNA-1 seems to trust in the efficiency of his security precautions. On 25 February 1962 he reported that Identity 11 had been caught, but that he was in no danger because he had been compartmented from her.⁰⁴ This compartmentation is achieved by the use of five cutouts: AMFAUNA-2, AMFAUNA-3, AMFAUNA-4, AMBOA-1, and AMFAUNA-5, who maintain contact for AMFAUNA-1 with most if not all of his sub-agents. Chart A, which shows AMFAUNA-1 in direct contact with AMFAUNAs 7 through 13, may be in error on this point. It would be more in keeping with AMFAUNA-1's known modus operandi for him to have cutouts between himself and these sub-agents. If there is a cutout or cutouts here, their identity is not yet known. There may also be an unreported cutout between AMFAUNA-1 and AMFAUNA-4.

10. Except for AMFAUNA-4, all the above-mentioned cutouts are women. Two of his support agents, including his mail drop, are also women. AMFAUNA-1 has not been explicit on this point, but it is believed that he shares his favors between them. If so, he has the best of cover for his relations with them. It also clarifies the otherwise puzzling picture of a legal resident of Cuba sleeping in a different bed each night. This practice must certainly reduce the possibility that the G-2 will pick him up for routine questioning.

Communications:

11. The bulk of AMFAUNA-1's communications come via S/W. His messages to JMWAVE are sent to accommodation addresses serviced by AMPAN-2 and AMCUTLER-1. JMWAVE's messages to him are addressed to AMFAUNA-14. AMFAUNA-1 can also use (diplomatic couriers) for sending documents and other material unsuitable for S/W. He has a personal contact with two of the officers (of the Spanish Embassy) who either bring it to the JMWAVE area and mail it to AMCUTLER-1, or carry it (to Madrid) where it is turned over to the (Madrid) which in turn

APPROPRIATE AND REPRODUCTIONS

CONTINUATION OF
DISPATCHCLASSIFICATION
S E C R E TDISPATCH SYMBOL AND NUMBER
UFGA-4703

second via AMFAUNA-14.

12. The courier system can also work in the other direction. AMFAUNA-1 has been supplied with S/W materials for his own use by way of the (Spanish Embassy) and for the use of AMRIPE-1 and AMRAVEL-1 by way of the (Argentina Embassy).²⁴

13. A third communications⁰¹ channel⁰⁶ exists in the weekly telephone conversations (between) AMCOG-1 and his wife AMFAUNA-2.⁰¹ It is useful for passing signals already prearranged by S/W, and for confirming that AMFAUNA-1 is still at liberty. If he is ever arrested, the news will probably come first by this means.

Finances:

14. Expenses of the operation are \$500 per month. The money is given monthly to Identity-3 or Identity-4 in the JMWAVE area. Identity-3, upon receipt of the dollars, notifies Identity-1 in Havana who in turn pays Cuban pesos to AMFAUNA-1. Identity-4 follows the same procedure with Identity-2. AMFAUNA-1 confirms receipt of this money by S/W.

Sub-agents:

15. Following is a description of the sub-agents in the AMFAUNA net, including AMCOG-2 and AMBOA-1 who, although they have their own independent connections to JMWAVE, have to some extent joined forces with AMFAUNA-1. For the identities of AMFAUNAs 2 through 23, see Attachment E, forwarded under separate cover.

a. AMFAUNA-2⁰¹ AMFAUNA-1's sister-in-law, she formerly served as his contact to members of his net (in asylum in the⁰⁶ various embassies), and now serves as his cutout to at least the following:

(1) AMCOG-2: She first appears in AMFAUNA-1's correspondence in his S/W message No. 14 dated 19 May 1961, where he mentions that she was his link to a radio station operated by the (Rescate)²⁹ organization. Nothing ever came of this proposed communications channel, but AMCOG-2 remained in contact with AMFAUNA-1, helping him arrange asylum for burned agents and passing some of his communications (to diplomatic couriers).²⁴ AMFAUNA-1 reported on 9 July 1961, in his S/W message No. 21, that AMCOG-2 knew him only by his alias (Julio ROJO).⁰⁷ In his message No. 118, dated June 1962, he reported that AMFAUNA-15 had accidentally blown his true name to AMCOG-2. For a further discussion of AMCOG-2, and her relation to the security of AMFAUNA-1 see paragraph 56 below.

(2) AMFAUNA-14⁰¹: She is the secretary of (AMCOG-2)⁰¹ with whom she has done clandestine work. She now serves AMFAUNA-1 as an accommodation address and as a source of information. Message No. 112 dated 18 April 1962 included the name of a Communist nurse who has allegedly come to the United States with the mission of infiltrating a counter-revolutionary group. AMFAUNA-14⁰¹ obtained this information from a doctor (in a Havana clinic).⁰⁶ She also is AMFAUNA-1's (link to the Dutch diplomatic pouch).²⁴

(3) AMFAUNA-15: She is a relative of AMFAUNA-14⁰¹ and a friend of AMCOG-2. She is also the wife of (AMFAUNA-17)⁰¹ and a friend of AMFAUNA-16 who is now (imprisoned on the Isle of Pines) and sends her

APERTURE CASE REPRODUCTIONS

CONTINUATION OF
DISPATCHCLASSIFICATION
S E C R E TDISPATCH SYMBOL AND NUMBER
UFGA-4703

b. AMFAUNA-3: AMFAUNA-1's first mention of her is in his S/W message No. 127 dated 4 May 1962. She has provided information on (military hospitals) and has a trusted contact (Identity 7) (in the G-2). She also was AMFAUNA-1's cutout to Identity-12, who was a (Havana contact) of the (guerrilla leader Oswaldo RAMIREZ). In early June 1962 she was approached by Identity-8 who claimed to be the new contact to the (RAMIREZ) organization. (See also paragraph 58 below.) On 15 March 1962 AMFAUNA-3 was traced by ODIBEX who proposed to use her in their Operation CASINO. A negative trace reply was given at that time. Headquarters is requested to ascertain whether ODIBEX has a valid prior claim on this agent.

c. AMFAUNA-4: He is a high-ranking Cuban Army officer who has provided AMFAUNA-1 with documentary information which ought to be of some value, although JMWAVE has not yet seen it, it having gone to Headquarters via (Madrid) through the channel described in paragraph 11 above. He also claims to be receiving information from Identity-9 and Identity-10. AMFAUNA-1 was introduced to AMFAUNA-4 by AMCOG-2 who in turn was introduced to him by Identity-13. For a further discussion of this matter, see paragraph 56 below.

d. AMBOA-1: The origin of AMFAUNA-1's contact with this agent, who has also been recruited independently by JMWAVE, is uncertain. He first mentioned her in October 1961 as his cutout to Identity-14, (a Cubana Airlines pilot) who had formerly been a contact of AMCUSP-1 and who subsequently defected. AMFAUNA-1's last mention of her was on 15 November when he reported that she had given him a map showing artillery installations on the south coast of Las Villas. It is possible that AMFAUNA-1 has broken contact with her, but since he has not reported having done so it is considered more likely that she remains his cutout to (two Cubana Airlines pilots) who are known to be still reporting.

(1) AMFAUNA-18: He was recruited in March 1962, and has provided AMFAUNA-1 with (passenger lists) and the (location of artillery emplacements) which he has (spotted from his aircraft). It is not known how AMFAUNA-1 first met AMFAUNA-18, and it is possible that AMFAUNA-1 meets directly with him. It is only surmised that AMBOA-1 is his cutout to him.

(2) AMFAUNA-19: He was recruited at the same time as AMFAUNA-18. Although AMFAUNA-1 did not explicitly say so, it can be inferred that he and AMFAUNA-18 are witting of each other's recruitment.

e. AMFAUNA-5: AMFAUNA-1 first reported her as an agent in September 1961. She is the sister-in-law of AMFAUNA-23, a former (naval officer) who had been an agent of AMFAUNA-1 as early as July 1961 but had been caught and imprisoned for trying to leave Cuba illegally. She has been the source of information on Cuban (airfields), and is the cutout to a group of people employed at (Rancho Boyeros Airport). It is believed that the identities of all these people have not yet been reported, but they seem to be effective. On 29 May 1962 AMFAUNA-1 reported the arrival of an undocumented Soviet plane (at Rancho Boyeros) and forwarded the passenger list which he said one of his agents had obtained clandestinely. Following are the persons with whom AMFAUNA-5 is known to be in contact.

(1) AMFAUNA-20, her husband. AMFAUNA-1 has written that he has broken personal contact with this man.

(2) AMPAN 12: A former (chief engineer of the ⁰⁸ Office of Airports) he was recruited by Havana Station in 1960, and has been corresponding with JMWAVE by S/W.

(3) AMFAUNA-21: A (chief inspector of mechanics ⁰⁸ for Cubana Airlines). He has stated his willingness to (sabotage air traffic) ²⁴ but his precise contribution to AMFAUNA-1's operations is not known.

(4) AMFAUNA-22: A chief (of electrical instruments ⁰⁸ for Cubana Airlines). Nothing more is known about this man.

(5) AMFAUNA-23: Brother-in-law of (AMFAUNA-5) ⁰¹

f. AMFAUNA-6: A support agent. AMFAUNA-1 has written that she has no access to information of interest, but is an intelligent and brave female whom he uses for cover and to secure overt information.

g. AMFAUNA-7: An old friend of AMFAUNA-1 and his brother AMCUTLER-1 ⁰¹. He works closely with AMFAUNA-8 and formerly was AMFAUNA-1's cutout to (the Uruguayan Embassy.) ²⁴

h. AMFAUNA-8: An old friend of AMFAUNA-1 and his ⁰⁸ brother AMCUTLER-1 ⁰¹. He has a contact in the (Interior Ministry) and works closely with AMFAUNA-7.

i. AMFAUNA-9: A former (sales manager) ⁰⁸ for a (coffee firm) ⁰⁸ he secures information of general interest from (coffee buyers) ⁰⁸ travelling throughout Cuba.

j. AMFAUNA-10: (A widow of a bank employee, she has contacts in (Santiago de Cuba) and in the (Cuban Navy and G-2.) ²⁴ She is also (related to the son of Fidel CASTRO) ⁰⁸ and has provided information on (the son's) whereabouts and indoctrination. ²⁴

k. AMFAUNA-11: An employee of the (Ministry of Foreign ⁰⁸ Trade) and the wife of a Communist member of the (Central ⁰⁸ Planning Board (JUCEPLAN).) she has reported political intelligence. In March 1962 AMFAUNA-1 reported that she was under surveillance and that he was therefore avoiding her.

l. AMFAUNA-12: He obtains information from contacts within the (Cuban Petroleum Institute (ICP)) ⁰⁸

m. AMFAUNA-13: An (insurance) ⁰⁸ company employee with contacts in the Cuban Government, he has reported information on G-2 activities in Cuba and the United States.

Background and Motivation:

(16. AMFAUNA-1 is a (39-year-old) ⁰⁸ Cuban male, born in Cuba of (Spanish) parents. He has tried his hand at various kinds of work including the (import business, journalism (he was once editor of ⁰⁸ Diario de la Marina) and insurance.) He has also ventured into politics, (having been a candidate (of the Autentico Party in 1958) ⁰⁸ During the Spanish Civil War he was a member of the (Falange Espanola) ²⁴ and during World War II, until the entry of the United States, he was an agent ²⁴ of the German Intelligence Service.) The JMWAVE case officer who trained AMFAUNA-1 in tradecraft in March 1961 (see UFGA-1247 of 10 April 1961) observed that he already had a grounding in clandestine techniques. The case officer also characterized AMFAUNA-1 as "a pleasant, intelligent fellow" and "the most astute member of the team" comprising himself, AMCUTLER-1 ⁰¹ and AMCUTLER-1 ⁰¹

children, all still in Cuba (as of March 1961). However, it is noted that the two children have different matronymics, that neither of them is his wife's last name, and that all three dependents have different addresses. It is assumed that this is his third wife. Since AMFAUNA-1 has never mentioned her in any of his S/W correspondence, it is also assumed that she has gone the way of her two predecessors.

18. AM(CUTLER-1) who was questioned on this point, said that his brother is living in (Guanabacos) with his present wife, that he has been married only once before, and has only one child from the first marriage. This information is not considered definitive, because the last point is directly contradicted by AMFAUNA-1's PRQ Part I which he wrote himself, but it is included here for what it may be worth. AM(CUTLER-1) added that his brother has no sexual relations with his sub-agents except what is considered normal and acceptable by Cuban standards.

19. The elements of AMFAUNA-1's motivation, then, include an adventurous spirit and a taste for clandestine work. Although "anti-Communism" may be an overworked expression, it would seem to apply in the case of AMFAUNA-1, if his former membership (in the Falange) and the (German Intelligence Service) can be taken as indicators. Also included should be the loss of a (freight forwarding business) which started out promisingly in 1959 but folded up after a year of CASTRO's revolutionary government. Finally, although these factors did not yet exist in January 1961 when he was recruited, AMFAUNA-1 is certainly affected now by the death of AM(CUSP-1) and the imprisonment (of his father).

Control

20. It is evident from his S/W messages that AMFAUNA-1 derives great personal satisfaction from his work against the CASTRO regime. His connection with KUBARK provides him with the means to do this work. This is believed to be a strong element of control. There have been many opportunities to test this control, by ordering AMFAUNA-1 to do something or to desist from doing something else, and the control is believed to be effective.

Previous History of the Operation - January to May 1961:

21. AMFAUNA-1 was engaged in some form of clandestine work against the CASTRO regime as early as (December 1960). As with so much else in this operation, details are lacking, but it is known that he already had an understanding with Identity-29 whom he had known for twenty years. In December 1960, Identity-29 introduced AMFAUNA-1 to Identity-27, (an MAR coordinator from Matanzas) who had been introduced to Identity-29 by one of the members of her group, Identity-28. Identity-27 in turn brought in Identity-26, (a fellow MAR coordinator).

22. In January 1961, AMFAUNA-1 came legally to the United States together with AM(CUSP-1) and AM(CUTLER-1) and looked up their old friend AMJAG-4, who at that time was heavily engaged in work with the resistance groups. AMJAG-4 introduced them to a JMWAVE case officer who instructed them to return to Cuba, to form contacts with as many resistance groups as possible, and to report their progress through AM(RUNG-1) who was JMWAVE's principal agent in the paramilitary field. Also in the JMWAVE area at this time were Identity-19 and Identity-23 whom they met and with whom they were later to work.

23. AMFAUNA-1, AM(CUTLER-1), and AM(CUSP-1) returned to Cuba in January 1961. They dispatched Identity-16 (to the Escambray), Identity-17 (to Sancti Spiritus), Identity-18 (to Trinidad), and Identity-37 to (Manzanillo, Bayamo, and Santiago de Cuba). An unidentified courier was put into touch with the guerrilla leader Identity-15, and AM(CUSP-1) and AM(CUTLER-1) went to Cienfuegos with Identity-19 to make contacts with insurgent groups there.

time, as did AMRUNG-1) ol

25. ol To support the activities of AMFAUNA-1, AM(CUTLER-1) ol and AM(CUSP-1) ol, it was agreed that JMWAVE would deposit \$1,000 monthly into the local bank account of AM(CUSP-1) ol and the latter would provide the equivalent in Cuban pesos from his own resources inside Cuba.

26. AM(CUSP-1) ol and AM(CUTLER-1) ol continued to busy themselves with preparations for supporting the April invasion. They contacted Identity-21 who, at their request, provided cover as (travelling drug salesmen) ol for Identity-19 and also for Identity-20 who was intended to be a radio operator for Identity-23. Although AMFAUNA-1 knew all these people, he was compartmented from these operations to some extent, so that after the arrest of AM(CUSP-1) ol and the escape of AM(CUTLER-1) ol he had some difficulty in reestablishing contact with them.

27. AM(CUTLER-1) ol and AMFAUNA-1, working together, held meetings with Identity-33, a Cuban Army officer stationed at the (San Antonio de los Banos) ol base, and discussed plans for supporting the invasion. AMFAUNA-1 also contacted Identity-35, the (commanding officer of the San Julian base) ol and arranged for its surrender, using Identity-34, head of the (OA in Pinar del Rio) ol as a cutout. He had another agent on the base, Identity 36, and had already recruited AMFAUNA-11, an employee of the (Ministry of Foreign Trade) ol.

28. (On 18 March 1961) ol AM(CUSP-1) ol and AMRUNG-1) ol were arrested by the G-2 while holding a clandestine meeting. At first this was not regarded as too serious a matter. The G-2 had broken into the meeting only after having been alerted by the suspicious behavior of a woman ol lookout, and it was believed that they had no real evidence. AM(CUTLER-1) ol came to the JMWAVE area on (3 April 1961) ol and returned (again to Cuba on 10 April) ol still optimistic that AM(CUSP-1) ol and AMRUNG-1) ol would either be released or could be helped to escape. However, one of the other ol prisoners apparently confessed and implicated AM(CUSP-1) ol and AMRUNG-1) ol who were executed (on 20 April) ol. With the wave of arrests accompanying the April 17 invasion, AM(CUTLER-1) ol took asylum in the (Venezuelan) Embassy and AMFAUNA-1 went temporarily ol into hiding. (l

29. On 27 April 1961 AMFAUNA-1 resumed operations by sending Identities 24, 25, 26 and 27 to collect order of battle information in Matanzas. Identities 26 and 27 returned to Havana to report. Identity-25 remained in Matanzas, and Identity-24 was caught by the G-2.

30. In May 1961, Identity-30 informed AMFAUNA-1 that some kind of conspiratorial activity was going on in the home of AMCOG-2. He arranged to meet her through Identity-30 whom he thereafter used as a cutout to her.

S E C R E TDISPATCH SYMBOL AND NUMBER
UFGA-4703Previous History of the Operation - June to November 1961:

32. In the period beginning June 1961, AMFAUNA-1 first began making regular use of AMFAUNA-2. He needed contact with his collaborators who were in asylum in various Western embassies, and with AMFAUNA-2 (openly visiting her husband) AM CUTLER-1 (she) was a natural choice for the job. With the departure of Identities 29 and 30, AMFAUNA-1 began using AMFAUNA-2 as cutout to AMCOG-2 who was useful to him for her ability to obtain the help of (diplomatic > 4 couriers.) In August 1961 he used this channel to send out some order of battle information obtained by Identity-21.

33. Identity-21 continued to help Identities 19 and 20 until they took asylum in (the Argentine Embassy). He also served as AMFAUNA-1's cutout to Identity-50 who was a close friend of the (insurgent leader Oswaldo RAMIREZ.) For cutouts to Identity-21, AMFAUNA-1 first used Identity-51 and then AMFAUNA-8. AMFAUNA-8 also served as cutout to Identity-45 about whom nothing more is known than his name.

34. AMFAUNA-1 developed another contact to (Oswaldo RAMIREZ) during this period in the person of Identity-52, a (close relative of RAMIREZ) and a (former lieutenant) in the Rebel Army. Identity-52 met AMFAUNA-1 and Identity-21 on 27 October 1961, and then remained in touch through Identity-51. A few weeks later Identity-52 was arrested.

35. At some time during the period June to November 1961, AMFAUNA-1 began collaborating with AMBOA-1. The origin of this collaboration is not known, but it appears that the initiative was taken by AMBOA-1. AMFAUNA-1 reported that she had revealed to him the fact that she has a channel of S/W communication to KUBARK, and that she had claimed to be a friend of the widow of AM CUSP-1. AMFAUNA-1 asked JMWAVE to confirm her bona fides, and this was done. AMBOA-1 then began working as AMFAUNA-1's cutout to Identity-14, a (Cubana Airlines pilot) who in turn was receiving information from Identity 40, an employee (of Cubana). At some time prior to November 1961, Identity-40 was fired from her job and held for interrogation by the G-2.

36. During the same period AMFAUNA-1 added the following new agents:

- a. AMFAUNA-23 (for description see paragraph 15e5 above).
- b. AMFAUNA-5 (for description see paragraph 15e above).
- c. Identity-41, a person who allegedly was collaborating with several other clandestine groups. He had two sub-agents in the (Ministry of Public Works), Identities 42 and 43. No production has been attributable to these people.
- d. Identity-46, a (clerk in the Ministry of Communications) who allegedly was able to obtain (the text of cables) between (Cuba and Czechoslovakia.) Nothing ever came of this contact.
- e. Identity-47, (a secretary to the Chief of the Revolutionary Armed Forces.) AMFAUNA-1 obtained some order of battle information from her, apparently on an unwitting basis. In August 1961 he reported that he was dropping her because she was a strong Communist and had given him information which he considered of doubtful reliability.
- f. Identity-48, a foreman (on the Havana docks) who provided some order of battle information.
- g. Identity-49, (Chief of Maritime Police in Cienfuegos). Although his recruitment was reported, AMFAUNA-1 never mentioned him again.

and AMFAUNA-1 hid him in Havana until he was able to get asylum for him in (the Ecuadorian Embassy) ⁰⁶

38. This phase of the AMFAUNA operation is diagrammed in Chart C. The following people participating in this phase were separated from the operation by known causes:

a. By arrest and detention:

(1) Identity 19 (subsequently escaped and took asylum in the (Argentine Embassy) ⁰⁶

(2) Identity 20 (subsequently escaped and took asylum in the (Argentine Embassy) ⁰⁶

(4) Identity 52.

b. By asylum:

(1) Identity 21

(2) Identity 37.

Previous History of the Operation - December 1961 to April 1962:

39. During the period from December 1961 to April 1962, AMFAUNA-1 continued to use AMFAUNA-2 as a cutout to AMCOG-2. The latter was ²⁴ given a lead in March 1962 from Identity-13, one of her (diplomatic) contacts, to a disaffected Cuban Army officer, AMFAUNA-4. She turned this lead over to AMFAUNA-1, and the latter held his first meeting with AMFAUNA-4 in AMFAUNA-2's automobile.

40. AMFAUNA-2 was also used as alternate cutout to Identity-11, a woman with contacts (in the Cuban Navy) ⁰⁶. The other alternate cutout was AMFAUNA-8. Identity-11 was arrested (in February 1962) ⁰⁹. According to AMFAUNA-1's account of the incident in his message No. 89 of 25 February 1962, Identity-11 had been meeting a member of Fidel ²⁴ CASTRO's bodyguard. AMFAUNA-1 had warned her not to trust the man, but she met him again on the following day and was caught with him. AMFAUNA-1 commented that some of his other agents were not compartmented from her, and he had ordered them to go into hiding. He did not identify these other agents. Presumably they included AMFAUNA-2 ⁰¹ and AMFAUNA-8.

41. AMFAUNA-3 was recruited during this period and used as a cutout to Identity-12 ⁰⁶ the (Havana representative) of the insurgent leader (Oswaldo RAMIREZ). According to an official announcement by the Cuban Government, (RAMIREZ was killed) in action on (16 April) 1962. Other sources have contradicted this report ⁰⁶ and the matter still remains in some doubt. However, according to information obtained by AMFAUNA-1, Identity-12 was arrested in his home in Havana in late April. For a further discussion of the possible security implications of this connection, see paragraph 59 below.

42. Identity-51, who during the period June to November 1961, had been serving as a link to (the Oswaldo RAMIREZ group) ²⁴, now established a contact with Identity-54, a resident of (Cienfuegos) who claimed to be a disillusioned counter-revolutionary. As a cutout to Identity-54, she used Identity-53. As far as the records show, no results were ever obtained from this connection.

43. Identity-14 defected during this period, as did Identity-57, (another Cubana Airlines pilot) whom AMFAUNA-1 had recruited and was

APERTURE CASE INFORMATION

CONTINUATION OF DISPATCH	CLASSIFICATION S E C R E T	DISPATCH SYMBOL AND NUMBER UFGA-4703
<p>paragraph 15e above, AMFAUNA-1 seems to have an excellent network within Cuban (aviation) but how it works remains a matter for conjecture. It is supposed that AMROA-1 is handling the two (new pilots).⁰⁶</p>		
<p>44. AMFAUNA-21 and AMFAUNA-22, both employees at (Rancho Boyeros⁰⁶ Airport, first made their appearance during this period, and AMPAN-12 (who has and continues to use his own S/W communications to JMWAVE) found his way into the AMFAUNA operation. All three are known to AMFAUNA-5, and it is believed that she is probably the cutout to them.</p>		
<p>45. Identity-55 and Identity-56 were mentioned briefly as active during the period from December 1961 to April 1962. The former had been a contact of AMRUNG-1⁰⁶ and seems to have gone into hiding; in any case, nothing more has been reported on him. The latter was an agent of AMFAUNA-1 in (Santiago de Cuba)¹⁰ in January 1962 he was in hiding and awaiting a chance to go into asylum.</p>		
<p>46. AMFAUNA-11 remained active during this period, and AMFAUNA-9, 10, and 12 were added to the operation. For descriptions of these agents, see paragraph 15 above.</p>		
<p>47. This phase of the AMFAUNA operation is diagrammed in Chart D. The following people participating in this phase were separated from the operation by known causes:</p>		
<p>a. <u>By arrest and detention:</u></p> <ul style="list-style-type: none"> (1) Identity-11 (2) Identity-12. <p>b. <u>By asylum or defection:</u></p> <ul style="list-style-type: none"> (1) Identity-14 (2) Identity-55 (3) Identity-56 (4) Identity-57. 		
<p><u>Production:</u></p>		
<p>48. JMWAVE records do not show the total number of AMFAUNA reports disseminated since January 1961. The figure is at least fifty, and is believed to be nearer one hundred, if the present frequency of dissemination can be a criterion. In content they have leaned heavily toward the activities of insurgent groups, militia movements, location of artillery, and aviation matters. There has been a more recent tendency toward political and economic information, which is being encouraged by JMWAVE. Evaluations of his production are lacking.</p>		
<p><u>Security Analysis:</u></p>		
<p>49. The possibility that AMFAUNA-1 is a double agent is considered remote. His successful LCFLUTTER, the fact (or what is believed to be the fact) that his close friend and fellow agent AMCUSP-1 was executed, and AMFAUNA-1's own character and background, all argue against the proposition that he was originally dispatched by the G-2. However, it must be admitted that the LCFLUTTER can be beaten. Also that there is no proof, other than the fact that AMCUSP-1's wife is in the JMWAVE area and behaving like a widow, that AMCUSP-1 was really executed. There is documentary evidence, in the form of a letter written by a fellow prisoner to AMCUSP-1's widow, that he was held in prison in March and April 1961. However, the person who identified and buried the body was AMFAUNA-1's father, who was subsequently⁰⁶ (Tale of Pine)</p>		

APERTURE CARD REPRODUCTIONS

CONTINUATION OF DISPATCH	CLASSIFICATION S E C R E T	OPERATION SYMBOL AND NUMBER UFGA-4703
-----------------------------	-------------------------------	--

50. Similarly, all that is known about AMFAUNA-1's background comes from AMFAUNA-1's own statements embodied in his PRQ Part I. No confirmation of this information has ever been obtained. From this point of view there is no guarantee that AMFAUNA-1 is what he claims to be. For all the proof to the contrary available to JMWAVE, he could as easily have been a (Spanish) Communist as a member of the (Spanish Falange). >9

51. These points are listed for the sake of completeness, but little importance is attached to them. The known fact that (QUANTUM-51) and (QUANTUM-52) consider AMFAUNA-1 reliable suggests that he at least was not a (Spanish) Communist. And an unusually extensive independent view has been obtained of AMFAUNA-1's operations through the reports and debriefings of eight of his agents who have either escaped to or are in communication with the United States. The defection of Identity-14, and the escape and debriefings of Identity-19, Identity-23, Identity-26, and Identity-29, have all confirmed parts of AMFAUNA-1's story. Finally, AMCOG-3 has reported by S/W that AMCOG-2 is in contact with AMFAUNA-1, and AMFAUNA-2's telephone conversations with AM(CUTLER-1) provide a continuing check on the safety and whereabouts of AMFAUNA-1. 01

52. For the same reasons, the possibility is heavily discounted that AMFAUNA-1 has been caught and doubled by the G-2 since his arrival in Cuba. Additional indications that all is still well are the fact that he never omits the safety signal that was given him for use in his S/W, that his operational activities are consistent with his character and background, and that the reporting of his agents is consistent with their access to information.

53. Whether AMFAUNA-1 is now in danger of being detected, and whether the G-2 could double him if they do catch him, are two questions remaining to be considered. Taking the second question first, it is believed that the chances of the G-2 running a successful CI operation against KUBARK through AMFAUNA-1 are extremely slim. To be sure, the G-2 has certain weapons that they could use against AMFAUNA-1. His father is already in prison, serving a fifteen-year sentence, and his mother and two children are still in Cuba as potential hostages. 06 It is also conceivable that the G-2 could use AMFAUNA-1's own interest in paramilitary operations as a lever by persuading him that KUBARK, by neglecting to support the insurgent leader Oswaldo RAMIREZ, was responsible for the latter's death and has demonstrated its indifference to the fate of the Cuban people. This would all take time, however, because AMFAUNA-1's reaction to arrest, at least initially, would probably be an attempt to emulate his two heroes, AM(CUSP-1) and AM(RUNG-1). In the time that it would take the G-2 to break down this resistance, AM(CUTLER-1) would almost certainly have learned, either through his phone conversations with AMFAUNA-2 or by the interruption of the same, that something is wrong with AMFAUNA-1.

54. The risks that AMFAUNA-1 is now running are believed to be considerable. For one thing, at least ten persons with varying degrees of knowledge of his clandestine operations, have been held temporarily or permanently by the G-2, which is believed to be increasing in competence as a security force. For another, AMFAUNA-1 takes unnecessary chances, as by interrogating a new and untested agent (AMFAUNA-4) in the personal automobile of his sister-in-law, or by personally trying to penetrate a restricted area. And for a third, he has some contacts which can be dangerous to him.

55. AMCOG-2 knows too much about AMFAUNA-1 for the latter's good. It is believed that AMFAUNA-1 himself is aware that this is a potentially serious security weakness, because he took the trouble to report it (see paragraph 15a1 above). The AMCOG operation is itself a fairly complex one, and will be analyzed in a separate dispatch. The aspects of it which bear on the AMFAUNA operation are that AMCOG-2 and (her 06 brother) AM(COG-3) are close relatives of a very prominent anti-Communist Cuban politician, and that they are widely known, both in Cuba and in

APERTURE CARD REPRODUCTIONS

CONTINUATION OF
DISPATCH

CLASSIFICATION

S E C R E T

DISPATCH SYMBOL AND NUMBER

UFGA-4703

prosecution for acts against it, is a matter for wonder. It has been rumored that (the old politician) has a blackmail hold over Fidel CASTRO by virtue of his possession of very damaging information about CASTRO. There may be some substance to this rumor. As a young student, CASTRO is believed to have committed criminal acts, and the (old politician) would have been in the best possible position at the time to obtain proof of them. This might well explain why the family enjoys immunity today.

56. It would seem, though, that an alert and competent security service, which the G-2 shows signs of becoming, if it is enjoined from arresting and prosecuting an espionage suspect, would at least try to control and monitor his operations by penetrating them. It is therefore a cause for speculation that, in February 1962, an important officer of the Cuban Army (AMFAUNA-4), allegedly desirous of defecting, was introduced by Identity-13 to AMCOG-2, and a matter for deep concern that AMCOG-2 passed the lead along to AMFAUNA-1 who accepted it without any prior checking and actually held his first meeting with the would-be defector in an automobile traceable to AMFAUNA-2. Since then, it has been observed that reports and sub-sources offered by AMFAUNA-4 are absorbing an increasing amount of AMFAUNA-1's time. The military manuals and documents turned over by AMFAUNA-4, and sent to Headquarters via the (QUANTUMS) and the (Madrid Station), have not yet been seen by JMWAVE, so it is not yet known whether AMFAUNA-4's production can be given a sufficiently high evaluation to allay the doubts raised by the manner of his recruitment. Headquarters is asked to advise on this as soon as possible, and to provide traces on AMFAUNA-4.

57. The other potentially dangerous contacts are, as might be expected, in the field of para-military activities. In November 1961, AMFAUNA-1 was in touch with Identity-52, a (nephew of Oswaldo RAMIREZ, through Identity-51, a resident of (Cienfuegos). Identity-52 was arrested late in the year. AMFAUNA-1 then developed another contact to the (Oswaldo RAMIREZ group) through Identity-12, (RAMIREZ's Havana) representative, whose cutout to AMFAUNA-1 was AMFAUNA-3, a woman from (Sancti Spiritus) now resident in Havana. Identity-12 was arrested in (April) presumably as an aftermath of the 16 April battle in which RAMIREZ was reportedly killed.

58. In late May or early June 1962, Identity-8, a person from Sancti Spiritus known to AMFAUNA-3, called on her in the company of a certain (Ricardo *IZQUIERDO) who claimed to have had a meeting on 28 May near Trinidad with one (Comandante Fidel *HERNANDEZ Perez) who gave (IZQUIERDO) a letter for delivery to Identity-12. Unable to find Identity-12 because of the latter's arrest, (IZQUIERDO) approached Identity-8 who introduced him to AMFAUNA-3 to whom he handed over the letter. The letter reads as follows:

"Dear Brother-in-Arms:

"I greet you and officially report to you, as our representative to the Military Junta of the FND, the sad news of the death of our commander-in-chief, Oswaldo RAMIREZ, on 16 April last at 9 a.m. He fell in battle together with other brothers. The certificate to this effect, containing the testimony of Captain BORGE, chief of the personal guard, and of other members of his escort, is in my possession, and I will hand it over to you or to anyone designated by the Military Junta of the FND.

"The disorganization caused by the above-mentioned events prevented our reporting this news to you right away, and only now have we been able to make contact with the bearer, a man who has been working for some time as messenger and enjoying the complete confidence of Oswaldo RAMIREZ and of ourselves in particular.

who will occupy the position of supreme commander of our liberation army. Whether it be one supreme chief or a joint command must be decided by you.

"Although the National Liberation Army has continued working and acting according to the norms laid down by you and by our late chief, you will understand the urgency of this interview which the bearer will tell you how to arrange. In anticipation of your decisions I sign myself respectfully,

(Capt. Julio E. ^{ob}*CARRETERO*)

59. As mentioned in paragraph 15b above, ODIBEX has some kind of interest in AMFAUNA-3, and it may be that their files contain intelligible answers to some of the questions raised by this development. For instance:

a. Why did the RAMIREZ organization not know of the arrest of Identity-12, one of its own members, which had occurred at least a month previously?

b. If the RAMIREZ organization was so poorly informed about Identity-12, how did they know about AMFAUNA-3, and why did they think she would be the appropriate person to give the letter to?

c. Given the disorganization complained of by the writer of the letter, and the fact that all meetings must have been arranged and held under clandestine conditions, how to account for the fact that in the maximum of six days between 28 May and 3 June when AMFAUNA-1 reported the developments by S/W, something like the following sequence of events must have taken place:

(1) ^{ob}IZQUIERDO meets ^{ob}(HERNANDEZ) near Trinidad in Las Villas Province, and receives the letter.

(2) ^{ob}IZQUIERDO travels to Havana and tries to locate Identity-12.

(3) ^{ob}IZQUIERDO is informed that Identity-12 has been arrested.

(4) ^{ob}IZQUIERDO returns to Las Villas, reports that the letter cannot be delivered to Identity-12, and is told that AMFAUNA-3 should be given the letter.

(5) ^{ob}IZQUIERDO goes to Sancti Spiritus and locates Identity-8 who is a personal friend of AMFAUNA-3 and can introduce him to her, and who providentially is able to vouch for the authenticity of ^{ob}(CARRETERO's) signature on the letter.

(6) ^{ob}IZQUIERDO and Identity-8 go to Havana and give the letter to AMFAUNA-3.

Future Plans

60. It is difficult if not impossible to give an operation of this complexity the support and direction it needs, when the only communication with the principal agent is by secret writing. There is never enough room in an S/W message for both the positive intelligence reporting and the supporting operational details, and it is the latter that suffer. S/W communication also inevitably involves a time lag which, in the case of this operation, has sometimes run as high as three weeks because of the frequent absences from town of AM CUTLER-1

CLASSIFICATION

S E C R E T

DISPATCH SYMBOL AND NUMBER

UFGA-4703

61. As a first step toward speeding up communications, it is planned to find another accommodation address in the JMWAVE area for AMFAUNA-1's use which can be expected to function without the delays that have been experienced recently. Because of the importance and urgency of some of AMFAUNA-1's intelligence reports, consideration is also being given to assigning a radio operator to him, probably AMGLEN-9 who is awaiting only his signal plan to become active and who will probably not be needed in the AMWPEN net as originally planned.

62. AMFAUNA-1 will be instructed to break off contact with AMCOG-2, and to cease interesting himself in the affairs of the Escambray. As for AMFAUNA-4, it is feared that AMFAUNA-1 is already so deeply involved with him that, if he was not a bona fide defector, the damage has already been done. Nevertheless, AMFAUNA-1 will be warned of the potentialities of this situation so that he can be prepared to go into hiding if it should develop badly. Specific military requirements will be sent to AMFAUNA-1 for AMFAUNA-4 to help in establishing his value as a source. Also for the improvement of the security of the operation, AMFAUNA-1 will be told to stop taking personal and unnecessary risks such as his penetration of a restricted beach.

63. For the continued improvement of production, political and economic requirements will be sent to him. AMFAUNA-1 is very responsive to requirements, and has already developed sources and informants in the political and economic areas in response to instructions from JMWAVE. It is believed that an increased output of higher-priority intelligence can be expected from this operation.

WILLIAM JACOB AGON

Background Information:

Born April 6, 1921 in Amsterdam, Netherlands
Single
American citizen

Education: Amsterdam High School - Amsterdam, Netherlands
St. Louis University, St. Louis, Missouri - ASTP 6/43-2/44
Georgetown Foreign Service School - 2 yrs. 6/47-8/48
University of Chicago - M.A. in International Economic Relations in 1951

Languages: German, Dutch, French and Italian

M.A. Thesis: "Post-war Economic Recovery in the Netherlands and The Marshall Plan". (received honors)

Employment Record:

June 1950 - present International Economist, GS-7, in European Program Division of ECA. Mainly concerned with Italian and Trieste economic affairs. Analyzed economic and financial position of Italy in light of ECA aid program, and handled administration of the aid program itself. Also prepared two, three and four year forecasts designed to show expected economic trends and developments in Italy. These were included in the ECA congressional presentations.

Oct. 47 - June '48 Research analyst in Historical Division of Department of the Army. Engaged in selection of and formulation of reports on German documents which shed light on the West Europe campaign.

Oct. 46 - Feb. 47 Archivist in Office of Military Government for Germany, Department of the Army. Served as chief of the Documents Library, collected reports, dispatches, cables, etc and developed an index system.

Jan. 45 - Aug 45 Assistant to Food and Agriculture Officer with Military Gov't Section of Hq. Twelfth Army Group. Duties consisted mainly of availability and requirements studies connected with food needs of the German population

25 January 1952

MEMORANDUM FOR: THE RECORD**SUBJECT: Backstopping of Cover by the Research Institute of America**

1. Pursuant to conversations between Mr. Rose and Mr. Engels of CIA/opc and Mr. Travis of OO/Contacts, an appointment was made for Mr. Rose to see Mr. Leo Cherne, Executive Secretary of the Research Institute of America, 292 Madison Avenue, New York City, to explore the willingness of Mr. Cherne to backstop the cover story of a proposed agent in training. The appointment was made, and kept, for Wednesday morning, 23 January 1952 in New York City in the presence of Mr. Clark of the New York branch of the Contacts Division.

2. The proposed story of the agent in question, who had been employed on the economic research side of ECA specializing in Italy, was that he wished to resign from ECA and take up an offer to be extended to him in civilian employment. Since the Research Institute of America seemed to fit in naturally with his background and activities in ECA, Mr. Cherne was asked:

a. If he would backstop the agent's story that he was quitting ECA to take employment with the Research Institute of America during his three months period of training with CIA, and

b. Whether he would in fact employ the agent and send him as a representative of the Institute to Italy at the conclusion of his period of training.

Mr. Cherne replied that unfortunately the latter was impossible inasmuch as his company did not send personnel overseas in any capacity. As regards the immediate backstopping of the agent's story, however, Mr. Cherne said that he would be happy to oblige for a period of training only, to wit, three months, after which other cover would have to be sought. Mr. Cherne requested that he be furnished at an early date with more complete information as to what was to be expected of him in his role as a backstop and further stated that he would like to meet the agent personally as soon as could be arranged. This has been communicated to Mr. Engels, the case officer, who will oblige at the earliest opportunity.

MEMORANDUM FOR: Mr. Edward A. Rose

SUBJECT: Cover Story for Research Institute of America

Copy

1. Mr. Acon, who has his MA in International Economic Relations from the University of Chicago, has been working for ECA. He has been hired by the Research Institute of America to do economic research and writing for their weekly newsletter on economic subjects having to do with Western Europe. (Mr. Acon knows Dutch, German, French and Italian.) It could be admitted that he would like eventually to do such writing abroad, but has not yet found a way.

2. His hiring may be delayed for some time. Mr. Leo Cherne will be informed when the story is to be used. By that time, Mr. Acon will have called on Mr. Cherne.

Chief, Contact Division, OO

19 May 1952

Chief, Cover Division, PLANS/OSO

Appointment with William A. BARRON, John E. TOULMIN
and Leo CHERNE

Reference: CS-1512 and CS-1337

1. This will confirm Mr. Rose's verbal request that the Contact Division/OO ask its Boston field office to arrange appointments for Mr. Edward Rose of Cover Division, PLANS/OSO, to see Mr. William A. Barron, Chairman of the Board, Gillette Safety Razor Company, and Mr. John E. Toulmin, Senior Vice President of the First National Bank of Boston, at their convenience on Wednesday May 21, 1952. The purpose of the visit is to explore the willingness of these gentlemen to act as ostensible donors of funds to support a current operation.

2. This will also confirm Mr. Rose's request that the New York City field office of the Contact Division/OO arrange an appointment for Mr. Rose to see Mr. Leo Cherne, President of the Research Institute of America at Mr. Cherne's convenience on Thursday May 22, 1952. Mr. Cherne, who has for some time been backstopping the activities of an agent in this country, has apparently expressed willingness to provide cover for this agent abroad. The purpose of the interview is to discuss more fully Mr. Cherne's proposal. Cover Division would be happy to have an OO field office representative present to insure continuity.

3. As a result of the above requests, Mr. Barron found to his regret that he was unable to cooperate with the Agency at the present time. Mr. Toulmin, on the other hand, was most cooperative. Mr. Cherne, unfortunately, was out of town. The New York field office has been asked to try to arrange a meeting with Mr. Cherne, as outlined above, for Wednesday afternoon, June 4, 1952.

SUBJECT: Field Trip to Interview Leo CHERNE

Reference: CS-1337

DATE: 6 June 1952

Clark
9145

1. On Wednesday, June 4, 1952, an interview was arranged by the Contact Division, OO, for Mr. Rose of the Cover Division, PLANS/OSO with Mr. Leo Cherne, President of the Research Institute of America. The meeting was held at 11:30 a.m. in Mr. Cherne's office at 292 Madison Avenue, New York City, and Mr. Rose was accompanied by Mr. Clark of the New York field office of Contact Division, OO.

2. Mr. Cherne, who is currently backstopping an operation within the United States, had expressed the wish to be provided with some form of letter indicating that the Agency was requesting his cooperation, and the purpose of the interview was to inform Mr. Cherne that this was against Agency policy.

3. This information was accordingly conveyed by Mr. Clark and Mr. Rose to Mr. Cherne who accepted it with good grace. In reply to a question by Mr. Rose he indicated that this refusal would in no way mitigate his desire to be of service to the Agency.

MEMORANDUM TO FILE

INDIVIDUAL	DATE	ACTION
Fred Engel ⁰³	26 Dec.	Engel came up at Rose's suggestions to discuss a need for cover. Engel has a man now working for ECA who is coming with O.P. at the end of January. Engel desires an interim back-stop which the ECA man can give to ECA as a reason for his leaving ECA. Engel desires some organization which will be used as the new employer of the ECA man, and which will be willing to acknowledge, if necessary, that they have hired the man. O.P. is working on a permanent cover to send the man to Stally on a research program, but must await clearance on the outfit. The latter is believed to be the National Planning Association. Engel is submitting biographic data on the ECA man so that the organizers who will backstop the man will have full knowledge of the man. Rose has assigned case # C-101 to this case.
Rose ⁰³	10 Jan	Rose brought biographic on Engel's man. Rose indicated he may want to go to NY to contact a firm re the cover. Travis raised the question as to whether or not the NY field office could make preliminary inquiry. Rose will advise. He wants to see Research Inst. of Amer.
	11 Feb	Close case
Halley ⁰³	17 Mar	Halley requests that we make an appointment for Leon with Cherna for 18 or 19 March. Leon will approach Cherna without CIA representatives.
Clarke (NY)	17 Mar	Clarke advises that Leon should call direct to Cherna as the latter is expecting the call to come through that way. Leon can use Clarke's name if necessary. Hallie notified but she doesn't know if she will call back. Clarke will call Cherna and tell her to expect call. Clarke advises Leon will call with Leon at 11:00 AM. 17 Mar. 03 advised.

STANDARD FORM NO. 64

SECRET

Security Information

Office Memorandum • UNCLASSIFIED

TO : Chief, Contact Division, OO

FROM : Chief, Cover Division, PLANS/OSO *per*

SUBJECT: Appointment with William A. BARRON,
and Leo CHERNE *10336*

References: CS-1512 and CS-1337 *McCarthy*

Case 4145

1. This will confirm Mr. ⁰³Rose's verbal request that Contact Division/OO ask its Boston field office to arrange appointments for Mr. ⁰³Edward Rose of Cover Division, PLANS to see Mr. ⁰³William A. Barron, Chairman of the Board, Gillette Safety Razor Company, and Mr. ⁰³John S. Toulmin, Senior Vice President of the First National Bank of Boston, at their convenience on Wednesday May 21, 1952. The purpose of the visit is to explore the willingness of these gentlemen to act as ostensible donors of funds to support a current operation.

Case 4145

2. This will also confirm Mr. ⁰³Rose's request that the New York City field office of the Contact Division/OO arrange an appointment for Mr. ⁰³Rose to see Mr. Leo Cherne, President of the Research Institute of America at Mr. Cherne's convenience on Thursday May 22, 1952. Mr. Cherne, who has for some time been backstopping the activities of ⁰³(an agent) in this country, has apparently expressed willingness to ⁰³provide cover for this agent abroad. The purpose of the interview is to discuss more fully Mr. Cherne's proposal. Cover Division would be happy to have an OO field office representative present to insure continuity.

3. As a result of the above requests, Mr. ⁰⁶Barron found to his regret that he was unable to cooperate with the Agency at the present time. Mr. ⁰⁶Toulmin, on the other hand, was most cooperative. Mr. Cherne, unfortunately, was out of town. The New York field office has been asked to try to arrange a meeting with Mr. Cherne, as outlined above, for Wednesday afternoon, June 4, 1952.

9) In view of the vast amount of work that must be done, I suggested that I plan to spend two days - 16 and 17 May - if it becomes necessary. On previous trips to discuss TESSAULT's mission with her, I found that she frequently had other commitments which made it difficult to cover adequately the material which I had amassed. If this is the case on this trip, I should prefer not to press her. One day's latitude seems the better part of wisdom. CNEA-5 agreed. We shall see, however.

10) In the event that it becomes necessary to reach me, I suggest that my wife be asked to get in touch with me, (Jackson 7-7018) and that I be asked simply to call my office. I will then call on the sterile phone. For the record, my telephone number in New York is TELRAM 8-2530. 08

General Comments.

4P duplicate

1. I have not talked with many Ford Foundation people and many TQM people. Am impressed by their quality. They are working hard and are doing it in a self-effacing manner. I have not heard one criticism of them from anybody. There are a few ends, of course I have not yet met them. They are here "to help India carry out her projects and her ideas" as one put it. And they seem to do so not only democratically but with a very real warmth and sympathy — yet they stay quietly in the background and take none of the credit. But I feel more strongly each week I am here that the work is solid and is having tremendously good effect in relieving tension and hostility between the two countries. The results of the actual work are apparent now and hope has recently increased among Indians; also their ~~own~~ self-confidence. When confidence increases, sensitiveness decreases, of course.
2. From all I have picked up, the feeling is widespread that Ambassador Allen did a good job out here. As one put it, "he was exactly right for the period he was here; just as Bowles was right for the special ~~particular~~ problems of his two years." Both Indian and Americans highly praise both men.
3. We have a prize in Evelyn Hersey and somebody should thank God every night that she is here. She and Dr. and Mrs. Winer are ~~among~~ the most loved Americans in north India, certainly. Evelyn Hersey is known throughout India. She was Social Welfare attache at the Embassy beginning I think in 1943. The only one attached to any embassy anywhere, I understand. Her work was to interpret the social changes taking place in India; to become aware of the needs and problems and how these needs and problems were being met; and to offer her services and her experience whenever or wherever it was asked for. When the administration changed, she was dismissed by "Republican" on the grounds that this was a new idea; nobody else had ever done such a thing, that is no other foreign service and so why should the U.S.A. At Mr. Allen's urgent insistence, she was sent back, this time under the logic of TQM. She is, however, doing the same job. Her influence is very wide; she is admired and loved by literally thousands of Indians from the high echelons down to the sweepers and other herijans. She is called on for service in numerous fields and by very high officials. She works behind the scenes and feels that her work would be ruined were she given credit for what she has actually done. She is vivid and full of life and one would hardly call her self-effacing; and yet her work is done almost anonymously. I have been around her enough to see how wide her circle of Indian friends is; and how constantly and continuously they stream through her house. She goes all over India. Has travelled much more than 100 thousand miles. She say in recent months she has felt absolutely no antagonism toward her as an American. She is shrewd, has sharp eyes and ears; is knowledgeable politically; is nobody's fool; is strongly anti-communist; is warmhearted and intellectually flexible. One of the best minds I have run into since coming out.
4. I wish we had five times the people in TQM. They carefully avoid politics. I think it is wise. ~~and they are doing a~~

General comments. (continued.)

5. A very good project has recently been launched. It is called The Delhi Training and Orientation Centre for Foreign Technicians in India. This is the second time it has been held, I think. It begins today, Jan. 24. Continues for two weeks. (The first one worked out a fine short bibliography on India; and a little brochure on "Foods available in North India.") This second course covers the Indian village, with visits out to villages; Indian art, architecture, dance; Indian history; religion; Islam in India; other religions and philosophies; Indian family life and customs; health problems and resources; educational problems; urban problems; rural unemployment and aid; the role of foreign aid in India; discussion of the Five Year Plan.

It is the kind of briefing that every foreigner coming to India should have. It is open to all of them. We were invited simply as guests and shall attend many of the meetings. Films are shown; trips to art galleries and museums, etc. Miss Hersey has had much to do with this; also Dr. Douglas Eslinger. And probably others, too. Indians will do most of the briefing.

6. I shall write later about the Five Year Plan. Am still studying it. Shall have a number of interviews with the planners, or with a few of them. Shall also go out on several of the projects. This seems important to me for social changes and how they are made, brood politics. The political picture can certainly not be understood if the cultural and social pictures are not studied and analysed carefully.

We are enclosing a few excerpts of speeches made by Mr. Nehru, Mr. Menon, and Mr. Ushaar this past week at the Congress Party big gathering.

AH(NODA) 1865

22

Odds and Ends of Information:

1. My Fish told me that the Communists are organising the domestic workers of New Delhi. Last week there was a meeting of ayahs at India Gate called together for this purpose. The week before the bearers (or the sweepers) were called together. The Communists are going about it in a shrewd way; making very reasonable demands, such as a half day off each week, a rise of perhaps 4 or 5 rupees a month in wages. A Communist in every home will really be something.

He says there is little activity of Congress party or Socialist party among labor groups. The work is being done by Communists. They, somehow, have the money to do their organisational work while there is little money among regular workers due to weakness of industry, small number and low wages of the workers. He is troubled over lack of activity among the democratic groups in labor circles. Says he has been here only 3 months and cannot as yet see the picture clearly.

2. The State Dept.'s coldness about permitting families to visit the prisoners in China gave the U. S. a very bad press out here. It was very clever strategy on the part of China; it was bad strategy on our part to appear callous to the feelings of the families. Family affection runs deep out here. It is another one of our many small blunders which somehow loom so large when viewed by the hundreds of millions out here. If, somehow, everybody could count up to ten before speaking, and think not how China is going to take it but how the entire area of Asia will react. Those families could have been told quietly and personally that if they wanted to go they would not be protected by an American passport; they could even have been secretly urged not to go; but the blatant press release. . . . Forgive my editorialising, I am sure I am not supposed to do it; but one is very close here to the mind and heart of Asia and cannot help being aware of these reactions of the people. Anyone who loves the U. S. cannot help but wish that our spokesmen would speak more softly and more tactfully. A braggart or bully is disliked by all human beings. To have strength is fine; to brandish that strength offends.

3. The Times of India (Jan. 26) has excellent editorial on the new socialistic society goal as outlined by Nehru and Congress Party leaders. "Does Avadi mark a revolutionary shift in Congress policy. . . . All that it meant was an acknowledgment of the increasing important role of the public sector in the national economy -- a role that was already defined with greater precision in the industrial policy resolution. There was nothing to indicate that there would be any new encroachment on the sphere reserved to private enterprise, and the fears expressed outside the Congress on that score were, therefore, unjustified. Neither was there any justification for the apprehension that the new objective meant a radical departure from the Sarvodaya ideal. . . . What mattered really was not the label that was given the new creed -- but the extent to which in actual practice it would help in the production of greater wealth and in its more equitable distribution. . . . What was significant . . . was that it should have been ~~announced at this time~~

odds and ends of information (cont.)

AH (NCDA) 1865

22

have been compelled at this stage to seek a more popular label for its economic and social policies. . . . If this commitment is to be more than a design to steal the opponents' electoral thunder, the Congress Governments at the Centre and in the States have immediately to set about the task of translating the new principles into policies. . . . The only way to make the policy of Congress Governments accord with Congress principles is self criticism and yet there ~~were~~ were responsible Congressmen at Avadi who saw danger even in the condemnation of malpractices by Congressmen. . . . The road to full employment -- for which the Congress has for the first time laid down a time-limit -- is by no means easy. It demands a complete renovation of life in the countryside on the one hand and speedy industrialization making the country as self-sufficient as possible on the other. (etc.)

Digest of

Mr. Nehru's speech on Jan. 24th.

He spoke of the unsuitability of totalitarianism in the Democratic Republic of India and the inadequacy of capitalism, stating that there was left only a Socialistic approach open to the country.

He stated that the acceptance of the Socialistic society as ideal meant the nationalisation of institutions that could be immediately nationalised with advantage. The presumption in so doing, said Mr. Nehru, was that Socialised production would be more profitable. He, however, cautioned that if experience belied that view, the step might have to be retracted.

He stated that a Socialistic ideal which received the support of the people could achieve the two objectives of increasing national income and enhancing individual dividend.

He stated that India had established economic stability though at a rather low level of prosperity during the first Plan period. He said the credit for the achievement went not merely to economic management and planning but included other factors, among them, assistance from friendly nations. The United States, he said, had contributed the largest share of foreign aid.

Miss Gindi and Mr. Madan (private secretary of Mrs. Gandhi's and reception clerk at Prime Minister's House) over a cosy cup of tea in their quarters told the following story:

While in China, at first big banquet given them, Mr. Nehru and his daughter (and others) were served tiny baby like also dipped in honey. Mrs. Gandhi (his daughter) was so shocked that she choked at the sight and turned away. None of them could eat the delicacy. It was not ever served again to them while they were in China.

12. The second incident involved a rather unstable American woman correspondent Subject had met in Brussels. He had become friendly with her there and had revealed to her his anti-Soviet sympathies. Her association with Subject in Brussels was well known to some other Americans, including the person who had introduced Subject to us. Sometime after Subject's return home we learned that this woman was also to be stationed in Moscow. Knowing that she would want to get in touch with Subject, we wrote him that she was coming and advised him to avoid her. Before he had received our letter she had arrived in Moscow and had already visited him. She told him that her friend, the man who had introduced us to Subject, had told her under no circumstances to phone or visit Subject. (The man who had warned her had feared that she would cause Subject to become suspect to the Soviet security authorities.) This incident upset equilibrium, as he wrote to us, and although he said that he had taken notice of our questions to him, he did not reply to our second letter.

FIELD INFORMATION REPORT

COUNTRY:

SUBJECT: Guatemalan Exile Activities

PLACE ACQUIRED: Costa Rican, (San Jose)

SOURCE, SOURCE EVALUATION, APPRAISAL OF CONTENT

High level Central American exile (F). Appraisal of Content: Documentary.

On 14 January 1956 (Col. Carlos PAZ Tejada, under the alias (U. Palomares) wrote to Col. Francisco COSENZA Galvez in Costa Rica from San Salvador. The letter was addressed to the accommodation address (Justo MARCIA Apellido 7692, San Jose, which is used by COSENZA, and is ~~correctly~~ translated as follows:

"Although I have wanted very much to answer your letter of 7 December 1955 ~~very much~~, many things have obstructed it and so time has slipped by against my wish, so that I have been able to write you only today.

"In spite of the latest news, ^{with} which you must be familiar, I think that what happened is nothing but an incident, natural to the trade. I really believe that the crazy one with whom we were dealing was trying to negotiate and participate in the winnings which there would be without much risk on his part. If the business failed for one reason or another, it does not signify anything more than a loss of time and some short-range hopes, but not in an important manner. Far from that. Something positive is being accomplished within a general line of forcing Maria Dolores to act in a manner which is good for us. I hope to continue in the activity and I have exactly the patience of a spider repairing its net and wait for a fly to fall into it.

"With relation to what you transcribed from Dona Ticha, that is due to the fact that the fat one, who was formerly so close to me, has ~~believed~~ ^{believed} from me and has dedicated himself to the task of defaming me because he was unable to get something he wanted from me. Since he has nothing else to say, he says that I have very strange relations or that I belong to the comrades. As you will understand, this is nothing more than a disloyal ~~maneuver~~ ^{maneuver}, in which he is an expert. The friend who recently arrived from El Indio, can increase your information concerning this. I have already written to the good friend of 'mi morena' so that he may explain if there is an opportunity. Although she is ^{already} really suffering a strong reaction in her actions and I do not think she will recuperate. ~~Plan~~ ^{Plan}.

"I have strengthened the connections with Roque¹⁰ and other friends of the

(HRS) 906

'finesa ni morena'. I think that, depending on how things appear, we should activate our requests and also contemplate new solutions to the large problem. I am writing today to the family to maintain a continuity of action and to see if the prevailing circumstances can be taken advantage of and given a purpose.

"I consider it extremely important that we maintain ourselves in closer correspondence than up to now. I understand that it is I who have failed to answer you, but I hope that the explanation of the events are sufficient. Failing to do so would be to fail to show interest and would even result in everything becoming cold and paralyzed for who knows how long.

"The big carl² wrote me very affectionately. I think that the problems that they cause each other are completely negative and that they cause us to deviate from the only road which should be followed."

SOURCE COMMENTS:

1. (Col) Ernesto ~~WIEDERHEITMANN~~ ~~WIEDERHEITMANN~~
2. A reference to the planned revolt which was discovered and destroyed by the Guatemalan Government in December 1955.
3. A code name for Guatemalan President Carlos CASTILLO Armas.
4. Augusto ~~CHARNAUD~~ MacDonald.
5. (Major) Marco Antonio ~~FRANCO~~ Chacon. According to Humberto GONZALEZ Juarez, there was a disagreement between FRANCO and PAZ Tejada, which resulted in FRANCO's ~~arriving~~ ^{criticizing} CHARNAUD of PAZ' dealings with ~~WIEDERHEITMANN~~ ^{WIEDERHEITMANN}
6. The Communists.
7. Humberto ~~GONZALEZ~~ Juarez.
8. El Salvador.
9. Mexico.
10. (Col) Adolfo ~~GARCIA~~ Montenegro.

Aunque ha sido mucho mi deseo dirigirme

a para dar respuesta a la tuya del 7 de dic. ppto, me ha ido dificultando y poco a poco parando el tiempo, lo que hace que, contra mi voluntad, hasta hoy no te dirija estas líneas.

A pesar de las últimas noticias que habías obtenido, yo creo que lo sucedido no pasa de ser un incidente laboral en el oficio. En realidad yo creo que el loco con quien trabajamos, estaba tratando de regrear y participar en las ganancias que hubieran sin muchos arriesgos de su parte. Así lo sabemos desde el principio y por eso traté de obtener el máximo posible de compromisos de su parte. En el negocio falló por lo que, a regrear, no es una pérdida más que de tiempo y de algunas esperanzas a corto plazo pero en forma alguna algo trascendental. Después de eso algo positivo se está obteniendo dentro de la línea general de hacer a María Dolores actuar en la forma que nos conviene. Conserveo esperanzas de continuar en la actividad y estoy pacientemente con la paciencia de la araña, remendando la red en espera de que la mosca caiga pronto en ella.

Con relación a lo que me transmiten de doña Erika, diré que eso se debe a que el gordito aquel que antes estaba junto a mí, por no obtener de mí algo, se volvió furioso y se dedicó a la notle tarea de difamarme, especialmente, ya que no puede decir otra cosa, que tengo muy estrechas relaciones con los camorristas. Como tu comprendes, esto no es más que un medio desleal, aunque él en esto es experto. Es lo que hace poco llegó de por el judío, la policía.

COUNTRY	USSR	REPORT NO.	00A-3, 203, 015
SUBJECT	Olav B. Pirogov, Soviet Exchange Student; Unexplained Return to the USSR; Possible Susceptibility to Coercion; Incident with American Agent in USSR	DATE DISTR.	4 December 1961
DATE OF INFO.	20 Nov 61 and earlier	NO. PAGES	3
PLACE & DATE ACQ.	1/27/62 - FA 600-61	REFERENCES	Case No 35,120 (NY-52511) C/S Morgan 5 Source: Prof. Charles Belmont Overmeyer Polytechnic Inst. of Brooklyn

THIS IS UNEVALUATED INFORMATION

SOURCE: US citizen, head of the chemistry department of a large US technical institute.

During the period 17 Sep to 23 Oct 61, Olav B. Pirogov, Soviet Exchange Student under State-Department Agreement, was under the supervision of himself and members of his staff.

1. Olav Aleksandrovich Pirogov came to do post-graduate research work in the Department of Chemistry under the supervision of himself and his associates on 27 Sep 61. He was pursuant to the State-Department exchange agreement and it was intended that he would work here for a period of three or four months. He had been here less than a month when his sudden and unexplained departure occurred on 23 Oct 61. Prior to coming here, he had been a Scientific Associate of the Institute of Chemical Physics, at the Academy of Sciences, Moscow.
2. We were very much disturbed by Pirogov's sudden departure because we feared that the whole exchange program might have been jeopardized. So, on 27 Oct 61, we sent a cable to Professor Nikolay Alekseyevich Rumyantsev, a member of the Academy of Sciences of the USSR, who is the head of the Institute of Chemical Physics, Moscow, where Pirogov had worked. Rumyantsev replied to this cable with a cable which we received 11 Oct 61. It was very conciliatory. It stated that Pirogov came back for family reasons. "We are extremely sorry," it said, "and will write a letter with details later." However, no such letter has arrived to date, 20 Nov 61.
3. Another cable was sent by the National Academy of Sciences, 6 Nov 61 to the Russian Travelers' Bureau, President of the Academy of Sciences of the USSR, at this or last, as we reply has been received, on 20 or 21 Nov.
4. As far as I am concerned, I am sure that this is the only Pirogov's wife and family made him return to the USSR to end the present for his departure.
5. I think the departure was sudden, there is a gap that is being connected. Or it may have been a combination of two or three little things that brought about his recall.
6. Pirogov stated he was well here. He is a very glib person. He gave him the title of visiting scientist. He seemed to work with post-graduate.

students about four or five years after receiving their Ph.D. When he arrived, he spoke very little English but was interesting first. He had a room in a dormitory over at the Long Island College, there we continued our class. He made many friends. He is married and has a wife and two children who remained in Moscow. One of his parents came from the Ukraine, I believe. The U.S.S.R. has all the details. They are getting the freight."

7. He was obviously impressed with Pirogov's ability and regarded him as a capable research worker. He is well informed in the technical area in which he has been working. He mixed well with the other students. He was not pretentious. He did not seem to hide anything. On the subject of housing, for example, he did not pretend that the USSR's is up to par in the U.S. He was not grandstanding for the Soviet system. It seemed to me that he was the sort of man who might have been converted to the U.S. way of doing things, if he was not careful. It may be that the people to whom he reported in the Council of the Soviet Delegation to the UN at Park Avenue and 68th Street, New York City, may have reached the same conclusion. Or his department may have been brought about for other reasons, for example, by his work with Soviet-American physics, mathematics and astronomy of the International Astronomical Society and Chairman of the Soviet Interplanetary Commission.
8. Dr. Sidorov was visiting our institution and one of us thought it would be a good idea for Pirogov to meet Sidorov. This was brought about as a result of a suggestion that he was introduced as "Pirogov of Moscow." They shook hands and Pirogov said something in English like, "pleased to meet you." Sidorov said something to him in a very sharp tone in Russian and later, in the elevator, saw his smile and laughed him in a very stern voice. I was present and observed that Pirogov grew pale. Later, he became very nervous and went to the UN Delegation Headquarters on Park Avenue and 68th Street. I understood that they laughed at his apprehensions and told him not to worry. However, from then on he became more nervous. Somehow, he said, had indicated that he was talking too much. He was afraid he had given away some important information.
9. This was a lot of bother because we already knew what they are doing. He certainly had no reason to feel he was disclosing more than he should. He only disclosed what was necessary to do the work planned for him in the program assigned under the exchange agreement. It would have been impossible for him to carry out his assignment without making the disclosures that he made. We just cannot work on such a project without being cooperative. Just the same Pirogov became very apprehensive and could be recalled. They still reported no danger. They think I have called too much about what we are doing in the Institute of Chemical Physics. Pirogov had taken the position that it was not wrong for him to talk about his work at this Institute in the USSR, which is the one headed by himself, incidentally. Pirogov maintained that an exchange project cannot be all take and no give. There is supposed to be an exchange of information.
10. Another thing that contributed to Pirogov's apprehensions was the fact that he had not heard from his wife or family for several weeks. He was greatly concerned about this. However, I believe he did have a letter from his wife just before he left.
11. By one feeling is that his popularity worked against him. The suspicious people in the UN Delegation office did not like the idea of his becoming a part of the community here. The students liked him and he went to classes with them. When some of my students were celebrating receiving their degrees, Pirogov joined the party and after dinner he came along with the rest of them to have a drink at my home. He obviously acted like a human being.
12. In my opinion, Pirogov's signature into a certain article is not appreciating what a good propaganda agent he was for their system, even though he was not afraid to admit that the Soviet system is not perfect and that there

SECRET

8090

SECRET

-3-

is a heavy shouter, for example. They thought he talked too much and was too friendly. He did not keep his mouth shut and he did not act like a Jew. I am sure they concluded that he was susceptible to coercion. I thought of myself.

13. As I suspect that Pirogov dug his own hole. He had to report to the Council of the US Delegation every week and, in the process, his general attitude got across to them. He talked too much. His conversation with Becker was an example.
14. Again, what he was working on here was very close to what he had been working on under Gurney and the Council may have jumped to the conclusion that he was telling us all that he knew.
15. The problem on which he worked here was the cryptanalyzation of German and alpha-ciphers using a transmission aerial cryptosystem. For example, one of the cryptanalyzations on which he worked involved the cipher, beta-cipher, and the alpha cipher, program.
16. He was known to many of the staff and was intimate with ten or fifteen students here but was probably most intimate with the man with whom he shared a laboratory. This was an Italian, named Dr. Emilio Reggiani. They appeared to be good friends.
17. I do not think that Pirogov was the victim of an informer. I have wondered about this a lot but I do not think this is what happened. I think, as I said before, that he dug his own hole. Instinctively, we were most anxious to keep this incident out of the papers and there was no leak. Had there been an informer, this might not have been the case.

SUBJECT: Meeting with AMCLOCK/1,
26 September 19671-Unit A Chrono DUMMY
1-Unit B Chrono DUMMY
4-AMCLOCK/1 File

(Original via ELMARD)

REFERENCES: DO BASE/NEW YORK 3346
and 3352Introduction

1. AMCLOCK/1 arrived in New York on 19 September 1967. He had been given instructions to call a JMWAVE operational number (Iden A) next time he was out in a friendly country in order to receive contact instructions. When he failed to call soon after his arrival it was decided to try to establish visual contact with him at HTBASTE, same as was done successfully in 1966, to move him to call for contact instructions. For that purpose DI GERVENO was taken to HTBASTE on 21 September carrying a match folder from (Iden B) with his alias, (Iden C), and room number. The plan was to make sure AMCLOCK/1 recognized DI GERVENO, who also met him in 1966, and to pass the match folder to AMCLOCK/1 only if this could be done securely. DI GERVENO was able to make definite visual contact on four different occasions: once at (Iden D) twice at (Iden E) and a fourth time on the corridor between (Iden D) and (Iden F). AMCLOCK/1 quickly recognized DI GERVENO and tried to keep himself available for a possible contact. However this was not possible and the contacts on 21 September were limited to visual recognition only.

2. During this time the operational number of the Beekman site (Iden G) was also manned in case AMCLOCK/1 had retained this number and attempted to call DI GERVENO there instead of JMWAVE, but he failed to call either place for contact instructions. It was then decided to attempt to contact the agent again on 26 September at HTBASTE. While attempts were being made to locate AMCLOCK/1 the case officer surveilled the building where AMCLOCK/1 is staying (Iden H) and saw him go in by himself at 1310 hours to leave his briefcase. At 1330 hours, AMCLOCK/1 left the building alone to go for lunch and DI GERVENO followed him. AMCLOCK/1 recognized the case officer and after exchanging safety signals DI GERVENO passed the match folder to the agent while both were waiting on a crowded street corner for the red light to change, at which time AMCLOCK/1 told DI GERVENO that he had no way to contact him and would see him after lunch.

S E C R E T

DESCRIBED

-2-

Operational Chronology

3. On 26 September AMCLOCK/1 met DI GERVENO from 1500 to 1830 at Iden B. AMCLOCK/1 appeared to be in good health and rested and in high spirits. He was very glad to see DI GERVENO again and to be able to discuss things openly. He criticized bitterly the living conditions in PBRUMEN but does not seem to be affected by it or by the fact that he had to live under a regime he obviously hates. In fact, he seemed quite sure of himself and plans to return to PBRUMEN at the end of the HTBASTE session. He is scheduled to remain in New York until December 1967 but may return to PBRUMEN before then for a short visit to look after his ailing mother and his wife, who had a baby girl two weeks prior to his departure. This may have influenced AMCLOCK/1 not to think about a possible defection at this time, which came as a surprise to the case officer who expected the agent to have second thoughts about return to PBRUMEN where he is not happy.

4. AMCLOCK/1 explained that he could not make contact as instructed because he had destroyed the phone number and both accommodation addresses we had given him for him to report from inside PBRUMEN. He destroyed them in the toilet at the airport upon his arrival in PBRUMEN in late December 1966 after observing a number of uniformed individuals at the airport which he considered to be suspicious, although they had nothing to do with AMCLOCK/1. This may have been a convenient excuse for his failure to make contact as instructed but DI GERVENO did not press the issue. Instead he was given the operational numbers of the Beekman site and of the Base in New York (Iden I) and told he could always call there if he could not locate DI GERVENO at Iden B. He was also given the JMWAVE number for emergency contact. AMCLOCK/1 said he tried to make contact by calling Iden J to inquire about MIDDAGH in true name, but after much probing he was told that MIDDAGH was in Washington and was given a phone number for him to call direct. AMCLOCK/1 was planning to call Washington at a later day if he had not been contacted.

5. AMCLOCK/1 reported that he has had no security problems and has not been molested inside of PBRUMEN. He was treated "royally" by the AMTHUG regime in early 1967 and everybody seemed pleased to see him back. Apparently his return surprised some individuals who privately thought he would defect rather than return to PBRUMEN to live. During this time he enjoyed special privileges and received frequent invitations to official functions with foreign diplomats. However, by mid 1967 the special privileges and invitations were gradually suspended for no apparent reason. (For example, he was no longer allowed to take his private car to a government garage for repairs and he had to arrange for the maintenance of his house, which was given to him and kept up by the government at first). AMCLOCK/1 believes that this was due to his being under "observation" while going through a reorientation period after his long stay abroad. There is nothing to indicate that AMCLOCK/1 is not trusted or accepted by other government officials. The fact that he was sent out again is a strong

S E C R E T

REPRODUCTION

S E C R E T

-3-

DESENSITIZED

indication that he enjoys a favorable position in the AMTHUG regime. He hopes that in 1968 he will be assigned to another permanent post abroad.

6. In reference to his wife AMCLOCK/1 stated that he is now convinced that she is totally against the AMTHUG regime. After their marriage in late 1966 he was not sure of her true political ideology but during the past year he has been able to confirm her disagreement on a number of occasions. He feels confident that she would follow him in any movement against the regime, such as defection, but has not told her about his work for WOFAC. *GENERAL DIAZ DIAZ*

ALBERTO ALER HERRERA-GARCIA

7. Regarding the trip to New York, AMCLOCK/1 reported that with them came (Iden R), a known intelligence type, and four other individuals not known to him but believed to be intelligence types. Later AMCLOCK/1 identified these individuals as Idens L, M, N and O. In answer to specific questions AMCLOCK/1 said that the crate they brought contained only a vase for (Iden P). AMCLOCK/1 is not aware if any weapons or special instructions have been sent to (Iden P) in connection with racial disturbances in WOLADY. The routine instructions given to (Iden P) were to oppose LNHARP actions in HTBASTE whenever possible and to try to bring all debatable matters to HTBASTE, where they have better support. *CUBAN MISSION TO THE UNITED NATIONS*

JOAQUIN CAMILO GARCIA ALONSO

CUBAN MISSION TO THE UNITED NATIONS

8. AMCLOCK/1 was not seen going in or out of the room and the meeting was conducted without interruption under most secure conditions. DI GERVENO established immediate rapport with AMCLOCK/1 and their relations remained most cordial throughout the meeting. Only DI GERVENO and AMCLOCK/1 were present.

Finances

9. DI GERVENO was careful not to mention salary payments to AMCLOCK/1 who is not aware of his salary increase to \$1,000 a month effective 1 January 1966. However, he requested \$500 to buy books and baby items for his daughter. DI GERVENO told him that he would bring him the money in their next meeting. All payments to AMCLOCK/1 will be T/A'd to JMWAVE together with the agent's signed receipts.

Intelligence Production

10. Although most of the meeting was used to discuss operational matters, AMCLOCK/1 reported disseminable information on the following requirements given in DIRECTOR 37960.

- a. Present attitude of the PBRUMEN government towards the United States; expectation of a military attack on PBRUMEN supported by the United States; formal military training being given to all PBRUMEN army officials (DO BASE/NEW YORK 3382)

Distribution:

SUBJECT: Meeting with AMCLOCK/1,
27 September 1967

1-Unit A Chrono DUMMY
1-Unit B Chrono DUMMY
4-AMCLOCK/1 File
(Original via ELMARD)

REFS: DO BASE/NEW YORK 3362 and 3359;
DIRECTOR 37254 and 37960

Operational Chronology

1. On 27 September 1967 AMCLOCK/1 met DI GERVENO from 1130 to 1530 for lunch at the Beekman site. The agent was not seen entering or leaving the site and he stayed out of sight when food was brought up from the restaurant downstairs. The meeting was conducted under secure conditions and without interruptions. Only AMCLOCK/1 and DI GERVENO were present at the meeting.

2. AMCLOCK/1 reported that he had been assigned to work in Iden A with Iden B same as last year. A few days before his departure from PBRUMEN, Iden C told AMCLOCK/1 to watch out for Iden B who is a member of the intelligence service and will be reporting on AMCLOCK/1. The implication was that AMCLOCK/1 was still under observation by the AMTHUG regime and Iden C actually told him to bend backwards in every way possible to prove himself while in New York. AMCLOCK/1 explained that this meant to live a model life while abroad and to perform extra work whenever required, without complaining. AMCLOCK/1 believes that Iden B is being trained to take over AMCLOCK/1's position as an expert in economics for the AMTHUG regime. If this is the case, this may be the last time AMCLOCK/1 is sent to Iden A. Still, under much probing, AMCLOCK/1 could not come out with any clear indication that he was suspected or was falling out of grace with the AMTHUG regime. Although the agent has a tendency to emphasize his "delicate" position, the case officer believes that he is not mistrusted and still enjoys a favorable position in the government, although probably considered too bourgeois to be completely integrated with their communist philosophy.

3. Regarding the recent changes made in PBRUMEN diplomatic personnel abroad, AMCLOCK/1 was not aware of any security shake up taking place in the Foreign Ministry. He regarded these changes as a routine matter in accordance with their policy to bring back to PBRUMEN for a reorientation tour all those diplomats stationed abroad for three consecutive years or more. AMCLOCK/1 actually

DEFENSIVE

-3-

are old friends of AMCLOCK/1. (Iden K) is also a cousin of AMCLOCK/1's wife. (AMCLOCK/1 is a difficult individual to debrief on hard intelligence.)

6. Regarding internal security in the PBRUMEN mission in New York, AMCLOCK/1 reported that the entire third floor of the mission is used only by members of the intelligence service. Not even the Ambassador is allowed in that area. Besides (Iden B), AMCLOCK/1 correctly identified the known members of the intelligence service permanently assigned to the PBRUMEN mission.

Finances

7. AMCLOCK/1 was given \$500 he requested from his escrow account and signed a receipt for this amount, which will be T/A'd to JMWAVE.

8. During the meeting AMCLOCK/1 was debriefed on the following information which was disseminated as indicated:

- a. Changes of PBRUMEN diplomats abroad; expected internal reorganization in the PBRUMEN Foreign Ministry (DO BASE/NEW YORK 3373)
- b. Advisory Committee on PBRUMEN Foreign Policy (DO BASE/NEW YORK 3376)
- c. Informal message sent to PBRUMEN Prime Minister by Mexican President (DO BASE/NEW YORK 3375)
- d. Appointment of PBRUMEN Ambassador to the Congo (Brazzaville) (DO BASE/NEW YORK 3374)

Future Plans

9. Next meeting is tentatively scheduled for 29 September between 1300 and 1400 hours. With the assignment of AMCLOCK/1 to (Iden A) his free time will be more restricted from now on for future meetings. However, the agent agreed to contact DI GERVENO as often as possible.

APPROVED FOR REPRODUCTION

LITAMIL-9

On the night of 10 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of city where debriefing took place. NO SECURITY PROBLEMS NOTED.

Time: 2130-2245.

(LITAMIL-9) reported as follows:

1. Manuel VEGA Perez, Cuban G-2 Mexico, told (L-9) that he had been with Dolores DE LA MORA Canada and that DE LA MORA asked for (L-9). (L-9), of course, will take advantage of VEGA remark to make contact with DE LA MORA. (L-9) commented that fact VEGA was with DE LA MORA is interesting. It will be recalled that "Conchita" FERNANDEZ told (L-9) to be careful with DE LA MORA because she is a contact of CLERGE Fabra, Cuban G-2 type.

2. (L-9) reported that on 9 May 63, while near the Cine Diana at 10:30, he saw Ramon SINOBAS Canada waiting for someone. SINOBAS saw (L-9) and waved at him. (This was KUBARK meeting) (L-9) commented that SINOBAS was definitely waiting to make a contact with someone.

3. Francisco MAIZ Alberdi, Spanish/Cuban, who formerly tended the gate at the Cuban Embassy in Mexico, returned to Mexico on 10 May 63, this time assigned to the Embassy as "Auxiliar de Seguridad". (LITRE Airlifts show MAIZ and his wife returned via Gubara on 10 May 63). (L-9) said that MAIZ' wife is suffering from cancer, that she was operated on in Habana but there is no hope.

4. (L-9) reported that on 9 May 63, Ramon SINOBAS Canada, Cuban Charge, met with students (about 6) from Chapingo. The meeting took place at 1:00 at the Embassy.

5. Pco. MAIZ told (L-9) that EZEKIEL Hector GALLO Portieles, Cuban Charge in Bolivia, went back to Habana recently for what he thought was short stay, i.e. two weeks, but he is still there. GALLO was assigned to study "instruccion politica y revolucionaria".

6. MAIZ also told (L-9) that Rogelio RODRIGUEZ Lopez, formerly in Mexico, received a scholarship. It is not known what kind nor where.

7. MAIZ told (L-9) that Roberto JORRIN was expected to return to Mexico on 13 May 63. MAIZ said that Anselmo GARCIA Lara was expected to return to Mexico shortly.

SECRET

P-6079

15/11

SECRET

8. (L-9) said that he had the duty (security) all day Saturday, 11 May 63. (L-9) said that Jose LLAGONTERA is taking the day off and will not return until about 2200 this evening. I told (L-9) to report any similar info particularly re Armando SARDINAS and others who live at the Embassy.

9. MAIZ told (L-9) that Eusebio AZCUE was expected back in a week or so. MAIZ said that his wife would return after him. He added that Sra de AZCUE is anxious to return to Mexico.

10. (L-9) finally identified Jose FERNANDEZ Roa as the person who is working with Buenaventura REYES Acosta and Ramon SINGROS. (L-9) reported this news to (L-9) and he asked FERNANDEZ if he was related to the Foreign Minister and FERNANDEZ didn't say yes or no. (L-9) believes that he might be because he doesn't seem very sharp and yet he's hanging around with SINGROS and BUENAVENTURA. FERNANDEZ told (L-9) who asked him about his relationship with ROA, that if he was related to ROA it was a distant relationship.

11. Cely SOLORZANO, sister in law of Gral. Lagaro CARDENAS is scheduled to leave for Habana on 13 May 63.

12. L-9 said he attended a meeting at the Academia Mexicana de Derecho Internacional on 8 May 63 and the Mexican Amb to Israel spoke re non-intervention and autodeterminacion. (L-9) said the speech was typical of Mexican govt policy re Cuba.

13. (L-9) said that he saw Rafael PEDROSA Perez and Antonio ARENZA Mon at the Embassy on 9 May 63. ~~XXXXXXXX~~ They were in session with Ramon SINGROS. PEDROSA, the mulatto type, told L-9 at the inaugural session of the Microonda Seminar that "it was necessary for him to make a lot of contacts in Mexico". It was he who also told (L-9) that he was in contact with Raul ROA, i.e. "Estoy en contact con ROA". (L-9) said that on 9 May at the Embassy, PEDROSA was sick, i.e. pale green, bad breath etc. I told (L-9) to make contact with PEDROSA and ARENZA if possible and size them up. He said it would be difficult because he has no reason to see them. He merely attended the inaugural session of the Seminar. (L-9) however, did identify both men from LIERODE "take" which I showed him on this date.

SECRET

On 13 May 63, I met (LITANIL-9) at the usual rendezvous point and we drove to outlying district of the town, where we held meeting. NON SECURITY PROBLEMS NOTED. Time: 2230-2330.

(LITANIL-9) provided the following information:

1. Francisco MAIZ A. told (L-9) that Emma FARIAS, former upstairs maid at the Cuban Embassy, and now employed by the PORTUQUEROS in Oriente (Amb Jose PORTUQUERO) is being returned to Mexico as a security risk. She is expected to arrive from one day to the next. According to MAIZ, FARIAS was "sacking in" with anybody who came along, and has even become friendly with counter-revs. In view of the above, FARIAS is being "bounced". MAIZ said the Cubans plan to conduct a full body search of FARIAS when she leaves Cuba, i.e. ~~RENDERED~~ "en cueros". (L-9) pointed out that FARIAS is a Mexican and if it true what MAIZ reporting about body search etc it would be good for FP play in Mexico.

2. (L-9) reported that Andres ARMONA, in Tannica, 261-333036.

3. Jose FERNANDEZ ROA, newly arrived Cuban dip, told (L-9) that he came to Mexico in 1959 with a group of young people as an "official". FERNANDEZ said that Amb MASSIP was in Mexico at that time. (L-7) reported that this is FERNANDEZ first overseas post.

4. Roberto JORRIN is expected to return on 14 May 63.

5. (L-9) reported that Ovidio SABA, the Vice Consul in Veracruz, is quite sick with "turistas", i.e. amoebas. He apparently has had this problem in Cuba.

6. Ramon SINOBAS, Cuban Charge, told (L-9) that his baby would be about a week old when the new Ambassador arrived and that this would be fine because he wanted to return to Cuba and see his father who has returned to Habana from Paris (Ramon SINOBAS del Olmo). SINOBAS' wife gave birth to baby boy.

7. Manuel VEGA Perez told (L-9) that the new Amb Joaquin HERNANDEZ de Armas "llegara a mas tardar en diez dias".

SECRET

U. On 12 May 63, ~~Barclay~~ DUNIN, Soviet Counselor, drove L-9 to the Cuban Embassy from Deyocan. DUNIN, who in L-9's opinion is extremely "sharp", "realistic" and "talented" told L-9 the following:

a. The Cuban Rev is now consolidated as the recent trip of Fidel CASTRO to Moscow proves. DUNIN said that CASTRO's absence from Cuba did not affect the regime; that things went on the same in his absence etc. DUNIN, however, said that this does not mean that Cuba does not need CASTRO. He said that Cuba is not like the Soviet Union where the loss of KHRUSHCHEV would not affect the regime. Cuba needs CASTRO and he must be protected to avoid an assassination attempt etc.

b. (L-9) asked ~~XXXXXXXX~~ DUNIN about the "tapado" and DUNIN answered that at this time, in his opinion, not even the President LOPEZ M., knows who is going to be the candidate.

c. DUNIN stated that a revolution in Mexico similar to that in Cuba would be very difficult. He attributed this to the fact that the masses in Mexico ~~are~~ ^{do} not ^{have} the "debid a preparación politica" required for such a revolution. He said that it will take one or two generations before Mexico is ready for such a revolution.

9. L-9 ^{261-334089 28-5-63} said that Eusebio AZCUE Lopez, Cuban Consul, is expected back on 17 May 63.

10. L-9 said that while he was in Habana he asked that 5 copies of Bohemia be sent to the Embassy. He said that 10 copies are arriving each week since his return to Mexico. He said very little propaganda is coming.

11. L-9 said that he saw Rafael PEDROSA and Antonio ABRUZA at the Embassy but he did not have a chance to talk with them. He said they quickly slipped into SINORAS' office.

1961-0021. (LITANIL-9)

On 14 May 63, I met (LITANIL-9) at usual rendezvous point and we drove to outlying area to hold meeting. NO SECURITY PROBLEMS NOTED. Time: 2200-2300

(LITMIL-9) provided the following info:

1. L-9 had dinner at the Embassy on 14 May and he identified Emigdio VEGA Calero as a TDYer. *See info on [redacted] 14563*

2) L-9 said that Emmanuel CARBALLO told him that "Chiquito" SARSALENDI (sic) employed by the Casa de las Americas is coming to Mexico soon for a couple of weeks. SARSALENDI, Imu, Subject's father lives in Mexico and according to CARBALLO, was disappointed that his daughter was not going to stay in Mexico. Subject's mother is living in Miami.

(L-9) reported that Seydou DIALLO, Guinean Amb/arrived on Cubana
on 14 May 63 and he saw to it that DIALLO had no problems at
the airport. DIALLO is the Guinean Amb to the U.N. also.
DIALLO told (L-9) that Carlos LECHUGA Torra, Cuban Amb to the U.N.
was highly respected by all members of the U.N., including the
U.S.. He said that LECHUGA knew how to handle himself in the
(COMMENT BY SEYDOU DIALLO, GUINEAN AMB TO UN, MAY 63)
very complicated U.N. maneuvers. DIALLO said that Raul FIDELISE
and LECHUGA make a good team. (L-9) said that DIALLO is very much
pro-CASTRO and undoubtedly a member of the pro-CASTRO U.N. clique.
DIALLO told (L-9) that he has known Vicente FOVARTADO Salazar for
many years.

4. L-9 identified the following LITRODE photo:

Marcial MARTINEZ
(Colored)

L-9 said he saw MARTINEZ in Havana recently.

Rafael PEROSA
Aranda

TDYer for conference on
microwaves.

L-9 also identified Jose VERNADEZ Roa in LIFIRE photo at Sof
Embassy press 8fiesta recently. 00063

5. (L-9)^(u) said that Mamuel XEGA Perez told Rafael PETROSA Arandia and Antonio ARRUZA Mon. that she should not leave any docs or papers at their hotel room. In fact, both men left immediately to get papers from their XXXX room. (L-9)^(u) believes they are staying at the Hotel Agnes.

Chief, Special Affairs Staff

Chief of Station, JMWAVE

TYPIC/OPERATIONAL
Special Activities Report on JMWAVE's Relationship with AMCARBON-1
201-746416
REQUIRED REFERENCES

- ACTION REQUIRED: Paragraph 10
- REFERENCES :
- A. WAVE 8981, dated 24 September 1962
 - B. WAVE 9169, dated 28 September 1962
 - C. WAVE 9343, dated 2 October 1962
 - D. DIR 40975, dated 6 October 1962
 - E. UFGA 14417, dated 4 March 1964

1. INTRODUCTION. In Reference E, JMWAVE forwarded a review of the nature of its relationship with AMCARBON-2. This review indicates that the relationship with AMCARBON-2 evolved from that action which was taken in September 1962 to insure that a security breach would not occur as a result of an investigation which was being carried out by the Identity 1 relative to the fact that the establishment of the Identity 2 was being kept from the YOBELT South Campus as a result of security restrictions which were in some way related to JMDUSK. While the relationship with AMCARBON-2 stemmed from the remedial action which had been taken in a crisis situation, the establishment of a working relationship with the Identity 3 was an objective which JMWAVE had always hoped to obtain. As a matter of fact, in Reference A, the recommendation was made that JMWAVE be given approval to contact the major South Florida news media in an attempt to work out a relationship with these news media which would insure that they did not turn the publicity spotlight on those KUBARK activities in South Florida which might come to their attention. Thus, when a relationship was established with AMCARBON-2, it was carefully cultivated in order that JMWAVE might be able to use this contact at the Identity 3 as a means of achieving the objective of having a relationship with the Identity 3, which would simultaneously insure the security of JMWAVE's operations, and give JMWAVE an outlet into the press which could be used for surfacing certain select propaganda items. In the period October to

3. ~~AMCARBON-1'S JOURNALISTIC CAREER.~~ AMCARBON-1 originally started to work for the Identity 3 in 1957 on the City Desk, and subsequently advanced from this assignment to an assignment which entailed covering major political developments in Florida. At a later date, AMCARBON-1 became a feature writer for the Identity 3. Then in July or August 1962, AMCARBON-1 was made the Identity 4. This assignment was considered to be a significant

9933

December 1962, all of JMWAVE's business with the Identity 3 was handled via AMCARBON-2. In mid-December 1962, AMCARBON-2 made the suggestion that he introduce REUTEMAN to AMCARBON-1 in order that there be a backup contact, in the event that AMCARBON-2 were out of town or unavailable at such times as REUTEMAN might require assistance from the Identity 3. REUTEMAN agreed to AMCARBON-2's suggestion, and, as a result, AMCARBON-2 hosted a luncheon on 12 December 1962 at the Miami Club in the Hotel Columbus, Miami, Florida, at which AMCARBON-2 introduced AMCARBON-1 to REUTEMAN. As a result of this initial meeting on 12 December 1962, an operational relationship has developed with AMCARBON-1, and it is believed that this relationship contributes to the fulfillment of the over-all JMWAVE mission. In view of this, a special activities report is being submitted to cover the nature of JMWAVE's relationship with AMCARBON-1 during the period December 1962 to March 1964.

2. FRAME OF REFERENCE FOR JMWAVE'S RELATIONSHIP WITH AMCARBON-1.

When AMCARBON-2 introduced AMCARBON-1 to REUTEMAN, AMCARBON-2 reviewed the ground rules under which he had been cooperating with REUTEMAN. This review was conducted for AMCARBON-1's benefit, in order that he might clearly understand the frame of reference which should prevail in his relationships with REUTEMAN. In this review, AMCARBON-2 pointed out that it was the policy of the Identity 3 that it would take no action which would purposely embarrass KUBARK or its South Florida operations. As a result, if any embarrassing items relative to KUBARK's operations in South Florida did come to the attention of the Identity 3, this material would be brought to REUTEMAN's immediate attention. AMCARBON-2 made it clear to AMCARBON-1 that such items should be discussed with REUTEMAN in a frank manner. In addition, AMCARBON-2 made the point that, after an item was discussed, AMCARBON-1 should follow REUTEMAN's guidance relative to how any particularly embarrassing item might be handled by the Identity 3, so that it would not expose KUBARK operations and, at the same time, would not jeopardize the journalistic reputation of the Identity 3. In addition, AMCARBON-2 pointed out that, if AMCARBON-1 brought a potentially embarrassing item to REUTEMAN's attention and remedial action on the matter was not taken by REUTEMAN within a reasonable period of time, then the Identity 3 would feel free to expose any ineptness on KUBARK's part. AMCARBON-2 pointed out that in return for this cooperation from the Identity 3, REUTEMAN had agreed that he would be available for contact by telephone or periodic personal meetings at which AMCARBON-1 and AMCARBON-2 could discuss broad trends and developments in Latin American affairs. AMCARBON-2 advised AMCARBON-1 that this arrangement did not mean that AMCARBON-1 could expect to obtain any classified information from REUTEMAN. The point was also made that AMCARBON-1 should not press for the obtaining of classified information, but he should be alert to steering tips which REUTEMAN might furnish him on fast-breaking news stories. AMCARBON-1 indicated that he understood the frame of reference which had been outlined by AMCARBON-2. This frame of reference has prevailed throughout JMWAVE's relationship with AMCARBON-1 during the period December 1962 to March 1964.

3. AMCARBON-1'S JOURNALISTIC CAREER.

AMCARBON-1 originally started to work for the Identity 3 in 1957 on the City Desk, and subsequently advanced from this assignment to an assignment which entailed covering major political developments in Florida. At a later date, AMCARBON-1 became a feature writer for the Identity 3. Then in July or August 1962, AMCARBON-1 was made the Identity 4. This assignment was considered to be a significant

promotion for AMCARBON-1, and it reflected confidence in him by the Identity 3 management. AMCARBON-1 is by no means an expert on Latin America, but he is developing his knowledge on the area and, at the moment, he gives every indication of wanting to be a long-term Latin American specialist. QDELF has been questioned about AMCARBON-1, and he has indicated that AMCARBON-1 is regarded in the journalistic trade as an extremely likeable fellow who has a keen mind but who lacks experience in depth on Latin American affairs. It is QDELF's opinion that given an appropriate lapse of time, AMCARBON-1 will develop into one of the leading Latin American specialists in U.S. journalistic circles. AMCARBON-1 has a working command of Spanish, and he is constantly attempting to improve his language fluency. It is REUTEMAN's opinion that AMCARBON-1 has developed rapidly as a Latin American specialist, and he will continue to grow in this field. Thus, he is a contact who should be developed and harnessed for exploitation, bearing in mind that he does have long-term potential.

4. AMCARBON-1'S CONTACTS AND SOURCES. In keeping with the traditional pattern of source protection which is common to newspapermen, intelligence officers and law enforcement officers, AMCARBON-1 attempts to guard the true identity of all of his sources. On the other hand, when pressed, AMCARBON-1 has identified some of his sources to REUTEMAN, in order that meaningful evaluations could be made of that information which AMCARBON-1 had passed to KUBARK. As a result of these occasional witting identifications of his sources, and, as a result of general conversations with AMCARBON-1, REUTEMAN has learned that AMCARBON-1's sources include the following persons:

- a. Luis *FERNANDEZ Rocha (201-316766), secretary general of the DRE.
- b. Manolo *RAY Rivero (201-239298), chief of JURE.
- c. Carlos *TODD y Lobo (201-264141) of the defunct Havana Times.
- d. AMBIDY-1 (201-267437)
- e. Aureliano *SANCHEZ Arango (201-019245), leader of the AAA.
- f. Edmund *LEAHY of the Washington News Bureau. AMCARBON-1 regards this source as being particularly interesting, in view of the fact that LEAHY's daughter is a secretary in the office of Attorney General Robert KENNEDY.
- g. Frank *PIORINI (201-242256), free-lance pilot and adventurer.
- h. Eduardo *SUAREZ Riva, public relations man for the MRR.
- i. Luis *MUNOZ Marin, governor of Puerto Rico.
- j. Juan *BOSCH Gavino (201-103272), former president of the Dominican Republic.
- k. Charles *KEELY of the Copley Wire Service.
- l. Jorge *VOLSKY Kraisler (201-352252), an employee of USIA in Miami. AMCARBON-1 is well aware of the fact that VOLSKY is a defacto stringer for Tad SZULC of the New York Times, but this does not deter AMCARBON-1 from attempting to exploit VOLSKY as a source of information.

5. OPERATIONAL SUPPORT. On occasion, AMCARBON-1 is used to carry out certain operational support tasks. In such instances, AMCARBON-1 makes his inquiries or carries out the required action within the context of his normal journalistic activities. The use of AMCARBON-1 for operational support tasks enables JMWAVE to harness the investigative facilities of the Identity 3. Several examples of how AMCARBON-1 has been used in operational support tasks are outlined below:

a. Andrew ORDONO Camps. In March 1963, Andrew *ORDONO Camps, DPOB 30 September 1914, Gibara, Cuba, A 12 837 617, arrived in Miami and was given routine CAC processing. The details of this processing are contained in MIAM-0085, dated 12 March 1963. After being released by CAC, ORDONO was interviewed by the Identity 3, and a sensational story was developed. In view of this story, JMWAVE tried to locate ORDONO for debriefing. This effort was not productive, thus AMCARBON-1 was asked to locate ORDONO. AMCARBON-1 did locate ORDONO in Houston, Texas. See WAVE-6307, dated 25 March 1963, for details.

b. Discrediting Carlos BANDIN of the MRR Splinter Group. In UFGW-2555, dated 13 September 1963, Headquarters suggested that JMWAVE might be able to discredit Carlos BANDIN Cruz (201-309611) of the MRR splinter group as a result of BANDIN's overinflated claims relative to his faction invading Cuba. Headquarters' interest in discrediting BANDIN was also stimulated by the fact that BANDIN's irresponsible publicity stunts were causing problems for AMBIDDY-1. As a result of Headquarters' interest in this matter, REUTEMAN had a luncheon session with AMCARBON-1 on 24 September 1963, at which AMCARBON-1 was advised that the BANDIN faction of the MRR was less than accurate in its claims relative to its activities in Cuba. In view of this, REUTEMAN suggested that the Identity 3 might want to soft peddle any future war communiques which the BANDIN faction might release. AMCARBON-1 stated that, in view of REUTEMAN's comments, the Identity 3 would not only soft peddle, but would ignore the BANDIN faction in the future. Once BANDIN was discredited with AMCARBON-1, the word was soon leaked by AMCARBON-1 to other newspapermen that BANDIN was not a reliable source. As a result of this action, the BANDIN group has received minimal media coverage in South Florida since September 1963.

6. OPERATIONAL INTELLIGENCE. In the period February 1963 to February 1964, AMCARBON-1 has furnished JMWAVE with operational intelligence as outlined below:

a. In WAVE 4836, dated 21 February 1963, AMCARBON-1 reported that AMBEND-1 was back in Miami and was the object of a great deal of press interest in view of AMBEND-1's release from a Havana prison. AMCARBON-1 also indicated that AMBEND-1 would probably be a knowledgeable source on the current activities of the UR in Cuba. This operational intelligence was most helpful in terms of keeping JMWAVE informed on AMBEND-1's movements. Subsequent developments revealed that AMCARBON-1 could not contact AMBEND-1, and thus AMBEND-1's return to the United States did not cause the publicity stir that was initially anticipated.

b. In WAVE 6176, dated 22 March 1963, AMCARBON-1 reported that the Identity 3 was attempting to research a full feature article on the Bay of Pigs invasion. The intent of this article was to furnish a recapitulation of the entire tactical situation. In this connection, AMCARBON-1 pointed out that he was

CONTINUATION OF
DISPATCH

S E C R E T

UFGA-14781

thinking about exposing the role of Miami attorney Alex E. ~~CARLSON~~, residing 145 Curtiss Parkway, Miami Springs, Florida, in the Bay of Pigs operation. AMCARBON-1 stated that, if CARLSON were of any current interest to REUTEMAN, then the Identity 3 would soft peddle the CARLSON angle. REUTEMAN advised AMCARBON-1 that he had no interest in CARLSON but knew of him and was of the opinion that CARLSON was a sound and honest attorney. The receipt of this operational intelligence enabled JMWAVE to brief CARLSON on the Identity 3's over-all interest in the role that CARLSON had played in the Bay of Pigs invasion. This briefing, in turn, enabled CARLSON to more adequately prepare himself for a meeting with AMCARBON-1. While AMCARBON-1 did attempt to pursue this Bay of Pigs story, he never did put anything into print as the story was overtaken by other developments before AMCARBON-1 could finish his research.

c. In WAVE 6904, dated 9 July 1963, AMCARBON-1 advised JMWAVE that Mr. Trevor ~~ARMBRISTER~~, an associate editor for the Saturday Evening Post, was in Miami during July 1963 attempting to research a story regarding the possibility that strategic missiles were hidden in Cuban caves. This information enabled JMWAVE to keep Headquarters informed on sensational-type articles which might be appearing relative to Soviet missiles in Cuba.

d. In WAVE 4701, dated 20 September 1963, AMCARBON-1 gave JMWAVE his resume of the discussions which he had with AMBIDDY-1 at the Miami Playboy Club on 19 September 1963. This information was useful in obtaining an insight into what AMBIDDY-1 was telling the press.

e. In WAVE 5661, dated 10 October 1963, AMCARBON-1 reported on a discussion that he had had on 10 October 1963 with AMBIDDY-1's public relations man. This operational intelligence was useful in terms of keeping KUBARK advised as to what AMBIDDY-1's representatives were telling the outside world about their operational activities.

f. In WAVE 6910, dated 31 October 1963, AMCARBON-1 informed JMWAVE about the flood of telephone calls which were being received at the Identity 3 relative to so-called KUBARK vessels which were located in South Florida waters. This information alerted JMWAVE to the fact that press scrutiny was going to be directed toward the Identity 5. Armed with this warning, JMWAVE was able to take action which minimized the publicity repercussions from a renewed press interest in the Identity 5.

g. In WAVE 7671, dated 16 November 1963, AMCARBON-1 reported to JMWAVE the fact that he had received a letter from Peru which contained an interesting operational lead to one Carlos MONTALVANO in Puno, Peru. This lead was examined by JMWAVE, Headquarters and the Lima Station. This examination revealed that the letter was written by a crackpot; thus, there was no real operational potential in this lead. This incident did underscore the fact that AMCARBON-1 is willing to bring potentially significant operational leads to JMWAVE's attention.

h. In WAVE 1614, dated 6 February 1964, AMCARBON-1 advised JMWAVE that he had received numerous telephone calls indicating that Armando Andres GUIROLA Forte, who had defected from a Cuban fishing vessel might be an individual who had previously been seen in Miami during November or December 1963. At the same time, AMCARBON-1 pointed out that he was suspicious and thought that these telephone calls indicated that GUIROLA was not a bona fide defector, but was either a GOC agent or a KUBARK plant, who was being used as a means of creating an incident which would embarrass the GOC, as a result of their fishing boats penetrating

United States territorial waters. REUTEMAN advised AMCARBON-1 that KUBARK had played no role in mounting a provocation operation against the GOC. At the same time, REUTEMAN pointed out that it was highly unlikely that GUIROLA was a GOC agent. As a result of this conversation, arrangements were made for JMWAVE to check out certain aspects of the GUIROLA story. At the same time, AMCARBON-1 was prevailed upon not to write a story which might lead the public to speculate on whether GUIROLA was an agent or a plant in a propaganda play designed to embarrass the GOC.

7. PROPAGANDA OUTLET. AMCARBON-1 has been used successfully, during the period covered by this report, as a propaganda outlet through which items of interest to KUBARK could be surfaced in the free world press. Examples of how AMCARBON-1 has been harnessed in this field are outlined below:

a. AMCRAB-1. The AMCRAB-1 defection story originally surfaced in the Miami area on 13 October 1963 via the Diario de las Americas, which played up an API release from Montevideo. The API Montevideo story highlighted AMCRAB-1's information relative to GOC activities in Uruguay. The story in the Diario de las Americas had an extremely limited impact on Spanish readers in the Miami area. As a result, it was decided to do a series of feature stories on AMCRAB-1, pointing up the fact that AMCRAB-1 was typical of the veterans of the Granma expedition, who felt they had been betrayed by CASTRO and had been relegated to positions of obscurity once the revolution had put CASTRO in power. AMCARBON-1 was briefed in detail on the AMCRAB-1 story, and he was given an opportunity to debrief AMCRAB-1 under controlled conditions in a JMWAVE safehouse. After completing his debriefing, AMCARBON-1 wrote a series of feature articles on AMCRAB-1. The first article in the series received front page headline play. The series of articles on AMCRAB-1 were well written, and they provided an excellent peg for JMWAVE to mount a replay operation via other propaganda assets. AMCARBON-1's story on AMCRAB-1 was picked up by UPI, API and others, and it was played throughout Latin America. The details of this surfacing can be found in WAVE 5826, dated 14 October 1963; WAVE 6092, dated 19 October 1963; and, WAVE 6174, dated 21 October 1963.

b. Charles GRIFFIN Shrimp Boat Story. On 26 February 1964, JMWAVE learned that when Mr. Charles GRIFFIN's sons went to Cuba to reclaim the hijacked shrimp boat, JOHNNY REB, they found that select items were missing from the boat when it was turned over to them. It was believed that this information would make a good human interest story which JMWAVE assets could use to counter GOC propaganda claims that United States officials had stolen items from the Cuban fishing boats which had violated United States territorial waters. In view of this opinion, a steering tip was given to AMCARBON-1 to have the Identity 3 representative in Key West interview Mr. GRIFFIN. This interview was carried out, and an article outlining the points which were of interest to JMWAVE was published in the 27 February 1964 edition of the Identity 3.

c. LAYC Story. The March 1964 LAYC meeting in Santiago, Chile, was not receiving appropriate coverage in the South Florida newspapers; as a result, REUTEMAN contacted AMCARBON-1 on 5 March 1964 and suggested that the LAYC meeting was a story which the Identity 3 should pursue. AMCARBON-1 was grateful for this steering tip, and he assigned the task of preparing the story on the LAYC to one of the members of his staff. A story on the LAYC was subsequently published in the 6 March 1964 edition of the Identity 3.

(COMMENT: Copies of the articles cited in subparagraphs a through c above are attached for Headquarters information.)

8. POSITIVE INTELLIGENCE. Attempts have been made to obtain disseminable positive intelligence from AMCARBON-1 during the period covered by this report. This attempt has been generally unsuccessful, in that AMCARBON-1 does not have a great number of contacts in Latin America who would give him access to worthwhile intelligence appreciably in advance of the information appearing in the overt press. As a result, AMCARBON-1 is usually not aware of inside developments in any Latin American country; consequently, he is not a worthwhile source of positive intelligence. As a matter of fact, AMCARBON-1 is less valuable as a source of positive intelligence than most journalists. This is attributable solely to his lack of long-standing contacts in the Latin American political scene. It is believed that AMCARBON-1 will ultimately overcome this shortcoming; thus, we will continue to attempt to harness him for the collection of positive intelligence.

9. COMMENT. In the period covered by this report, AMCARBON-1 has been found to be a straight-forward individual who is honest, cooperative and who understands the need for security. Our relationship also indicates that AMCARBON-1 is an accurate reporter of that information which he passes to KUBARK. In view of this, JMWAVE plans to continue to harness AMCARBON-1 in the same manner that he has been used in the past. It is believed that our relationship with AMCARBON-1 enhances our ability to conduct our operational mission in a secure manner. In addition, this relationship tends to minimize the possibility that JMWAVE might have difficulties with the media outlets in the South Florida area. As a result of our continuing relationship with AMCARBON-1, a special activities report will be forwarded at appropriate intervals.

10. It is requested that a 201 number be assigned AMCARBON-1 and that JMWAVE be advised of the number.

Latin Youth Group in Chile Organized by a Cuban Red

By DON BOHNING
Of Our Latin America Staff

A small, but significant Communist-dominated, Cuban-inspired Latin youth group convenes Monday in Santiago, Chile.

About 400 representatives of Latin American youth organizations, for the most part Communist oriented, are expected to attend the second Latin American Youth Congress.

It has an interesting anatomy. And whether by design or accident, both its timing and locale have political significance.

Chile is one of five Latin countries which still maintains diplomatic relations with Cuba. It also is considered the one most likely to vote itself Communist.

Presidential elections will be held in September, a leading contender is Salvador Allende, candidate of the Communist controlled Popular Action Front (FRAP). Allende lost by 35,000 votes in 1958 to outgoing president Jorge Alessandri.

A provincial election to name a national deputy will be held next week, a day after the Youth Congress closes. Outcome of the election may provide an indication of which way the country will go in September.

Principal organizer of the Youth Congress is a 35-to-40 year old Cuban Communist named Joaquin Mas Martinez. A U.S. official describes him as "one of the brainiest" of the Castro followers.

Mas stepped in last fall when the Congress, originally scheduled for July of 1963, faltered. Cuban exile groups claim he gets his instructions for the Congress directly from Moscow.

Mas, a former president of the School of Social Science at the University of Havana and now vice president of the University Student Federation, arrived in Chile in September.

He quickly organized the International Preparation Committee for the Congress. National preparation groups began to sprout up in other Latin countries at the same time.

Chilean authorities ordered him expelled several times as a "foreign agent." Each time Communist and Socialist party officials intervened in his behalf.

Mas left Chile Nov. 20 for Brazil, Bolivia and Venezuela where he conferred with other Communist leaders, then went on to Prague and Moscow.

He returned to Santiago Dec. 26. He was met at the

News Analysis

A January, 1963, preparatory meeting for the Second Congress nearly fizzled when the Cuban delegation was detained in Mexico on its way to Santiago. The Panamanian representative flew from Santiago to Mexico to confer with the Cubans, then returned to Chile and the meeting resumed. The July date was set, an agenda agreed on and the theme "Fight of the Young for Peace" was adopted.

In March, however, another "international" preparation meeting was held in Cuba,

attended only by Cuban youth representatives. Theme for the Congress was changed to read "For the Liberation of Latin America" and it took on a more "anti-imperialist" tone.

Nothing more was heard until mid-summer with little interest apparently being generated among Latin youth groups. The Congress was rescheduled for August and again didn't take place.

To salvage lost prestige, it was announced in late August the Congress would be held in

Santiago "in consideration of numerous petitions."

Since its inception, Cuban exile organizations in Miami have waged a heated propaganda campaign against the Congress.

A letter from a top Soviet youth official to Aldo Alvarez, leader of the Cuban National Preparation Committee for the Congress, was reproduced and circulated by the exiles. In it, specific instructions for organizing the Congress are outlined.

Exile groups have promised to send representatives to Santiago when the Congress convenes to "denounce the Communist effort to brainwash the youth of Latin America."

MIAMI HERALD
6 March 1964

country. This time Chilean Interior Minister Dr. Sotero del Rio intervened and Mas came back.

But for Mas, the Congress may not have come off.

It is an outgrowth of the first Latin American Youth Congress held in Cuba in 1960. It was there the "Cuba Si, Yankee no" theme was

1 JAN 63

to join a maritime expedition aimed against tanker traffic on the south coast of Cuba, with the further objective of seizing a Cuban frigate with the cooperation of its captain. Details were sent to Headquarters in WAVE-2749 of 22 December, in the hope that it might be possible to make a tentative identification of the naval officer involved.

7. On 25 December 1962 AM CUTLER-1 reported that he had been informed the day before by

[Pedro Luis] *DIAZ Lanz⁶ CIT: Cuba

had just approached him with the offer to sell him some weapons allegedly belonging to KUBARK which were stored on an unidentified key and valued at several thousand dollars. LOPEZ and CEIJAS told DIAZ that an armed raid on the key would have to be simulated so that suspicion would not fall on them, and that the raid would have to be pulled off on either the night of 25 December or 31 December, when one or the other of the men would be on guard duty at the key. DIAZ had turned down the offer. JMWAVE file checks showed that the two men were indeed of interest to KUBARK, and that AMTABBY Underwater Demolition Team was possibly involved. Appropriate defensive measures were immediately taken.

Production:

Sub. of 201-293665 with offer to sell him
WEAPONS belonging to U.S. Gov. Agency.

8. The following reports were disseminated during the period:

UFG-1955	"Reaction to Current Crisis within Cuba"
UFG-2098	"Possible Military Use of Caves near Trinidad, Las Villas"

Action Required: For Your Information

1. Following are the results of the debriefing of AMFAUNA-14 in the JMWAVE area from 22 November to 2 December 1963.
2. AMFAUNA-14 did not leave her apartment all day Sunday, 6 Oct. On Monday, 7 October, she went to work as usual. When she arrived, she found a letter waiting for her which had been forwarded to her office from her accommodation address; it was in AMFAUNA-1's handwriting and contained nothing of any interest, so she was sure there was a secret writing message on it.
3. At 1255 hours two men arrived at the office, one about 45 years old and short, who from his appearance might have been a bus driver, and the other a very young dark-skinned man. They walked into the office vestibule and told the guard that they wanted to see AMFAUNA-14. The guard came into the office to give AMFAUNA-14 the message, and the two men followed right behind. They told AMFAUNA-14 that she had to come with them to identify an arrested person. AMFAUNA-14 said that she would have to ask her supervisor for permission to leave, because it was not yet closing time. She turned to go back into the office, and the two men followed her in. The supervisor told her that it would be all right for her to go, but said that she should check in by phone if there were any difficulty. AMFAUNA-14's father and uncle, both of whom work in the same office, asked whether they could come with her. The men said no, because she would be coming right back; they said they were taking her to "G-2" headquarters in La Vibora.

name include HCSA-09896 of 23 April 1963 showing that one Maria CARCANO Arujo (born 7 December 1935) travelled to Chile in March and April 1963 on a diplomatic passport. An AMOT report of 27 September 1962 mentions one Antonia CARCANO Arujo as a communist in charge of vigilance, and living at 47 Artes St., Casablanca. There also appears to be a Maria ARAUJO (born about 1902) who is an old-time Communist living at Artes 47. AMFAUNA-1 has been given the names of several former residents of this neighborhood in hopes of finding a relative of the CARCANO or ARAUJO families whose physical description matches that of "Carlos." AMFAUNA-1 has also interviewed Col. VENTURA in the WAVE area. VENTURA remembers case similar to that of "Carlos" but does not remember the boy's name. He says that he seems to remember that the boy's father was connected with one Jose LOPEZ Villaboy (on whom WAVE has numerous traces) and that he was assisted in getting to Mexico by a Mexican diplomat named "Benjamin." *CIT: CUBA DEC. 5. AGENT DOB. 1939*

(c) Fnu lnu: This man appeared a few times during AMFAUNA-14's interrogation. She never heard his name at this time, but later saw him on television interrogating AMSIGH-2 and he was identified then as Jose Antonio FERNANDEZ Menert. She does not believe that this is his true name, because it is her understanding that DSE officers use aliases in their public appearances. He is about 5'11" tall, slender, with darkish skin and black hair combed straight back. He has very large green cold eyes. He was born about 1939 and appears to be uneducated, with a cynical and vulgar manner. He wears civilian clothes. *SEEN AT DSE HEADQUARTERS*

7. At about 1600 or 1700 hours on Tuesday, 8 October, AMFAUNA-14 was brought into ABAD's office for her first interview. ABAD began by asking if she knew why she was there. AMFAUNA-14 replied that she had no idea. ABAD observed that that was strange, because he had judged her to be an able and intelligent woman. *CIT: CUBA LIVERIA 201-332675*

8. Honestly believing that she might have been denounced by the jealous wife of her lover, Manuel COMPANIONI, AMFAUNA-14 suggested that it might be a personal matter. *CIT: CUBA 201-332675*

9. ABAD said that it was not. He then asked her if she knew one Luis Braulio VILLAR Negret. AMFAUNA-14 said that she did not. ABAD said that this was strange, because VILLAR Negret knew her. He asked if she knew one Angel BRINGAS. AMFAUNA-14 said that she did. ABAD asked why, if she knew BRINGAS, she would deny knowing his cousin NEGRET. *CIT: CUBA 201-332675*

10. AMFAUNA-14 said that she knew the man as Luis *NEGRET and had not recognized the name VILLAR Negret. *CIT: CUBA 201-332675*

11. ABAD told AMFAUNA-14 that NEGRET was then under detention and had implicated AMFAUNA-14 in his confession. ABAD wanted to know what AMFAUNA-14's connection with NEGRET had been. AMFAUNA-14 said that NEGRET had been in her house once, and once in her mother's. *CIT: CUBA 201-332675*

12. At this point in the interrogation, ABAD was called away and AMFAUNA-14 was returned to her cell. Two hours later the interrogation was resumed.

13. ABAD picked up where he had left off, and asked AMFAUNA-14 what connection she had had with Angel BRINGAS. AMFAUNA-14 said that she had known BRINGAS no better than she had known NEGRET. ABAD said that she was lying and urged that she cooperate. AMFAUNA-14 promised that she would cooperate. ABAD said that NEGRET had told the DSE that AMFAUNA-14 had had sexual relations with BRINGAS, and AMFAUNA-14 denied the allegation.

14. The interrogation was again interrupted, and AMFAUNA-14 was returned to her cell. When she returned to the interrogation room, she saw that ABAD had an envelope containing what she recognized to be papers taken from her apartment, including airline passenger manifests, deciphering material, instructions for using the deciphering material, and insurance policies and personal papers belonging to AMFAUNA-1. AMFAUNA-14 now realized that it was time for her to pretend to

CONFIDENTIAL - SECURITY INFORMATION

cooperate with the DSE, as AMFAUNA-1 had briefed her to do in such a situation.

15. ABAD began by telling her that she was in a very serious situation, because he knew that she had had very close connections with a KUBARK agent. ABAD asked whether AMFAUNA-1 was identical with "Julio." AMFAUNA-14 said that AMFAUNA-1 had been known as "Julio." ABAD then wanted to know whether NEGRET had been working with "Julio." AMFAUNA-14 denied this. ABAD asked whether NEGRET had known "Julio." AMFAUNA-14 denied this too, but volunteered the information that "Julio" had provided NEGRET with mail facilities, and that AMFAUNA-14 had been the cutout between them. Did NEGRET know of "Julio's" existence, ABAD wanted to know. AMFAUNA-14 said that he did not, that she had brought NEGRET mail and money which she had gotten from "Julio," and had picked mail up from him and delivered it to "Julio," but that NEGRET had never known "Julio's" identity.

16. The truth about AMFAUNA-14's relations with NEGRET and BRINGAS, according to her statements to her KUBARK case officer in November 1963 in the JMWAVE area, is as follows:

(a) In about mid-1962, AMCOG-2 asked AMFAUNA-14 to serve as cutout between herself and an unidentified agent, and AMFAUNA-14 agreed. AMFAUNA-14 was driven to the meeting site, which was on the sidewalk in front of a textile factory near Calle 100 in Marianao, by AMCOG-2's chauffeur, a Spaniard named "Segundo." This agent introduced himself to AMFAUNA-14 only as "El Negro", and AMFAUNA-14 described herself to him as an employee of an unidentified embassy. For contact purposes, "El Negro" gave her the telephone number 29-4900 or 20-4900.

(b) Later, when AMFAUNA-14 began to trust "El Negro" more, she gave him the telephone number of her mother. She learned that "El Negro's" true name was Luis Braulio VILLAR Negret, and that he lived in a small room in the rear of the textile factory. The telephone number which he had given her was always answered by a woman whose name she learned to be "Maximina."

(c) VILLAR Negret was born about 1928, and was about 5'11" tall with broad shoulders and a strong build. He had black wavy hair, brown eyes, an olive skin, and a face marked by acne. AMFAUNA-14 never learned anything about his family directly from him, but DSE officers told her that he was married with one child, and that his parents lived on a farm in Pinar del Rio Province. *RECEIVED INFC. BREN 201-32675*

(d) VILLAR Negret was a member of the Accion Revolucionaria Democratica, which AMFAUNA-14 understands to be a successor organization to the AAA of Aureliano SANCHEZ Arango. He had formerly belonged to an action component of this organization, but more recently had devoted himself to intelligence collection. AMFAUNA-14 brought him instructions and money from AMCOG-2, and picked up his intelligence reports which she delivered to AMCOG-2. She understands that AMCOG-2 sent these reports via diplomatic channels to Frank PAEZ in Miami, who in turn delivered them to an individual identified only as "El Negro." The last contact which AMFAUNA-14 had had with "El Negro" was in mid September 1963 when he passed her a report which he said concerned a missile base, and a book on Communist infiltration in Colombia. *RECEIVED INFC. BREN 201-32675*

(e) Once when "El Negro" was sick, he sent his cousin to meet with AMFAUNA-14. This cousin was Angel BRINGAS, an employee of an X-ray equipment company at 23rd and O. 14 Rampa, Vedado, telephone 78-5570. On various other subsequent occasions, BRINGAS filled in for "El Negro."

(f) According to what the DSE officers told her, "El Negro" was arrested about 1 October and was to be shot. AMFAUNA-14 asked her DSE interrogators whether it would not be possible to reindoctrinate "El Negro" instead of shoot him, but they told her that it was not worth the trouble because "El Negro" was a person of low morals who

APERTURE CARD REPRODUCTIONS

be shown to Angel BRINGAS when and if he is caught.

(g) On 12 or 13 October 1963, after AMFAUNA-14 had been released, she was telephoned at her place of employment by Angel BRINGAS who told her guardedly that "El Negro" had been arrested and said that he would like to send a female cousin of his to talk to AMFAUNA-14. A meeting was arranged in the home of AMFAUNA-14's mother. The female cousin, whose name was "Gladys", told AMFAUNA-14 that BRINGAS had gone into hiding and wondered whether "the family with which she worked" (the AMCOGS) could help him get into asylum. AMFAUNA-14 said that she doubted this. "Gladys" told AMFAUNA-14 that, in case it were possible to do anything for BRINGAS, she should telephone "Gladys" with an innocent message. It was understood that a meeting would take place at 1800 hours on the same day of the telephone call at the Ten Cent Store 23rd between 10th and 12th in Vedado. AMFAUNA-14 does not remember Gladys' telephone number which was left with her mother.

(h) In spite of what AMFAUNA-14 told the DSE, AMFAUNA-1 had had nothing to do with NEGRET. AMFAUNA-14 had told this story to protect AMCOG-2. NEGRET had known that AMCOG-2 was involved, and had once had a meeting with her in her home. Nevertheless, AMFAUNA-14 briefed AMCOG-2 on the cover story which she had told the DSE and told her that, in case she were ever arrested and questioned, she should admit having talked to NEGRET in her home, but deny having been involved in the communications channel or knowing anything about it.

Station Comment: Luis Braulio VILLAR Negret appears to be identical with Luis *NEGRE Villar (born 4 November 1930 in Consolacion del Sur, Pinar del Rio), who is carded as ACSI source No. 492 and appears in AMBUD correspondence as National Coordinator of the Accion Revolucionaria Democratica. "El Guajiro Bermudez" appears to be identical with Gerardo Jose *QUESADA Vasquez (201-292022) (born 9 May 1919, Pinar del Rio), President and founder of Accion Revolucionaria Democratica and ACSI source No. 128. There are no Station traces on Angel BRINGAS. The 1962 Havana telephone directory has no listing under 20-4900. 20-4900 is listed to Mariela *LAMARCA, Av. 38 #411, Marianao; JMWAVE has no traces on him. There is no listing under 70-5570. However, under 70-5579 there is the Cubana de Rayos X y Foto, S.A. Calle 23 #72, La Rampa.)

CUBA RE INFO. PROVIDED BY
301-332675

17. ABAD appeared to be particularly interested in how NEGRET and "Julio" obtained their funds, and kept returning to this subject during the interrogation.

18. ABAD then addressed himself to the contents of the envelope and a suitcase found in AMFAUNA-14's apartment. He commented that all these things appeared to belong to AMFAUNA-1 and his son, and asked how they happened to be there. AMFAUNA-14 replied that AMFAUNA-1 and his son, together with AMFAUNA-3, had been hiding for a few days in her apartment because their usual hiding place had become unavailable.

19. ABAD wanted to know how and when AMFAUNA-14 had first met AMFAUNA-1. AMFAUNA-14 replied that she had met AMFAUNA-1 in about February 1962, that AMFAUNA-1 had regularly parked his car in a lot near her office and that they had seen each other on the street frequently, that AMFAUNA-1 had finally spoken to her, and that a friendship had developed which finally turned into a love affair. (Comment: This was a lie told to conceal the fact that it had been AMCUTLER-2 who had introduced them.) She said that AMFAUNA-1 had been her lover until about July 1962 when she broke up with him because he was too busy with clandestine work to pay the proper amount of attention to her.

20. ABAD asked what part AMFAUNA-14 had played in AMFAUNA-1's clandestine activities. AMFAUNA-14 replied that AMFAUNA-1 would sometimes telephone her late at night to invite her to go out for a ride, and she would then find that AMFAUNA-1 was going out to have agent meetings and wanted her along for cover. ABAD asked whom AMFAUNA-1 had been meeting. AMFAUNA-14 mentioned a person known as "Gustavo" and

APPROPRIATE CARD REPRODUCTIONS

gave the physical description of AMFAUNA-24, whom she knew to be safely out of Cuba. (She never knew AMFAUNA-24's true name.) She also mentioned Manolo *VILLAMANAN, the true name of AMFAUNA-13 (whom she had known only as AMFAUNA-1's business partner but when she thought she could safely mention now that he was out of Cuba.) For good measure she added a notional name and physical description.

21. Referring back to AMFAUNA-1's automobile, ABAD asked what kind of a car he had driven. AMFAUNA-14 replied that it was a gray Chevrolet Impala. She repeated that AMFAUNA-1 had formerly parked it near her office, but said that she had not seen it recently. ABAD asked where AMFAUNA-1's red car was, and she said she did not know. He asked what the license number on this car was, and she said she did not know. He never asked anything about the third car which AMFAUNA-1 had obtained.

22. ABAD commented that the DSE had observed AMFAUNA-1 in his automobile in the Havana dock area on 1 January 1963, having a meeting with another person. (AMFAUNA-14 recalls that this other person was AMFAUNA-24, and that he and AMFAUNA-1 had rendezvoused in the dock area after an attempt to pick up AMFAUNA-1's radio.

23. With reference to the KUBARK agent known as "Julio", whom they had recently identified with AMFAUNA-1, ABAD said that he knew that "Julio" had left Cuba in October 1962 and believed that he had gone to Europe, but he said he did not know whether "Julio" had gone clandestinely or legally.

24. AMFAUNA-14 was asked about AMFAUNA-1's subsources in other provinces, but she said she knew nothing about them. ABAD said he was sure that AMFAUNA-1 had a good source on the Isle of Pines. Whose war name might be "Raul". ABAD also mentioned the name of a person who had been shot about two weeks previously and who he believed had been working with AMFAUNA-1. (AMFAUNA-14 does not remember the name of this person.)

25. ABAD asked if AMFAUNA-1's son had helped him in this clandestine work. AMFAUNA-14 replied that the son had been with AMFAUNA-1 frequently, but that she thought it was only because he was helping AMFAUNA-1 with his business and that the son probably had had nothing to do with clandestine work.

26. ABAD again turned to the envelope of papers found in AMFAUNA-14's apartment, and said he could see she was not cooperating with him. She was not volunteering information, he said, but waiting to be asked questions. ABAD said he was sure that there was much that AMFAUNA-14 could tell him spontaneously, and he intimated that there might be a chance for her to rehabilitate herself.

27. ABAD asked her where the passenger lists came from. AMFAUNA-14 replied that they had been left in her apartment by AMFAUNA-1, who intended to instruct her later by SW what to do with them. She said that AMFAUNA-1 had trained her in this system, and had left her his materials, so that he could use her as a stop-gap communications link while he was trying to reorganize his net.

28. ABAD told her that this was plainly not true, because some of the lists were dated later than AMFAUNA-1's departure date. He said he supposed they had been brought to AMFAUNA-14's apartment by AMFAUNA-2, who had been observed coming there on 5 October with Lolita CORREOSO. (This was true, according to AMFAUNA-14. AMFAUNA-2 and Lolita CORREOSO had brought the passenger manifests to AMFAUNA-14's house at about 1630 or 1700 hours on 5 October, and had stayed about fifteen minutes. At 1400 hours that same day, AMFAUNA-14 had had a meeting with AMFAUNA-39, the first in two weeks, initiated by AMFAUNA-39 by means of a telephone call to AMFAUNA-1's mother who was serving as cutout between them. AMFAUNA-39 had called the meeting to ask whether she had received any instructions from AMFAUNA-1 as to how to act in case of an internal uprising, which a number of people in Cuba seemed to be expecting about that time as a result of the destruction caused by Hurricane Flora.

APPROPRIATE AGENCY - INFORMATION

(The DSE interrogators never at any time mentioned AMFAUNA-39, or asked her about this earlier meeting, so AMFAUNA-14 concludes that she had not been under intensive surveillance that day; either AM CUTLER-2 had been under surveillance on 5 October, or she herself had been under some kind of periodic spot check.)

29. ABAD asked AMFAUNA-14 how she had become acquainted with AM CUTLER-2, and AMFAUNA-14 replied that she had met AM CUTLER-2 through AMFAUNA-15, the wife of a cousin of AMFAUNA-14 who is a prisoner on the Isle of Pines.

30. ABAD then asked AMFAUNA-14 where her SW materials were, which surprised AMFAUNA-14 because she had thought they had been found during her house search and were part of the incriminating envelope which ABAD was holding. AMFAUNA-14 told ABAD where to look for the materials, and he sent somebody to get them.

31. ABAD wanted to know how AMFAUNA-1 and AMFAUNA-3 had gotten out of Cuba. AMFAUNA-14 said she did not know. She said she understood they were to get their instruction on the street once they had left her apartment.

32. ABAD abruptly asked AMFAUNA-14 whether she knew anybody in Luyano. AMFAUNA-14 said she did not. ABAD then produced a photograph of AMFAUNA-14 together with AMFAUNA-1 and AMWEE-2 and told her that she had been in AMWEE-2's home in Luyano with AMFAUNA-1 on Saturday, 7 September. He asked AMFAUNA-14 whether AMWEE-2 were employed in an embassy. AMFAUNA-14 said she did not know but that she thought so. She said she knew AMWEE-2 to be a personal friend of AMFAUNA-1, and thought that he might occasionally have helped AMFAUNA-1 with his mail. (It was true that AMFAUNA-14 had gone to AMWEE-2's house on 7 September with AMFAUNA-1. Later the same day AMFAUNA-1 took her to Miramar to introduce her to AMFAUNA-39. Because the DSE never expressed any interest in AMFAUNA-39, AMFAUNA-14 concluded that they had not observed this meeting, and that therefore it had been AMWEE-2 who had been under surveillance on 7 September and not herself or AMFAUNA-1. She also concluded that the DSE had been inefficient in not transferring their surveillance to herself and AMFAUNA-1.)

33. ABAD again changed the subject suddenly. "Where is the radio?" he asked. "Could AMWEE-2 have it?" AMFAUNA-14 said she did not know anything about a radio. "Where is the camera?" asked ABAD. AMFAUNA-14 admitted having seen AMFAUNA-1 with a Minox camera, but said she did not know what AMFAUNA-1 had done with it. She said she had hoped that AMFAUNA-1 would leave it with her, and pretended to be hurt that he had not done so. ABAD asked her whether she had ever seen one like it in the AMCOG house, and AMFAUNA-14 said that she had. Throughout the interrogation, ABAD kept reverting to the subject of the camera and the radio.

34. ABAD asked AMFAUNA-14 what her connection was with the AMCOG family. She replied that her grandmother was the cousin of AMCOG-3's mother. ABAD said that the whole family had been under observation for a long time, and mentioned an organization (name not remembered by AMFAUNA-14) which AMCOG-2 had worked with during the Batista era. What, he wanted to know, was AMCOG-3 doing. AMFAUNA-14 said that she did not think he was doing anything clandestine. ABAD replied that the DSE was positive that AMCOG-3 was doing secret work. AMFAUNA-14 said that the DSE should not delude itself, that the entire family was too selfish to engage in anything of the kind.

35. ABAD asked what the diplomatic visitors to the AMCOG household talk about. AMFAUNA-14 said that they never talk politics. ABAD asked about the attitude of "the Doctor" (AMCOG-3's uncle), and AMFAUNA-14 said that he was waiting for the situation to settle.

36. "What about AMFAUNA-3?" asked ABAD. "Did she work with AMFAUNA-1?" AMFAUNA-14 said that she did not, but that she sometimes gave him information. ABAD wanted to know whether AMFAUNA-3 had been working with some one in Florida. AMFAUNA-14 answered that AMFAUNA-3

AMFAUNA-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50-51-52-53-54-55-56-57-58-59-60-61-62-63-64-65-66-67-68-69-70-71-72-73-74-75-76-77-78-79-80-81-82-83-84-85-86-87-88-89-90-91-92-93-94-95-96-97-98-99-100

7/1/74

DISPATCH

S E C R E T

UFGA-12894

had been involved somehow with her sister who lives in Florida. ABAD asked whether AMFAUNA-14 had been a good friend of AMFAUNA-3, and she said that she had been. ABAD asked whether AMFAUNA-14 had ever heard AMFAUNA-3 speak about the Escambray insurgents. AMFAUNA-14 said that she had not. ABAD asked whether AMFAUNA-3 had had contacts with any embassy people, for example the Spanish Embassy. AMFAUNA-14 said that she did not know of any such contacts.

37. "How about AM CUTLER-27?" asked ABAD. "We know that she spends a lot of time there." AMFAUNA-14 said she did not know.

38. ABAD asked AMFAUNA-14 if she were a revolutionary. AMFAUNA-14 said that she was not, but that neither was she against the revolution. She said that she had joined the militia early in the revolution, but had soon dropped out because there were some things about the revolution which she did not understand. For instance, she could not understand why there should be so many shortages and rationing, whereas before the revolution there had been plenty. ABAD explained that the shortages were the result of the imperialist blockade of Cuba. AMFAUNA-14 said that she could understand this, but that it did not explain why there should be a shortage of coffee when Cuba grew its own. ABAD said that coffee was in short supply because Cuba was sending coffee to the Soviet Union in gratitude for Soviet assistance in overcoming shortages caused by the imperialist blockade. AMFAUNA-14 replied that this was very logical now that it had been explained to her, and said she wondered why the revolutionary government did not publicly say so in order to put an end to public grumbling on the subject.

39. Early in the morning of 9 October, ABAD produced the letter which AMFAUNA-14 received from AMFAUNA-1 on 7 October and held up the letter to the light, examining it carefully for traces of SW. AMFAUNA-14's developer pills were brought, and she was told to develop the letter which she did in the presence of ABAD, "Carlos," and a third man whom she was unable to get a good look at. All were very surprised and disappointed when no secret writing appeared. They kept asking her if she were sure she was doing it right, and began intimating that she was deceiving them. (Station Comment: It is indeed surprising that no secret writing appeared, because this letter was almost undoubtedly the one containing SW message no. 1 to AMFAUNA-14.)

40. AMFAUNA-14 also explained the use of her carbons. The only accommodation address she gave away was AMFAUNA-1's JMWAVE area post office box. She deliberately protected the (Rosa JUSTIZ) address (the home of AMPAN-2), not knowing whether this was a real or a fictitious person. *QA 24*

41. "Carlos" and ABAD now invited AMFAUNA-14 to work with them. She replied that she might be willing to do so, but first wanted to know what work would be expected of her. For instance, she said, she would not inform on people in her office. They told her that this would not be asked of her, because that sort of work is done by the Defense Committees. Her work, they said, would be much more important, namely maintaining a link between themselves and KUBARK. She said that would be all right, but she was afraid that it would not last long because KUBARK would probably put her on ice as soon as they learned that she had been arrested. They told her not to worry about that.

42. "Carlos" and ABAD suggested to her that AMFAUNA-1 had briefed her to agree to cooperate with them. She denied this, claiming that she had not really wanted to work with AMFAUNA-1 at all, but had merely let herself be imposed on for old times sake. They asked whether they could trust her. She said she thought so, and asked whether she could trust them to keep their promises. They assured her that she could, and said she would be released the following day.

43. In the morning of 10 October, after being told that she was to be released, AMFAUNA-14 was moved to a smaller cell without a bath. She sent for ABAD and complained that he had double-crossed her. He told

REPRODUCTION CARD

1/PV

CONTINUATION OF DISPATCH	CLASSIFICATION S E C R E T	DISPATCH SYMBOL AND NUMBER UFGA-12894
-----------------------------	-----------------------------------	--

her that he was going to keep his word and release her, but that her original cell was needed for some new prisoners who were expected. He said that the DSE had received advance word that a boatload of refugees were going to try to leave Cuba that night. Many of them were women, and one of these was pregnant, so he wanted the larger cell with bath for them.

44. ABAD always treated AMFAUNA-14 kindly and considerately. When she had a headache, he ordered aspirin for her. He saw to it that she received soft drinks when she wanted them, and he seemed to be honestly distressed whenever she wept. AMFAUNA-14 believes that it had been the DSE's intention from the very beginning to recruit her, because she doubts that all DSE prisoners are treated as well.

45. The first SW message which AMFAUNA-14 wrote while under DSE control was dated 10 October, the day of her release. The DSE officers asked her what her control signal was, and she replied that it was a rubric, but also included her true control signal. She deliberately numbered her first controlled SW message no. 2, to conceal the fact that she had already written several messages containing intelligence reports.

46. In all she wrote three SW messages under control. She was obliged to write each one in duplicate, one of which was mailed and the other given to the DSE for study. One day "Carlos" came to her very angrily, said he doubted that her carbons were anything more than ordinary paper because he had been unable to develop anything that she had written, and threatened her with rearrest. AMFAUNA-14 told him that she did not know anything about it, but that if by chance he had tried to develop the letters she had written with the pills he had taken from her, it would not work. This surprised "Carlos," and AMFAUNA-14 explained that there were two different SW systems, one for outgoing mail and the other for incoming. "Carlos" then asked her if there were any significance to the size of envelope used, or to the way the letter paper was folded. AMFAUNA-14 said she did not think so. AMFAUNA-14 feels that "Carlos" and ABAD never completely believed that she had an SW system, because none of the letters which she received disclosed SW when developed, and none of the letters which she wrote showed any traces of SW when held up to glancing light.

47. "Carlos" was the DSE officer who maintained contact with AMFAUNA-14 after her release. For two or three weeks he saw her every day at her apartment, sometimes for only twenty minutes, and sometimes staying for several hours, frequently late at night. Occasionally he called her at her office. Finally AMFAUNA-14 told him that she had to get up early in the morning to go to work, and asked him to visit her early in the evening, which he agreed to do. At the time of the intercepted AMGLOSSY landing in Pinar del Rio, "Carlos" did not visit AMFAUNA-14 for five days. When he finally returned, he was dirty, sweaty and tired. He dictated an SW letter he wanted AMFAUNA-14 to send to KUBARK, and while she was writing it he fell asleep.

48. AMFAUNA-14 had to prepare written reports for him, which she signed with the pseudonym "Dolores." He told her never to call him at DSE headquarters, because he was never there. Once he brought her a book on Marxism to read, and promised to take her someday to visit a collective farm in Pinar del Rio Province.

49. Despite his occasional efforts to get her to pick up the threads of the AMFAUNA net, AMFAUNA-14 believes that the primary target she was intended to work against was the AMCOG household. From remarks made by both ABAD and "Carlos", she deduced that they already had an informer in the house, but that they were not satisfied with his production. Toward the end of her period of DSE-controlled activity, she felt that the DSE was becoming relatively less interested in AMFAUNA-1 and his net, and more in the AMCOG household.

50. They asked her about one Vicente LAGO, who is a regular guest at the AMCOG house and who seems to be particularly interesting to them.

They also wanted to know what diplomats visit the AMCOGs. When she mentioned the Liberian Consul (Tomás QUESADA), they exclaimed and said they were very interested in him, and asked whether she could arrange invitations to his house. Other diplomatic personnel AMFAUNA-14 mentioned as visitors to the AMCOG house were Wanda FOSCHINI (the wife of an Italian diplomat), Marie BOISSEvain (the wife of the Dutch Ambassador), Braslian Ambassador Luis EBASTIAN Pinto, a female secretary of the United Arab Republic Embassy, and wife of a former Japanese Ambassador. Fortunately, during the four weeks following AMFAUNA-14's release from DSE custody, no diplomats visited the AMCOG house. *and from RE visits to 201-294718 house hold*

51. With the knowledge and encouragement of the DSE, AMFAUNA-14 visited the AMCOG house nearly every day. Her first visit took place at noon on 11 October and she stayed until about 1800 hours, during which time she told AMCOG-3 the entire story. He listened and took a few notes, but kept most of the story in his memory. He encouraged and calmed AMFAUNA-14, told her to follow DSE instructions to the letter, and assured her that KUBARK would send her instructions.

52. AMFAUNA-14's immediate preoccupations were AM CUTLER-2 and AMWEE-2 (whom she knew to be blown to the DSE as KUBARK agents), AMFAUNA-39 (who was not yet identified but had her telephone number and might call her at any moment with damaging results to himself), and the possible arrival of SW messages from KUBARK naming other agent personnel.

53. On 11 October, the day after her release, AMFAUNA-14 sent a message to AM CUTLER-2 via AMFAUNA-18 and the mother of Manolo VILLAMANAN, warning her that she had been arrested. She also asked AMCOG-2 to send a warning to AMWEE-2. *201-321164 being identified by DSE*

54. On 13 or 14 October, AMCOG-2 went to the home of Albertina O'FARRILL where she met Wanda FOSCHINI whom she asked merely to warn AMWEE-2 that the DSE had AMWEE-2 identified. Two or three days later, Wanda FOSCHINI reported back to AMCOG-2 that AMWEE-2 evidently was not taking the warning seriously. By this time, however, AMFAUNA-14 was sure that AMWEE-2 knew that something was wrong, because he had telephoned AMFAUNA-1's mother asking for "Soledad" and had been told that "Soledad" was unknown. (Regarding Albertina O'FARRILL'S knowledge of these developments, AMFAUNA-14 believes that she probably knew nothing more than that AMFAUNA-14 had been arrested and then released.) *201-332675*

55. On 13 October AMFAUNA-14 sent a warning telephone call to AMFAUNA-39. She dialled (20-6192) and told the woman who answered "Please tell Manolo that Soledad called and that he should not telephone me because I am going to be out of Havana and will call him when I return." AMFAUNA-14 is not sure now whether AMCOG-3, whom she consulted on the best way to do this, had noted the telephone number. *201-332675*

56. Another person to whom AMFAUNA-14 sent a warning was her lover Manuel COMPANIONI whose warnname is Alejandro. Unbeknownst to AMCOG-3, she sent a message to (COMPANIONI) via AMCOG-3's chauffeur telling him to stay away from her but asking him to telephone her occasionally. *201-332675 being arrested and released*

57. On 20 October when she arrived home from work, AMFAUNA-14 found "Carlos" waiting downstairs for her. Trying to divert his attention from the mail box, she invited him to come right in, but he asked her why she did not open her mail box first. She did so and found two letters from AMFAUNA-1, dated 19 and 25 September. They both contained veiled references to names like "Carmina" (AM CUTLER-2), "Edgardo," (AMFAUNA-27), "El Grande" (AMFAUNA-25), and "Igor" (AMWEE-2). One of them instructed AMFAUNA-14 to have "Carmina" introduce her to "Edgardo" and the other intimated that "Igor" had something for her.

58. "Carlos" ordered her to develop these letters, and she did so. No secret writing appeared, which did not surprise AMFAUNA-14 because the letters themselves contained instructions for her, but it did

REPRODUCTION

13/74

surprise "Carlos" who again began to accuse AMFAUNA-14 of double-crossing him. AMFAUNA-14 explained the absence of SW by saying that KUBARK was probably testing its communications channels and waiting for things to quiet down before sending messages.

59. "Carlos" then told AMFAUNA-14 to get in touch with AMWEE-2 and get the package which he was holding for her. She telephoned AMWEE-2 from her office and said she wanted to see him. AMWEE-2 agreed to a meeting, but stipulated that it be after 1700 hours and in his office. AMFAUNA-14 reported this conversation to "Carlos" who told her to proceed with the meeting.

60. AMWEE-2 took AMFAUNA-14 into a small room, where she quickly explained the situation (she felt she should not spend much time in AMWEE-2's office because she was afraid the DSE had her under surveillance; this was confirmed later when "Carlos" asked her casually how much time she had spent in AMWEE-2's office, apparently trying to catch her out in a lie). AMWEE-2 seemed surprised and worried, and told her to take care of herself. She told AMWEE-2 that the reason the DSE had wanted her to meet with him was to pick up a package which they believed he was holding for her. AMWEE-2 replied that he was no longer in a position to receive or send packages, because the diplomat with whom he had been cooperating had been declared persona non grata.

61. "Carlos" also told AMFAUNA-14 to contact AMCUTLER-2 to arrange the introduction to "Edgardo." AMFAUNA-14 telephoned AMCUTLER-2's number, expecting to be told that AMCUTLER-2 was not there, and was very surprised when AMCUTLER-2 herself came to the telephone. AMFAUNA-14 told AMCUTLER-2 that she wanted to see her, but AMCUTLER-2 said she had a bad case of asthma and could not see anybody. AMFAUNA-14 reported this conversation to "Carlos."

62. AMFAUNA-14 decided that AMCUTLER-2 had either not received or had not understood the warning message sent to her, so she sent AMCUTLER-2 two more oral messages via AMFAUNA-15 and one via Lolita FORMOSO, explicitly advising her to hide or take asylum.

63. "Carlos" continued to press AMFAUNA-14 to see AMCUTLER-2, and AMCUTLER-2 showed no signs of heeding AMFAUNA-14's warnings. AMFAUNA-14 therefore sent one more message, this time a written one, via Lolita FORMOSO saying that she really must see AMCUTLER-2 in the latter's home for the purpose of coordinating cover stories. AMCUTLER-2 then paid a visit to the home of Lolita FORMOSO to pass the message that she agreed to the meeting.

64. On 3 November, with the knowledge of "Carlos," AMFAUNA-14 went to AMCUTLER-2's house. "Carlos" briefed her to obtain an introduction to "Edgardo", to find out where AMCUTLER-2's coffee shops were located, and to find out whether AMCUTLER-1 was a close friend of Eloy GUTIERREZ Menoyo.

65. AMCUTLER-2 told AMFAUNA-14 to tell the DSE that AMCUTLER-1 was not a close friend of GUTIERREZ Menoyo. She said to add that she was very angry with AMCUTLER-1 and thinking of divorcing him.

66. AMFAUNA-14 and AMCUTLER-2 devised the following cover stories for the protection of the source of the airline passenger manifests (AMFAUNA-18, whom AMFAUNA-14 does not know) and of "Edgardo" (AMFAUNA-27, whom AMFAUNA-14 does not know):

(a) Before leaving Cuba, AMFAUNA-1 had asked AMCUTLER-2 to look out for his mother, and to pass on to AMFAUNA-14 anything that might come addressed to "Betty." One day a colored woman called at AMCUTLER-2's coffee shop on Calle San Rafael with a package addressed to "Betty". The coffee shop employees had thought that the package was intended for an employee whose name is "Ketti" and had given it to her, but she said it was not hers, and there matters rested until one day when AMCUTLER-2 visited the coffee shop and was told about the incident. She told her employees that she knew who the package was intended for, and took it away with her.

NOT RECORDED

(b) AMCUTLER-2 had received a letter from AMFAUNA-1 dated 18 October saying that she would receive a visit from a person known to her who would introduce himself as "Edgardo", and asking her to introduce "Edgardo" to AMFAUNA-14. This person has not yet arrived, and AMCUTLER-2 does not know who he is.

67. AMCUTLER-2 agreed to stick to these stories in case she is interrogated, and to brief "Ketti" to support the coffee shop story. She also told AMFAUNA-14 she had decided to go into hiding immediately. AMFAUNA-14 asked her not to do it so soon after her visit, but AMCUTLER-2 said that AMFAUNA-14 should provide her with cover by telling the DSE that AMCUTLER-2 had spoken of taking a holiday at Varadero.

68. Making her report to "Carlos" after this meeting, AMFAUNA-14 told these cover stories as though they had just been revealed to her by AMCUTLER-2.

69. A fourth letter arrived from AMFAUNA-1, consisting of two pages of overt text. AMFAUNA-14 was sure that it contained SW because of the banalities in the cover letter. Before turning it over to "Carlos" she took it to AMCOG-3 who had somebody make a literal copy of it and then destroyed the original. AMFAUNA-14 turned the copy over to "Carlos" who had her develop it, and was again disappointed and angry when no SW showed up. (Station comment: this letter had contained SW number groups for OWVL reception.)

70. On or about 10 November 1963, AMFAUNA-14 prepared a written report for the DSE on the visitors to the AMCOG household. This report was actually dictated by AMCOG-3 to AMFAUNA-14 who took it down on the typewriter. She then made a handwritten copy of the report to turn in to the DSE, keeping the typewritten copy for self-briefing. She brought the typewritten copy out with her. Following is a literal translation:

a. (Dr.) Ernesto *MARTI and his wife Lolita: I do not know them very well. All I can say about them is what I have heard, that they are old friends of the family, and that the doctor took a trip to Mexico with AMCOG-3's uncle after the latter's election.

b. Sr. Pedro *CARRILLO and his wife Margot: He is a brother of Justo *CARRILLO and has been a friend of the family for a long time. They sympathize with the Revolution in some aspects, but their daughter (who I think is engaged to the son of AMCOG-2) left Cuba for exile, and this caused them to change. I do not know why their daughter had to take asylum.

c. (Dr.) Oscar *PINA and his wife Margarita: Within the family she has the nickname "Petite." He is a judge. Until very recently he was neutral, but now it seems that they have loaded him with work and he is in a very bad mood because I believe he has the work of eight cases. She does not sympathize much with the Revolution. They have no children, but almost all of her family is abroad which I think is her principal reason for being discontented.

d. Sra. Nenita de *CARAMES: She is the wife of Inu CARAMES, the former Chief of Police of Havana. She has a daughter by him whom she brings to lunch every Sunday, and she is also caring for a son of CARAMES who is insane and in an asylum. I do not believe that at the moment she is on good terms with her husband who is abroad, and therefore she is neither against nor in favor. Actually I believe she is afraid that the situation will change and her husband will return.

e. Sr. Fernando *STEFFANI: An elderly gentleman who is the father of an intimate friend of AMCOG-2, who out of pity has given him a standing invitation for every Sunday. To be sure, the poor fellow is rather tiresome.

APPROPRIATE CARRILLO CARRILLO

f. Elsa DIAZ Biart: Her family has been friendly with the AMCOG family for many years. They were school friends. She has a sister abroad and a brother who is in prison. Her father and mother seldom come to the house. A sister of hers is a doctor of some farm. All she does is obtain medicines for the prisoners, thereby causing a lot of trouble for AMCOG-2, AMCOG-3 and the old man.

g. Joaquin SANCHEZ and his wife Sara: (According to what I have heard, he is a travelling salesman for some laboratory.) His wife is the sister of the wife of the old man's two nephews, Pancho and AMCOG-3 (sic). I have also heard that she is always trying to get medicine for her son who, from what I have heard, is abnormal.

h. Dr. Maria Dolores SANCHEZ Pessino: She lost both her father and mother when she was thirteen years old, and the AMCOG family took her in as an adopted daughter. The old man paid for her education. She is like a daughter to him, and like a sister to the nephew and niece. She works in the emergency hospital. She is not openly opposed to the regime, but nevertheless the separation from her brother and her relatives has greatly affected her.

i. (Dr.) Vicente LAGO and his wife Maria Julia: His brother Roberto LAGO, who died some years ago, was Pola's first husband. They have two sons abroad. From what I have heard, he devotes himself exclusively to his profession, and it is she who is most upset by the separation from her children.

j. Mercedes VALDES Chacon: A case very similar to that of STEPPANI, except that she is a woman who is a very good friend of K. AMCOG-2's husband, and is in the same situation with her relatives abroad. She is just one more of the many refugees in search of warmth and friendship, with no friends left in Cuba.

k. Julio BRAVO: A long-time friend of Pancho, all his family is abroad. He is another case of warmth and friendship, he uses the swimming pool a lot, he is alone, I have even seen him cutting trees with AMCOG-3, a typical case of an unhappy man, in the afternoons he plays chess with the old man, and I have never heard him say anything bad about anybody, not even about the situation, the only thing - as is natural - he misses his daughters and his wife.

l. Raquel CASAGRAN: The widow of the Director of Culture in the Grau Government, Jesus CASAGRAN, and sister of Raul LAZARO who was military aide to both Grau and Prío. She is very highly regarded by the family. I have never heard her express herself in any way against the Government; I would call her neutral.

m. Olga CRECENTE: Former wife of Jose Maria de la Aguilera, she comes to the house with her two daughters and her mother who is a cousin of Sra. Paulina. AMCOG-2 helped her a lot in hiding her husband during the Batista tyranny. I have also heard that AMCOG-3 helped her with her divorce. Apparently she does not sympathize with the Revolution, although I believe that it is out of spite against her husband. Her mother's name is Leopoldina SANCHEZ Vda. de Crecente, and her nickname is Munga.

n. Hilda REO: Cousin of Armando REO who is a close friend of Frank PAEZ and of Jose GUERO the husband of Polita. She is another case of family warmth, because after all her family had left she came to the house in search of friendship. She has wanted to leave Cuba many times, but was never able to. This is her principal obsession and that of her mother as well. She has been coming to the house a lot for the past three years, and has become a very good friend of the family. Although in reality it was her cousin who was a better friend

o. Rosendo SACIO and Sra. Leopoldina FANEZ: This couple has two children who are really hers from her first marriage, Manolito and Lourdes. He has a cleaning shop in Havana, and I know that she has known Pola well for many years because she was her guitar teacher.

before she married J. AGUERO. Politically speaking, she follows the Grau line. She is more or less neutral, and devotes herself to her teaching work. He devotes himself exclusively to his work.

p. Manuel *COMPANIONI and his wife Alicia: They have been acquaintances of AMCOG-2 and AMCOG-3 for many years, although it was not a close friendship, rather a friendship of Montmartre, Tropicana, etc. A daughter of theirs is abroad. He too was a very good friend of Armando FEO who used to be a friend of the family, and now in the course of time they have become closer friends of the family. In other words it is another case of friendship caused by being abandoned by others. He has a small deodorant factory in the same house where they live. They both have their mothers here.

q. Jack *CONNILL and his wife Marina: His mother has been a very good friend of the family for many years, and she was a school friend of the two nieces of the old man. This couple have always been friends of the family, the more so now that so many of their friends have left Cuba.

71. AMFAUNA-14 turned this report over to "Carlos" on 11 or 12 November. At this meeting he asked her to try to make contact with AMFAUNA-3's brother who he said had been transferred to a hospital in Las Villas. AMFAUNA-14 said she would try, but thought it would be difficult. This was the last time she saw "Carlos." He telephoned her again on 16 November to ask what was new, and this was their last telephone contact.

72. When AMFAUNA-14 arrived at AMCOG-3's house at about 2000 hours on 15 November 1963 for the regular Friday night supper, he took her aside and said he wanted to speak to her privately later. At about 2330 hours she went to his room. There he told her that he had received orders that she was to leave Cuba the following week. He said that precise instructions were to come on 16 and 17 November, so he made a lunch date with her for Sunday noon at his house.

73. AMFAUNA-14 was frightened by this. She did not sleep well Friday or Saturday nights, and spent Saturday in her home.

74. Sunday afternoon in AMCOG-3's house, AMCOG-3 told her that she was to leave the following day. She said that she did not want to. AMCOG-3 responded that this was an order. He said that the DSE would probably arrest her again soon, and for her own safety and that of others she must leave. He added that there were others who were to leave too, whose departure had been made conditional upon her own.

75. AMFAUNA-14 asked whether AMCUTLER-2 were one of these other people who were to leave too, and AMCOG-3 replied that she was. AMFAUNA-14 told him that she thought AMCUTLER-2 would not agree to leave. AMCOG-3 said that he thought she would because the orders had been couched in very strong terms.

76. He then showed her the instructions, both for herself and for AMCUTLER-2. He had her type her instructions on a piece of paper, and then memorize them.

77. Then AMCOG-3 gave AMFAUNA-14 the following verbal messages to deliver when she reached JMWAVE:

(a) A colonel fnu LANDEIRA, a tank expert who had been in the Cuban Army under GRAU and PRIO, is a prisoner on a farm in Havana Province. He is given three days off per week to go home. His wife knows in advance when he will be coming out. AMCOG-3 does not know the wife, but has indirect contact to her. AMCOG-3 says the man is honest and intelligent and a real soldier, and if we want him out AMCOG-3 can arrange it.

(b) As of about 1800 hours on 17 November, a young man who had infiltrated into Cuba and had been hiding at the home of Israel (PADILLA),

APPROPRIATE CARD REPRODUCTIONS

DISPATCH

SECRET

UFGA-12894

had been moved to a new hiding place. AMCOG-3 was considering trying to help the young man into asylum in the Uruguayan Embassy through a certain ^(Pepin) whose identity is not known to AMFAUNA-14 but who she thinks is an Uruguayan attache.

06
(c) AMCOG-3 is out of one-time pads and needs a resupply.

(d) It is very possible that AMCOG-3 may be able to obtain and forward a copy of AMFAUNA-14 DSE dossier.

78. On Monday morning, 18 November, AMFAUNA-14 dressed as she had been instructed, and stuffed a pair of slacks and sneakers into the straw handbag which she had been told to carry. At 1300 hours she left her office and proceeded on foot to the corner of Atares and Arango in Reparto Luyano, arriving there at 1400 hours. Here she exceeded her instructions, waiting for AMCOG-2 not five minutes but fifteen. She then walked very slowly toward Calzada Luyano, hoping that AMCOG-2 might overtake her. This consumed another ten minutes, and by the time she reached the Calzada Luyano it was too late for her to walk the remainder of the distance, so she took a taxi.

79. AMFAUNA-14 discharged the taxi one block before the Parque de la Virgen del Camino and walked the rest of the way. She went to the shrine where she prayed for a few minutes, and then sat on a bench from which she could see the whole park.

80. At 1510 hours a 1954 Buick taxi arrived at the park. The driver stayed in the car, and two men - a colored man and a fair-haired man - got out and walked around for about ten minutes. Finally they approached her and gave the challenge, to which she gave the correct response. One of the men then said simply "Follow me". They took her back to the taxi and put her in the back seat with one of the men, the other two riding in front.

81. They headed out of the city. When they reached the Carretera de Varadero, one of the men asked her politely if she would mind keeping her eyes directed down toward the floor and not look out the window. She rode this way for about two hours. By then it was dark, and she was told she could look up again. She took advantage of the opportunity to change into her slacks and sneakers.

82. Finally the car stopped, and she and her two escorts got out. They walked a long time. At one point, whistle signals were exchanged with someone in the darkness, and two other men appeared, one of whom was AMCOG-2. AMFAUNA-14 and AMCOG-2 greeted each other politely, but pretended not to know each other.

83. They did a lot more walking and joined up with another man, who turned out to be the radio man. He had a lot of equipment with him, and AMFAUNA-14 and AMCOG-2 helped to carry it.

84. They now reached the mangrove and began to walk through water. At one point their guide became briefly lost, but found his way again almost immediately. When they came to the open water, one of the guides went forward and signalled. The boat came in in response to the signal. AMFAUNA-14, AMCOG-2, and the radio man walked out into knee-deep water and climbed into the boat, which already had a crew of two.

85. The boat proceeded out to an unidentified key. The crew concealed it in the mangrove, cleverly lacing and tying branches together over it to form a camouflage cover. There they went to sleep.

86. The following day, 19 November, was spent at this spot. A radio message was received during the day. At night the boat put out for Cayo Megano. The waves were enormous, and AMFAUNA-14 was terribly seasick. The boat remained at the rendezvous point until 1045 hours, with AMFAUNA-14 pleading for the crew to return to land, saying she would rather be shot than remain so seasick. Finally the crew did put back, saying that the ship probably would not come because the sea was

RECEIVED 11/20/64

5/12/64

87. Wednesday, 20 November, was spent on the same key. A very long radio message was received during the day. AMFAUNA-14 and AMWEB-2 both helped the radio man to decipher it, and their combined efforts took about three hours. Then they put out again for the Cayo Megano rendezvous point. By this time their drinking water was all gone. The boat was overloaded, so much of the food and equipment was left behind on the key. Again no ship appeared. This time, instead of returning to their original hiding place, the crew took the boat to Cayo Mosquito.

88. Here they spent the remainder of the night, and all of Thursday, 21 November. Their water was gone, there was very little food left, and there was only enough gasoline left for one more one-way trip out to the rendezvous point. At 1400 hours on 21 November another radio message was received. With the combined efforts of the radio man, AMFAUNA-14 and AMWEB-2, it took between two and three hours to decipher it. Everybody was very optimistic; they were all sure that they would be picked up that night.

89. Promptly at 2300 hours the ship was seen approaching. The boat put out immediately, and its passengers were taken aboard the ship. AMFAUNA-14 was taken into the sick bay where she was given a pill, a little water, and somewhat later some warm broth.

90. From the moment she stepped into the boat on 18 November, until she was hauled out by the armpits on 21 November, AMFAUNA-14 never left the boat. Her side and legs were bruised from the pounding of the waves against the boat. A little blood vessel in her right eye was broken by a twig snapping in her face as she walked through the mangrove. This was treated by the ship's doctor.

91. AMFAUNA-14 says that the AMHICK team performed very well. The pickup in the park was done excellently. The slight delay while they looked her over, she says, was due to the fact that the men had expected another woman to be with her, and they were waiting a few minutes in case the other woman should show up. The AMHICK team said that they had also been briefed that she would be wearing her hair in a bun. She had not been briefed accordingly, and she was wearing her hair down her back in a pony tail. This discrepancy did not cause any confusion, because every other item of the visual recognition signals tallied perfectly, and the AMHICK team were well briefed on all of them.

92. AMFAUNA-14 was impressed by the precise timing of the team's movements, by the fact that everybody was where he was supposed to be at the time indicated. She expressed admiration for their seamanship, and their ability to pick out one spot of mangrove from another in the pitch darkness.

93. She says that, during these trying days, the team members were always in calm control of the situation, and never failing in their courtesy to her.

94. Regarding AMCUTLER-2, AMFAUNA-14 is sure that the exfiltration instructions reached her. They were taken, she said, by Lolita FORMOSO who had been standing by for them from Friday to Sunday. What Lolita did with them, AMFAUNA-14 does not know. She knows that we had suggested that Lolita take them to AMFAUNA-1's mother, but she also knows that we had indicated to AMCOG-3 that AMFAUNA-1's mother might be under surveillance, so she thinks Lolita might have taken them directly to AMCUTLER-2. In any case, she knows that messages sent previously by AMCOG-3 to AMCUTLER-2 reached the latter, and she sees no reason to assume that these instructions did not.

95. It does not surprise AMFAUNA-14 that AMCUTLER-2 did not follow the orders. AMCUTLER-2, she says, plays her own game with little consideration for others. Between the time that AMFAUNA-1 left Cuba on 11 September, and the time that AMFAUNA-14 was arrested on 7 October, AMCUTLER-2 had visited AMFAUNA-14's apartment twice. On both occasions,

CONTINUATION OF
DISPATCHCLASSIFICATION
S E C R E T

DISPATCH SYMBOL AND NUMBER

UFGA-12894

AMFAUNA-14 had asked her to remove the suitcase that AMFAUNA-1 had left behind, but on both occasions AM CUTLER-2 had found some excuse not to do so. When AMFAUNA-14 visited AM CUTLER-2 in her home in Guanabacoa on 3 November for the purpose of coordinating their cover stories, AM CUTLER-2 did not seem very interested in coordinating stories or anything else. AMFAUNA-14 believes that AM CUTLER-2 may be working for ~~the Second Front~~ of the Second Front of the Escambray, because her very close friend Lolín *CORREOSO is the fiancée of Hipólito *LARRAURI who was a collector for this organization. Among other reasons possibly keeping AM CUTLER-2 in Cuba, AMFAUNA-14 says that AM CUTLER-2's mother is sick with cancer, and there may be something wrong between AM CUTLER-1 and AM CUTLER-2.

96. AMFAUNA-14 also had her reasons for not wanting to leave Cuba. Besides the dangers of the trip, she would be leaving her mother and father in a dangerous position, because the DSE had forced her to sign a confession implicating them. While she appears to be trying not to be overly critical of AM CUTLER-2, she has commented that AM CUTLER-2 knows far more members of the AMFAUNA net than she herself does, so that the reasons requiring the exfiltration of AMFAUNA-14 should be even more compelling for AM CUTLER-2.

2 MARCH 61

TO: Director of Special Investigations
Inspector General
USAF
Attention: Mr. Gilbert R. Levy

FROM: Deputy Director, Plans

SUBJECTS: LING Lindsey
WEINER Heinz Theodor

1. Reference is made to the telephone request dated 24 February 1961, of Major Malone for information concerning Lindsey LING and Heinz Theodor WEINER. The files contain the following information concerning the subjects of your request.

2. According to information from an official Portuguese service, LING was contacted in late August 1960 in Santa Maria, the Azores, by Eloy GUTIERREZ Manoyo, a Cuban National, and Rafal (probably Rafael) HERNANDEZ, a Cuban diplomat. In 1958 and 1959, GUTIERREZ was reliably reported, by other sources, to have been a military supporter of Fidel CASTRO's revolution and to be employed by CASTRO possibly as a G-2 agent. In August 1959 he had infiltrated the ranks of certain anti-CASTRO conspirators and delivered the leaders up to the Cuban Government.

3. The Portuguese service further reported in September 1960 that Lindsey LING, aka LING Lind Sey, was the manager of a Chinese restaurant located at rua Valverde 9, Madrid, Spain, and that the restaurant was owned by a second (unidentified) Chinese, who was also supplying clothing to the United States personnel at the Lajes Base in the Azores. Theodor Heinz WEINER, who had represented the clothing firm in the Azores, was reportedly arrested there in December 1958 on a suspicion of espionage, and was, as of September 1960, reportedly in Bermuda, where LING was planning to go to investigate setting up another restaurant.

4. The files contain no further information concerning Subjects than that which is already believed to be contained in your files.

SOURCE Cuban national, residing in the US.

Source is a personal and political friend of former President Carlos Prío Socarras and held positions of Cabinet rank during Prío's administration. [Source is normally available for reinterrogation should this report generate additional requirements.]

[This report was developed by an Army representative assigned to the office of preparation.]

1. I have been informed by contacts within pro-Fidel Castro groups that Castro agents in the US are attempting to determine whether there are any military training camps in Cuba, their exact location and the type of operation of the camps. I have determined that there are no such camps in Cuba.
2. I have been informed by contacts within pro-Fidel Castro groups that there is a suspected person being named Américo Nunez, former aide to the late Guillermo Giese, who was a former employee of the Jose Martí International Airport. Nunez is the brother of Rebel Army Captain Angel Banos, who arrived in the US with Gutierrez Menoyo, Jesus Dieguez and Eva Gutierrez, not further identified.

FBI

The attention of our Paris section has been directed to the actual conversations that took place in Paris and the responsibility that is being placed on Mr. J. Edgar Hoover obtained. This additional information is being furnished to you immediately upon its receipt.
Federal Bureau of Investigation
U. S. Department of Justice
Washington, D. C.

Dear Mr. Hoover:

With reference to your letter of 11 June 1947 requesting information on policy matters discussed by Foster and certain members of the Central Committee of the French Communist Party in Paris, I should like to summarize the action taken by this organization on Foster's trip. All stations on Foster's itinerary were alerted during the British Empire Conference with emphasis placed upon Foster's contacts and the content of his conversations with foreign Communist officials at Paris, Belgrade, and Prague.

The first reaction from Paris reported Foster's meeting with Thorez and Duclos on 7 March and a planned meeting for the next day with other members of the Central Committee (this information was distributed to you in DB-1658 on 4 April 1947). No adequate follow-up on this original report was subsequently produced -- a fact to be accounted for primarily by the hesitation of the Surete Nationale, for political reasons, to give Foster's visit adequate investigative attention (as reported to you in DB-1777 of 1 July 1947).

Information on the policy matters discussed at this meeting, however, was included in a report from M.I.6, Section V, in May (copy enclosed herewith). Although the source of this report did not know precisely what happened at this meeting "because great secrecy was observed," he mentioned several specific topics allegedly under discussion. This report was not forwarded to you since it was assumed the report was handed directly to your London representative by the British.

[illegible]

015040

2/17/21

COUNTRY : Italy/Yugoslavia/France/Gt. Britain/USA
 SUBJECT : William Zebulon FOSTER
 ORIGIN : (London) 15-1
 DATE OF INFO : As stated
 DATE : May 15, 1947

On 15.3.47, our representative in (Rome) ¹⁵⁻⁹ reported that FOSTER had arrived there on 14.3.47. for a stay of a few days.

On 1.4.47., we heard from (Belgrade) ¹⁵⁻²⁴ that according to local press reports of 25.3.47., FOSTER had left Yugoslavia on 24.3.47. No details were given regarding his destination, but the press report mentioned that he had been accompanied by Tim BUCK, Leader of the Labour Progressive Party of Canada.

A report dated 1.4.47 from (Paris) ¹⁵⁻⁴ stated that after the British Communist Party Congress in London, several important delegates had arrived in Paris among whom were William Z. FOSTER, Tim BUCK, LAHAUT, Chief of the Belgian Communist Party, who had not been in London, and who arrived direct from Brussels, and Harry POLLITT. At the same time several Communist delegates who had been present at the W.I.D.P. Congress in Prague, had also arrived in Paris, including Nina POPOVA, the U.S.S.R. delegate, as well as delegates from Greece, Brazil, Cuba, and the Viet-Nam. Our source, however, does not know names of any except those mentioned.

Several meetings were held at the Headquarters of the Central Committee of the French Communist Party at 44, rue Le Peletier. At one of these meetings the following were known to have been present:- William FOSTER, Tim BUCK, Dolores IBARRURI, Nina POPOVA, Maurice THOREZ, Andre MARTY, Jacques SUCLOS, LAUVAIS, CACHIN, BERLIOZ, FRACHON, MONMUSSEAU, RAJON, Robert PETIT, and also George WILLIAMS & MICHAÏLOV, Comintern Delegate.

* John PITMAN, Paris correspondent of the American 'Daily Worker' had acted as interpreter. Although our source does not know much of what happened at this meeting because great secrecy was observed, he states that the meeting was concerned with uniting of world democratic forces against international reaction. In this connection, the French Communist leaders are said to have very much regretted the difficulty of bringing about the union between the American Federation of Labour, and the Congress of Industrial Organizations in the U.S.A.

ENCL. 1

SECRET

SECRET

"Jacques DUCLOS made a special report emphasizing that this was one of the most important tasks to be carried out by the Communists within the C.I.O.

"Besides the above, the question of Greece and Turkey was discussed, notably the question of boycotting of war materials sent to those countries.

"Finally, the different speakers spoke of the necessity of defending the U.S.S.R. by all possible means.

"Andre MARTY is said to have specially dealt with the question of labour in the colonies, emphasizing the necessity of bringing about unity of action among the blacks, throughout the African Continent, e. g., in French, British and Belgian possessions.

"The above, according to our source, were the principal points which had been studied during the various meetings of Communist chiefs in Paris.

"We understand that all other details about FOSTER's arrival and departure from this country have already been passed to you by M. I. 5."

REPORT NO. HM-5348

SUBJECT Jose Xavier CORTES Hernandez

DATE OF REPORT 16 December 1960

NO. OF PAGES 1

REFERENCES HM-5321

DATE OF INFO. 8 December 1960

PLACE & DATE ACQ. Mexico, Mexico City (8 December 1960)

SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE. NOTE FOREGOING EXPLANATION.

SOURCE: Person with good connections in the Cuban Embassy (B). Appraisal of Content: 2

1. On 8 December 1960 Jose Xavier CORTES Hernandez, who represents himself as a priest, told Jose Antonio PORTUONDO Valdor, Cuban Ambassador to Mexico, that he had information that "the thing they were working on" had gotten underway and had produced a tremendous reaction in Cuba.² He said that a friend, who is Roman Catholic but very liberal, had returned from a visit to Cuba, where he said the Knights of Columbus were pretty well entrenched. For this reason, CORTES said he felt it would be necessary to "take the bull by the horns" and begin things or the Knights of Columbus would gain the advantage.
2. PORTUONDO said that the bombing of the church of Father BOZA in Cuba had definitely been an act of "auto-aggression" and was clumsily done. He said a red flag with hammer and sickle was found in the debris. PORTUONDO told CORTES that Carlos OLIVARES, Under-secretary of Foreign Affairs, had not said anything, but, since he, PORTUONDO, was going to Cuba at the end of December, he believed that OLIVARES would wait until his visit.³
3. CORTES said that he would like to go to Cuba and see for himself how things were going.

Field Comments

1. According to an untested source in the Roman Catholic Church, CORTES Hernandez was never a priest. It was previously reported that Atisbos, Mexico City newspaper, had reported that CORTES was a Catholic priest and a member of the Jesuit order until 1950 when he left the order because of his "rebellious and anarchic spirit".
2. It is believed that CORTES Hernandez, who belongs to a schismatic Catholic church, called the Mexican Apostolic Catholic Church, is interested in establishing a schismatic church in Cuba.
3. Source Comment. PORTUONDO's remark about OLIVARES came after he and CORTES had been discussing German Lence, Castrista priest who has been stopped by episcopal sanction from his ministry in Oriente province.

RYBAT TYPIC AMFAUNA-25

REF DIR 03559

C/S COMMENT: PRE EXFILTRATION OF AMFAUNA-25
FROM CUBA.

1 Dec 63 IN 70957

1. BELIEVE IT CURRENTLY APPROPRIATE REVIEW AMFAUNA-25 SITUATION WITHIN FRAMEWORK THOSE DEVELOPMENTS WHICH HAVE TAKEN PLACE SINCE REF FORWARDED. SUGGEST SIGNIFICANT DEVELOPMENTS ARE:

A. WAVE ACTION RESULTED EXFILTRATION AMFAUNA-14 AND THUS DIRECT THREAT SECURITY AMFAUNA-35, AMFAUNA-39, BERNARDO (ALVAREZ) MON AND EDUARDO VEGA HAS BEEN ELIMINATED AS INITIAL DEBRIEFING AMFAUNA-14 REVEALS THESE AGENTS NOT KNOWN DSE. WILL ATTEMPT CONFIRM THIS INITIAL DEBRIEFING CONCLUSION VIA FLUTTER EXAM. IT APPEARS HOWEVER THAT OUR REMEDIAL ACTION HAS NOT ONLY AVERTED POSSIBLE FLAP BUT HAS KEPT VIABLE ASSETS IN PLACE.

B. WAVE ATTEMPTS EXFIL ARICUTLER-2 WERE NOT PRODUCTIVE BECAUSE ARICUTLER-2 REFUSED LEAVE CUBA WHEN WE OFFERED HE. THIS OPPORTUNITY. THIS DUE FACT HER MOTHER SERIOUSLY ILL. REMOVAL ARICUTLER-2 FROM CUBA STILL REMAINS PRIORITY TASK AS AMFAUNA-14 DEBRIEFING CONFIRMS WAVE'S PREVIOUS ANALYSIS THAT ARICUTLER-2 IS PRIME CANDIDATE FOR IMMEDIATE ARREST. HER ARREST WOULD LEAD TO ARREST AMFAUNA'S 4, 10, 15, 18, 19, 25, 26, 27, 29, 30, 31, 32, 36, 37 AND 38. WAVE INTENDS MAKE MAXIMUM

IN 7075 PAGE 2

EFFORT AVOID THIS TYPE FLAP IF AT ALL POSSIBLE. THIS EFFORT HOWEVER CAN ONLY BE SUCCESSFUL IF WE ACT IN TIMELY AND IMAGINATIVE MANNER. IT WAVE OPINION THIS IS NOT TIME AWAIT DEVELOPMENTS WITH STOICISM BUT IT IS TIME INFLUENCE DEVELOPMENTS VIA SOUND ACTION. THUS DESPITE ANCUTLER-2 INITIAL REFUSAL LEAVE CUBA PROPOSE CONTINUE ATTEMPTS EXFIL HER ALTHOUGH THIS PROBLEM CURRENTLY COMPLICATED BY FACT WE HAVE NO DIRECT CONTACT WITH ANCUTLER-2 AND DO NOT KNOW WHERE SHE LOCATED AS SHE HAS GONE INTO HIDING AND HAS CUT TIES WITH NORMAL COMMO CHANNELS. WAVE TRYING IDENTIFY A-2 HIDING PLACE IN ORDER MAKE ANOTHER ATTEMPT EXFIL HER BUT THIS TIME CONSUMING FRUSTRATING EFFORT WHICH HOLDS NO IMMEDIATE PROSPECT OF SUCCESS. SUGGEST THEREFORE FATE OTHER AMFAUNA ASSETS CANNOT BE ALLOWED DEPEND SOLELY ON THIS SINGLE EFFORT. HAVE THEREFORE REVIEWED EACH AMFAUNA ASSET WHO WOULD BE COMPROMISED BY ARREST ANCUTLER-2 AND HAVE CONSIDERED HOW WE COULD ATTEMPT SAVE INDIVIDUALS INVOLVED.

2. WITHIN CONTEXT OVER-ALL REVIEW BELIEVE FOLLOWING FACTORS ARE GERMANE TO AMFAUNA-25 SITUATION.

A. THERE NO DIRECT SECURE COMMO BETWEEN WAVE AND AMFAUNA-25 AT THIS TIME. COMMO LINK WAS ANCUTLER-2 TO AMFAUNA-27 TO AMFAUNA-25. SINCE ANCUTLER-2 OUT OF TOUCH THERE NO REPEAT NO WAY SECURELY FIND OUT DETAILS A-25 CURRENT SITUATION OR FOR A-25 TO COMMUNICATE WITH WAVE.

B. CUBA HAS STATE-CONTROLLED ECONOMY AND A-25 EMPLOYED INSURANCE CONTROL OFFICE CUBAN FINANCE MINISTRY THIS HE CAN

CLASSIFIED MESSAGE

TRAVEL ABROAD ONLY ON GOVERNMENT BUSINESS. VIEW AND HAVE CURRENCY SHORTAGE SO NOT LIKELY LET A-25 TRAVEL ABROAD UNDER ANY CIRCUMSTANCES WHICH REQUIRE EXPENDITURE GOV FUNDS. A-25 HAS NO KNOWN RELATIVES OR FRIENDS OUTSIDE CUBA WHO COULD FIND HIS TRAVEL ABROAD THUS IT UNREALISTIC ASSUME A-25 COULD HIMSELF ARRANGE LEGAL DEPARTURE CUBA. A-25 MUST BE HELPED IN ARRANGING LEGAL DEPARTURE AND THIS HELP CAN ONLY COME FROM KUDAR. DO NOT KNOW IF THIS HELP WILL BE EFFECTIVE BUT BELIEVE IT MUST BE OFFERED I.F. WE MUST ATTEMPT ARRANGE EXPENSE PAID INVITATION FOR A-25 VISIT LONDON DISCUSS CUBAN INSURANCE PROBLEMS WITH MINET GO LONDON. LEAD TIME INVOLVED ARRANGING SUCH TRAVEL QUITE LENGTHY AND IF THIS APPROACH IS TO HAVE ANY CHANCE FOR SUCCESS IT MUST BE INITIATED WITHOUT FURTHER DELAY. BELIEVE THIS TRAVEL CAN ONLY BE LAID ON WITH ⁰¹(SMOTH) KNOWLEDGE AND CONCURRENCE. SEE NO HARM PER SE IN DISCUSSING A-25 EXFIL OP WITH ⁰¹(SMOTH). THEY WILL SAY YES OR NO. IF ANSWER IS NO WE HAVE HONESTLY AND IN GOOD CONSCIENCE EXHAUSTED ALL LEGAL MEANS ARRANGE A-25 EXFIL. IF ANSWER IS YES ⁰¹(SMOTH) WILL HAVE WITTINGLY AGREED ASSIST IN OP AND WILL BE AWARE PITFALLS IF ANY WHICH COULD CREATE EMBARRASSMENT. RE THIS POINT WAVE SEES NO FLAP POTENTIAL IN LEGAL EXFIL.

C. ONCE A-25 ARRIVES LOND HE WOULD BE DEBRIEFED IN DETAIL IN ATTEMPT CLARIFY ISSUES OF HIS OWN FIRES AND INTEL KNOWLEDGEABILITY. THIS EFFORT SHOULD PRODUCE INTERESTING INTEL AS A-25 OBVIOUSLY KNOWLEDGEABLE RE CUBAN FINANCE MINISTRY.

SECRET

CLASSIFIED MESSAGE

SECRET

IN 10521 PAGE 4

IN MILITIA OFFICER AND CIS COLLABORATOR WHO FURNISHED COVER FOR ONE OR MORE CIS STAFF EMPLOYEES HAVANA AND IS ALSO TARGETTED BY CIS AGAINST BRITISH CANADIAN EMBASSIES HAVANA. THESE FACTORS PLUS A-25 CLOSE ASSOCIATION CHE GUEVARA SHOULD PRODUCE INFO FROM LOND DEBRIEFING WHICH WOULD GIVE KUBARK CURRENT INSIGHT INTO SEVERAL AREAS WHERE TOP LEVEL INTEL LACKING. RECOGNIZING FACT THAT A-25 IS OPPORTUNIST SEE NO REASON BELIEVES HE WOULD NOT FURNISH THIS INFO ONCE HE MADE AWARE OF REALITIES WHICH COULD AFFECT HIS SECURITY IF AMCUTLER-2 ARRESTED.

C. IF A-25 COMES LOND AND AMCUTLER-2 EXFIL ARRANGED PRIOR EXPIRATION A-25'S TRAVEL TIME THEN SERIOUS CONSIDERATION WOULD HAVE TO BE GIVEN TO KEEPING A-25 IN PLACE IN CUBA IF HE BONA FIDE. BELIEVE THERE NO QUESTION BUT THAT A-25, IF HE KUBARK CONTROLLED AGENT WITH ACCESS COMMO CHANNEL, COULD BE SIGNIFICANT REPORTING ASSET DUE HIS POSITION AND IMPLIED INTEL ACCESS AS OUTLINED PARA B-C. IN THIS SITUATION TIME EFFORT EXPENDED TRYING A-25 LOND WOULD BE SOUND INVESTMENT AS IT SHOULD CLARIFY A-25 BONA FIDES AND IF HE BONA FIDE WOULD ENABLE US SEND TRAINED AGENT BACK TO TARGET AREA WITH COMMO. THERE CURRENTLY NO KNOWN SECURITY FACTORS MITIGATING AGAINST THIS ONCE AMCUTLER-2 OUT OF CUBA.

1. VIEW ABOVE RECOMMEND HQS EXPEDITE POA FOR (PETER NINET)⁰⁶ AND HAVE LOND DISCUSS A-25 TRAVEL TO BRITAIN WITH (SMOIN)⁰¹ COMWEST. IF THIS DISCUSSION FAVORABLE THEN LOND SHOULD PROCEED RECRUIT (NINET)⁰⁶ AND HAVE HIM ATTEMPT ARRANGE A-25 TRAVEL. HIGH REPEAT THAT SPEED IN HANDLING THIS PROPOSAL NOT ONLY ESSENTIAL BUT IS CRITICAL FACTOR ON WHICH SUCCESS OR FAILURE OF THIS MANEUVER DEPENDS. PLS ADVISE.

BERUEN ZPRIMA

REF: DIR 22213

1. RECENTLY CONCLUDED EOS REVIEW OF ZPRIMA PROGRAM SHOWS THAT KUEARK EFFORTS HAVE NOT ACHIEVED ANY SIGNIFICANT RESULTS AND CONTINUATION OF PROGRAM AS SUCH NO LONGER WARRANTED. MAIN REASON FOR KUEARK FAILURE IS THAT CUBAN TECHNICIAN RECRUITING PROGRAM HAS BEEN MISERABLE FAILURE WHEN MEASURED AGAINST FIDEL'S ORIGINAL OBJECTIVE OF 2000 TECHS FROM WESTERN EUROPE ALONE. THOUGH OUR FIGURES NOT COMPLETE, WE ESTIMATE PROBABLY LESS THAN FIFTY CANDIDATES HAVE RECEIVED CONTRACT APPROVAL AND WE ABLE CONFIRM ABOUT TEN WHO HAVE ACTUALLY MADE IT TO THE ISLAND. KUEARK SUCCEEDED IN INSERTING ABOUT THIRTY RECRUITED TECHS INTO THE VARIOUS HIRING CHANNELS, BUT SO FAR ONLY TWO HAVE RECEIVED CONTRACT APPROVAL FROM HAVA.

2. CUBAN FAILURE TO RECRUIT IN SIGNIFICANT NUMBERS APPEARS DUE LARGELY TO RELUCTANCE FOREIGN MINISTRY AND FOREIGN SERVICE OFFICERS PURSUE TECH RECRUITING MISSION AGGRESSIVELY, BUREAUCRATIC INCOMPETENCE IN HAVANA, FEAR OF INFILTRATION OF HOSTILE AGENTS

AND PROBABLE LOSS OF INTEREST IN THE PROGRAM ON PART OF CASTRO HIMSELF. THESE FACTORS WHICH EMERGE FROM OUR STUDY OF THE CUBAN PERFORMANCE ACCOUNT FOR LACK OF RESPONSE FROM EMBASSIES TO APPLICATIONS, LONG DELAY IN GETTING WORD BACK FROM HAVANA AND SMALL NUMBER OF TECHS ULTIMATELY HIRED. LONG TIME LAG BETWEEN INITIAL APPLICATION AND ULTIMATE APPROVAL FROM HAVA, WHICH RUNS SIX TO NINE MONTHS, HAS COST CUBANS NUMBER OF TECHS WHO WERE INITIALLY EAGER BUT SUBSEQUENTLY LOST INTEREST OR TOOK OTHER JOBS.

3. IN FACE OF FOREGOING WE DO NOT BELIEVE IT WORTHWHILE TO CONTINUE INTENSIVE SEARCH FOR ZEPHYRA CANDIDATES FOR INSERTION INTO CUBAN HIRING CHANNEL. ^{WISE STRESS} STATIONS WITH ACTIVE LEADS SHOULD STAY WITH THEM IN THE HOPE THEY MAY STILL BE HIRED, BUT CEASE EFFORTS TO GENERATE LEADS FROM SCRATCH. ON OTHER HAND, THERE ARE FAIR NUMBER NON BLOC TECHS IN CUBA AND IT LIKELY CUBANS WILL CONTINUE TO HIRE NEEDED TECHS ON LIMITED SELECTIVE BASIS AS THEY DID PRIOR TO ZEPHYRA PROGRAM. STATIONS THEREFORE ARE URGED TO CONTINUE BE ALERT FOR SUCH OPPORTUNITIES AND TO EXPLOIT THEM IN SAME MANNER AS ALL OTHER OPPORTUNITIES TO PLACE RESIDENT AGENTS IN CUBA.

IN THIS CONNECTION WE NOTE THAT MOST PERUMAN OFFICIALS RESPONSIBLE FOR RECRUITING TECHS TEND TO RELY HEAVILY ON LOCAL CP STAMP OF APPROVAL OR OTHER STRONG INDICATION THAT CANDIDATE IS POLITICALLY ACCEPTABLE. LACKING THIS THEY MAY EITHER IGNORE THE APPLICATION OR REJECT IT.

4. RESPONSE OF MOST STATIONS IN IMPLEMENTING ZEPHYRUS HAS BEEN MOST GRATIFYING. WE PROVIDED CUBANS WITH GOOD NUMBER HIGHLY QUALIFIED ENGINEERS AND TECHNICIANS WHICH THEY FOR REASONS CITED UNABLE OR UNWILLING TO ACCEPT. KUDARK HAS MADE A RESPECTABLE EFFORT TO EXPLOIT THIS OPPORTUNITY AND FACT THAT WE HAVE NOT ACHIEVED SIGNIFICANT RESULTS IS MERELY REFLECTION CUBAN CONFUSION AND INEPTITUDE WITH RESULTANT FAILURE ACHIEVE THEIR OWN GOALS.

5. DISCONTINUE USE ZEPHYRUS SLOG AND FILE 200-120-67.
